PROPOSAL FOR BOARD ACTION: CONSENT AGENDA

Public School Academy Board of Directors: Method of Selection, Appointment, and Removal

Project Description:

After reviewing the exigent appointment process, the Center for Charter Schools believes that this process cannot adequately protect the University Board from a situation where an academy governing board and the educational service provider simultaneously resign. The challenges in recruiting, interviewing and appointing a new board (or at least three members who could meet as a quorum), and have the new board contract with a new educational service provider, is time consuming and cannot be accomplished quickly. Accordingly, the Center recommends that the University Board charter contracts include a revision to a provision regarding the appointment of a conservator/manager on a temporary basis to address situations such as the en masse resignation of an academy governing board.

The conservator/manager would have all the powers and duties of the academy’s governing board and would function in the board’s place upon appointment. The conservator/manager would be designated by the University President or his or her designee upon consultation with the University Board Chair. The current conservator/manager provision required the action of the full University Board to appoint a conservator/manager. In order for this change to occur, the University Board’s Method of Selection, Appointment and Removal Policy must be amended.

PROPOSED RESOLUTION: CONSENT AGENDA

Public School Academy Board of Directors: Method of Selection, Appointment, and Removal

BE IT RESOLVED, That the policy titled Public School Academy Board of Directors: Method of Selection, Appointment, and Removal as amended and dated February 15, 2018, is adopted and replaces the Public School Academy Board of Directors: Method of Selection, Appointment and Removal approved and dated December 7, 2006, July 12, 2007 and July 14, 2011; and Be it further

Public School Academy Board of Directors: Method of Selection, Appointment and Removal

The Central Michigan University Board of Trustees declares that the method of selection, length of term, and number of board members shall be as follows.

Method of Selection and Appointment

The Central Michigan University Board of Trustees ("University Board") shall prescribe the method of appointment for members of an academy's board of directors. The director of the charter schools office is authorized to develop and administer an academy board selection and appointment process that includes an *Application for Public School Academy Board Appointment* and is in accord with these policies:

- a. The University Board shall appoint the initial and subsequent academy board of directors by resolution, except as prescribed by subparagraphs d and e. The director of the charter schools office shall recommend qualified individuals to the University Board, and ensure that the board of directors includes representation from the local community where the academy is located.
- b. The academy board of directors, by resolution and majority vote, shall nominate its subsequent members, except as provided otherwise. The academy board of directors shall recommend to the director of the charter schools office at least one nominee for each vacancy. Nominees shall submit the *Application for Public School Academy Board Appointment* for review by the charter schools office. The director of the charter schools office may or may not recommend the appointment of a nominee submitted by the academy board. If the director of the charter schools office does not recommend the appointment of a nominee submitted by the academy board, he/she may select and recommend another nominee or may request the academy board submit a new nominee for consideration.
- c. An individual appointed to fill a vacancy created other than by the expiration of a term shall be appointed for the unexpired term of that vacant position.
- d. Under exigent conditions, and with the approval of the University Board's chair and the president, the director of the charter schools office may appoint a qualified individual to an academy's board of directors. All appointments made under this provision must be presented to the University Board for final determination at its next regularly scheduled meeting. The University Board reserves the right to review, rescind, modify, ratify, or approve any appointments made under this provision.
- e. In the event that the health, safety and welfare of an academy's students, property or funds are at risk, the president, after consulting with the University Board's chair, may appoint a person to serve as a conservator for the academy. Upon appointment, the conservator shall have all the powers of the academy's board of directors and shall act in the place and stead of the academy's board of directors. After the President appoints a conservator, the full Board of Trustees shall receive notice of the appointment as soon as possible. The president shall appoint the conservator for a definite term which may be extended in writing. During the conservator's appointment, the academy's board of directors, and all powers of the academy's board of directors, are suspended. The charter contract shall set forth any additional powers granted to the conservator during their appointment. All appointments made under this

provision must be presented to the University Board for final determination at its next regularly scheduled meeting.

Length of Term

The director of an academy board shall serve at the pleasure of the University Board. Terms of the initial positions of the academy board of directors shall be staggered in accordance with *The Academy Board of Directors Table of Staggered Terms and Appointments* established and administered by the director of the charter schools office. Subsequent appointments shall be for a term of office not to exceed four (4) years, except as prescribed by *The Academy Board of Directors Table of Staggered Terms and Appointments*.

Removal and Suspension

If the University Board determines that an academy board member's service in office is no longer necessary, then the University Board may remove an academy board member with or without cause and shall specify the date when the academy board member's service ends. An academy board member may also be removed as part of a reconstitution under the charter contract or from office by a two-thirds (2/3) vote of the academy's board of directors for cause.

With the approval of the University Board's chair and the president, the director of the charter schools office may suspend an academy board member's service, if in his/her judgment the person's continued presence would constitute a risk to persons or property, or would seriously impair the operation of the academy. Any suspension made under this provision must be presented to the University Board for final determination at its next regularly scheduled meeting. The University Board reserves the right to review, rescind, modify, ratify, or approve any suspensions made under this provision.

Number of Directors

The number of members of the academy board of directors shall not be less than five (5) nor more than nine (9). If the academy board of directors fails to maintain its full membership by making appropriate and timely nominations, the University Board or its designee may deem that failure an exigent condition.

Section 9.2. Process for Amendment Initiated by the Academy. The Academy, by a majority vote of its Board of Directors, may, at any time, propose specific changes in this Contract or may propose a meeting to discuss potential revision of this Contract. The proposal will be made to the University Board through its designee. The University Board delegates to the Center Director the review and approval of changes or amendments to this Contract. When acting during an emergency situation, the University President shall have the authority to act in place of the University Board, and such emergency action shall only be effective in the interim before the earlier of (a) rejection of the emergency action by the Chairperson of the University Board; or (b) the next meeting of the University Board. The University President shall immediately report such action to the University Board for confirmation at the next meeting so that the emergency action continues or, upon confirmation by the University Board, becomes permanent.

- (b) Failure of the Academy to comply with all Applicable Law;
- (c) Failure of the Academy to meet generally accepted public sector accounting principles and to demonstrate sound fiscal stewardship; or
- (d) The existence of one or more other grounds for revocation as specified in this Contract.

Section 10.2. Other Grounds for Revocation. In addition to the statutory grounds for revocation set forth in Section 10.1 and the grounds for an automatic revocation set forth in Section 10.3, the University Board may revoke this Contract, pursuant to the procedures set forth in Section 10.6, upon a determination that one or more of the following has occurred:

- (e) The Academy fails to fulfill the compliance and reporting requirements or defaults in any of the terms, conditions, promises or representations contained in or incorporated into this Contract or, during the term of this Contract, it is discovered by the Center that the Academy failed to fulfill the compliance and reporting requirements or there was a violation of a prior Contract issued by the University Board;
- (f) The Academy files amendments to its Articles of Incorporation with the Michigan Department of Licensing and Regulatory Affairs, without first obtaining the Center's approval;

Section 10.3. Automatic Amendment Of Contract; Automatic Termination of Contract If All Academy Sites Closed; Economic Hardship Termination. Except as otherwise provided in this Section 10.3, if the University Board is notified by the Department that an Academy site is subject to closure under section 507 of the Code, MCL 380.507 ("State's Automatic Closure Notice"), then this Contract shall automatically be amended to eliminate the Academy's authority to operate certain age and grade levels at the site or sites identified in the State's Automatic Closure Notice. If the State's Automatic Closure Notice includes all of the Academy's existing sites, then this Contract shall automatically be terminated at the end of the current school year in which either the State's Automatic Closure Notice is received without any further action of the University Board or the Academy.

Following receipt of the State's Automatic Closure Notice, the Center Director shall forward a copy of the notice to the Academy Board and request a meeting with the Academy Board representatives to discuss the Academy's plans and procedures for the elimination of certain age or grade levels at the identified site or sites, or if all of the Academy's existing sites are included in that notice, then wind-up and dissolution of the Academy corporation at the end of the current school year. If the Department rescinds the State’s Automatic Closure Notice for an Academy site or sites by granting a Pupil Hardship Exemption, the Academy is not required to close the identified site(s), but shall present to the Center a proposed Contract amendment incorporating the Department’s school improvement plan, if applicable, for the identified site(s).

If the Department elects not to issue a Pupil Hardship Exemption and the Center Director determines, in his or her discretion, that the closure of one or more sites as directed by the Department creates a significant economic hardship for the Academy as a going concern or the possibility of a mid-year school closure, then the Center Director may recommend to the University Board that the Contract be terminated at the end of the current school year (hereinafter “Economic Hardship Termination”). If the University Board approves the Economic Hardship Termination recommendation, then this Contract shall terminate at the end of the current school year without any further action of the parties.

The University Board’s revocation procedures set forth in Section 10.6 do not apply to an automatic termination initiated by the State’s Automatic Closure Notice or an Economic Hardship Termination under this Section 10.3.

Section 10.4. Grounds and Procedures for Academy Termination of Contract. The Academy Board, by majority vote of its Directors, may, at any time and for any reason, request termination of this Contract. The Academy Board’s request for termination shall be made to the Center Director not less than six (6) calendar months in advance of the Academy’s proposed effective date of termination. Upon receipt of an Academy request for termination, the Center Director shall present the Academy Board’s request for termination to the University Board. A copy of the Academy Board’s resolution approving of the Contract termination, including a summary of the reasons for terminating the Contract, shall be included with the Academy Board’s request for termination. Upon receipt of the Academy Board’s request for termination, the University Board shall consider and vote on the proposed termination request. The University Board may, in its sole discretion, waive the six (6) month advance notice requirement for terminating this Contract.

Section 10.5. Grounds and Procedures for University Termination of Contract. The University Board, in its sole discretion, reserves the right to terminate the Contract (i) for any reason or for no reason provided that such termination shall not take place less than six (6) months from the date of the University Board’s action; or (ii) if there is a change in Applicable Law that the University Board, in its sole discretion, determines impairs its rights and obligations under the Contract or requires the University Board to make changes in the Contract that are not in the best interest of the University Board or the University, then such termination shall take effect at the end of the current Academy fiscal year. Following University Board approval, the Center Director shall provide notice of the termination to the Academy. If during the period between the University Board action to terminate and the effective date of termination, the Academy has violated the Contract or Applicable Law, the Contract may be revoked or suspended sooner pursuant to this Article X. If this Contract is terminated pursuant to this Section 10.5, the revocation procedures in Section 10.6 shall not apply.

Section 10.6. University Board Procedures for Revoking Contract. Except for the automatic revocation and procedures initiated by the State of Michigan set forth in Section 10.3, the University Board’s process for revoking the Contract is as follows:

- (a) Notice of Intent to Revoke. The Center Director, upon reasonable belief that grounds for revocation of the Contract exist, shall notify the Academy Board of such grounds by issuing the Academy Board a Notice of Intent to Revoke for non-compliance with the Contract or

Applicable Law. The Notice of Intent to Revoke shall be in writing and shall set forth in sufficient detail the alleged grounds for revocation.

- (b) Academy Board's Response. Within thirty (30) days of receipt of the Notice of Intent to Revoke, the Academy Board shall respond in writing to the alleged grounds for revocation. The Academy Board's response shall be addressed to the Center Director, and shall either admit or deny the allegations of non-compliance. If the Academy's response includes admissions of non-compliance with the Contract or Applicable Law, the Academy Board's response must also contain a description of the Academy Board's plan and timeline for correcting the non-compliance with the Contract or Applicable Law. If the Academy's response includes a denial of non-compliance with the Contract or Applicable Law, the Academy's response shall include sufficient documentation or other evidence to support a denial of non-compliance with the Contract or Applicable Law. A response not in compliance with this Section shall be deemed to be non-responsive. As part of its response, the Academy Board may request that a meeting be scheduled with the Center Director prior to a review of the Academy Board's response.
- (c) Plan of Correction. Within fifteen (15) days of receipt of the Academy Board's response or after a meeting with Academy Board representatives, the Center Director shall review the Academy Board's response and determine whether a reasonable plan for correcting the deficiencies can be formulated. If the Center Director determines that a reasonable plan for correcting the deficiencies set forth in the Notice of Intent to Revoke can be formulated, the Center Director shall develop a plan for correcting the non-compliance ("Plan of Correction") which may include Reconstitution pursuant to 10.6(d) of these Terms and Conditions. In developing a Plan of Correction, the Center Director is permitted to adopt, modify or reject some or all of the Academy Board's response for correcting the deficiencies outlined in the Notice of Intent to Revoke. The Notice of Intent to Revoke shall be closed if the Center Director determines any of the following: (i) the Academy Board's denial of non-compliance is persuasive; (ii) the non-compliance set forth in the Notice of Intent to Revoke has been corrected by the Academy Board; or (iii) the Academy Board has successfully completed the Plan of Correction.
- (d) University Board's Contract Reconstitution Provision. The Center Director may reconstitute the Academy in an effort to improve student educational performance or to avoid interruption of the educational process. Reconstitution may include, but is not limited to, one of the following actions: (i) removal of 1 or more members of the Academy Board; (ii) termination of at-will board appointments of 1 or more Academy Board members in accordance with the Method of Selection, Appointment and Removal Resolution; (iii) withdrawing approval of a contract under Section 506 of the Code; or (iv) the appointment of a new Academy Board or a Conservator to take over operations of the Academy.

Except as otherwise provided in this subsection, reconstitution of the Academy does not prohibit the Department from issuing an order under section 507 of the Code, MCL 380.507, directing the automatic closure of the Academy's site(s).

- (e) Request for Revocation Hearing. The Center Director may initiate a revocation hearing before the University Charter Schools Hearing Panel if the Center Director determines that any of the following has occurred:
 - (i) the Academy Board has failed to respond to the Notice of Intent to Revoke as set forth in Section 10.6(b);
 - (ii) the Academy Board's response to the Notice of Intent to Revoke is non-responsive;

- (iii) the Academy Board's response admits violations of the Contract or Applicable Law which the Center Director deems cannot be remedied or cannot be remedied in an appropriate period of time, or for which the Center Director determines that a Plan of Correction cannot be formulated;
- (iv) the Academy Board's response contains denials that are not supported by sufficient documentation or other evidence showing compliance with the Contract or Applicable Law;
- (v) the Academy Board has not complied with part or all of a Plan of Correction established in Section 10.6(c);
- (vi) the Academy Board has engaged in actions that jeopardize the financial or educational integrity of the Academy; or
- (vii) the Academy Board has been issued multiple or repeated Notices of Intent to Revoke.

The Center Director shall send a copy of the request for revocation hearing to the Academy Board at the same time the request is sent to the Hearing Panel. The request for revocation shall identify the reasons for revoking the Contract.

- (f) Hearing before the University Charter Schools Hearing Panel. Within thirty (30) days of receipt of a request for revocation hearing, the Hearing Panel shall convene a revocation hearing. The Hearing Panel shall provide a copy of the notice of hearing to the Center and the Academy Board at least ten (10) days before the hearing. The purpose of the Hearing Panel is to gather facts surrounding the Center Director's request for Contract revocation, and to make a recommendation to the University Board on whether the Contract should be revoked. The revocation hearing shall be held at a location, date and time as determined by the Center Director and shall not last more than three hours. The hearing shall be transcribed and the cost shall be divided equally between the University and the Academy. The Center Director or his or her designee, and the Academy Board or its designee, shall each have equal time to make their presentation to the Hearing Panel. Although each party is permitted to submit affidavits and exhibits in support of their positions, the Hearing Panel will not hear testimony from any witnesses for either side. The Hearing Panel may, however, question the Center Director and the Academy Board. Within thirty (30) days of the revocation hearing, the Hearing Panel shall make a recommendation to the University Board concerning the revocation of the Contract. For good cause, the Hearing Panel may extend any time deadline set forth in this subsection. A copy of the Hearing Panel's recommendation shall be provided to the Center and the Academy Board at the same time that the recommendation is sent to the University Board.
- (g) University Board Decision. If the Hearing Panel's recommendation is submitted to the University Board at least fourteen (14) days before the University Board's next regular meeting, the University Board shall consider the Hearing Panel's recommendation at its next regular meeting and vote on whether to revoke the Contract. The University Board reserves the right to modify, reject or approve all or any part of the Hearing Panel's recommendation. The University Board shall have available to it copies of the Hearing Panel's recommendation and the transcript from the hearing. FORM OF ACADEMY

The Academy is organized as a non-profit, non-stock, directorship corporation.

ARTICLE III
OFFICES

Section 1. Principal Office. The principal office of the Academy shall be located in the state of Michigan.

Section 2. Registered Office. The registered office of the Academy may be the same as the principal office of the Academy, but in any event must be located in the state of Michigan, and be the business office of the resident agent, as required by the Michigan Non-Profit Corporation Act. Changes in the resident agent and registered address of the Academy must be reported to the Michigan Department of Licensing and Regulatory Affairs and to The Governor John Engler Center for Charter Schools (“the Center.”)

ARTICLE IV
BOARD OF DIRECTORS

Section 1. General Powers. The business, property and affairs of the Academy shall be managed by the Academy Board of Directors ("Academy Board"). The Academy Board may exercise any and all of the powers granted to it under the Michigan Non-Profit Corporation Act or pursuant to Part 6E of the Revised School Code ("Code"). The Academy Board may delegate such powers to the officers and committees of the Academy Board as it deems necessary, so long as such delegation is consistent with the Articles, these Amended Bylaws, the Contract and Applicable Law.

Section 2. Method of Selection and Appointment. The Central Michigan University Board of Trustees (“University Board”) shall prescribe the method of appointment for members of an Academy’s Board. The Center Director is authorized to develop and administer an academy board selection and appointment process that includes an *Application for Public School Academy Board Appointment* and is in accord with these policies:

- a. The University Board shall appoint the initial and subsequent Academy Board by resolution, except as prescribed by subparagraph d. The Center Director shall recommend qualified individuals to the University Board.
- b. The Academy Board, by resolution and majority vote, shall nominate its subsequent members, except as provided otherwise. The Academy Board shall recommend to the Center Director at least one nominee for each vacancy. Nominees shall submit the *Application for Public School Academy Board Appointment* for review by the Center. The Center Director may or may not recommend the appointment of a nominee submitted by the Academy Board. If the Center Director does not recommend the appointment of a nominee submitted by the Academy Board, he/she may select and recommend another nominee or may request the Academy Board submit a new nominee for consideration.
- c. An individual appointed to fill a vacancy created other than by the expiration of a term shall be appointed for the unexpired term of that vacant position.
- d. Under exigent conditions, and with the approval of the University Board's chair and the University President, the Center Director may appoint a qualified individual to the Academy Board. All appointments made under this provision must be presented to the University Board for final determination at its next regularly scheduled meeting. The University Board reserves the right to review, rescind, modify, ratify, or approve any appointments made under this provision.

Section 3. Length of Term. A Director of the Academy Board shall serve at the pleasure of the University Board. Terms of the initial positions of the Academy Board shall be staggered in accordance with *The Academy Board of Directors Table of Staggered Terms and Appointments* established and administered by the Center Director. Subsequent appointments shall be for a term of office not to exceed four (4) years, except as prescribed by *The Academy Board of Directors Table of Staggered Terms and Appointments*.

Section 4. Number of Director Positions. The number of director positions on the Academy Board shall not be less than five (5) nor more than nine (9) as determined by the University Board. If the Academy Board fails to maintain its full membership by making appropriate and timely nominations, the Center Director may deem that failure an exigent condition.

Section 5. Qualifications of Academy Board Members. To be qualified to serve on the Academy Board, a person shall, among other things: (a) be a citizen of the United States; (b) be a resident of the State of Michigan; (c) submit all materials requested by the Center including, but not limited to, the *Application for Public School Academy Board Appointment* which must include authorization to process a criminal background check; and (d) annually submit a conflict of interest disclosure as prescribed by the Center.

The members of the Academy Board shall not include (a) employees of the Academy; (b) any director, officer, or employee of a service provider that contracts with the Academy; (c) a Central Michigan University official or employee, as a representative of Central Michigan University.

Section 6. Oath of Public Office. All members of the Academy Board must take the constitutional oath of office and sign the *Oath of Public Office* before beginning their service. The *Oath of Public Office* shall be filed with the Center.

Section 7. Tenure. Each Director shall hold office until the Director's replacement, death, resignation, removal or until the expiration of the term, whichever occurs first.

Section 8. Removal and Suspension. If the University Board determines that the service in office of a Director of the Academy Board is no longer necessary, then the University Board may remove the Academy Board member with or without cause and shall specify the date when the Academy Board member's service ends. The Academy Board member may also be removed from office for cause by a two-thirds (2/3) vote of the Academy's Board.

With the approval of the University Board's chair and the University President, the Center Director may suspend the service of a Director of the Academy Board if, in his/her judgment, the person's continued presence would constitute a risk to persons or property, or would seriously impair the operation of the Academy. Any suspension made under this provision must be presented to the University Board for final determination at its next regularly scheduled meeting. The University Board reserves the right to review, rescind, modify, ratify, or approve any suspensions made under this provision.

Section 9. Resignation. Any Director may resign at any time by providing written notice to the corporation or by communicating such intention (orally or in writing) to the Center. Notice of resignation will be effective upon receipt or at a subsequent time if designated in a written notice. A successor shall be appointed as provided in Section 2 of this Article.

Section 10. Board Vacancies. A Director vacancy shall occur because of death, resignation, removal, failure to maintain residency in the State of Michigan, disqualification or as otherwise specified in the Code. Any vacancy shall be filled as provided in Section 2 of this Article.

Section 11. Compensation. A Director of the Academy Board shall serve as a volunteer Director. By resolution of the Academy Board, the Directors may be reimbursed for their reasonable expenses incident to their duties.

ARTICLE V MEETINGS

Section 1. Annual and Regular Meetings. The Academy Board shall hold an annual meeting each year. The Academy Board must provide, by resolution, the time and place, within the State of Michigan, for the holding of regular monthly meetings. The Academy Board shall provide notice of the annual and all regular meetings as required by the Open Meetings Act.

Section 2. Special Meetings. Special meetings of the Academy Board may be called by or at the request of any Director. The person or persons authorized to call special meetings of the Academy Board may fix the place within the State of Michigan for holding any special meeting of the Academy Board called by them, and, if no other place is fixed, the place of meeting shall be the principal business office of the corporation in the state of Michigan. The corporation shall provide notice of all special meetings as required by the Open Meetings Act.

Section 3. Notice; Waiver. The Academy Board must comply with the notice provisions of the Open Meetings Act. In addition, notice of any meeting shall be given to each Director stating the time and place of the meeting, delivered personally, mailed, or sent by facsimile or electronic mail to the Director's business address. Any Director may waive notice of any meeting by written statement, facsimile or electronic mail sent by the Director, signed before or after the holding of the meeting. The attendance of a Director at a meeting constitutes a waiver of notice of such meeting, except where a Director attends a

meeting for the express purpose of objecting to the transaction of any business because the meeting is not lawfully called or convened.

Section 4. Quorum. In order to legally transact business, the Academy Board shall have a quorum physically present at a duly called meeting of the Academy Board. A “quorum” shall be defined as follows:

<u># of Academy Board Positions</u>	<u># Required for Quorum</u>
Five (5)	Three (3)
Seven (7)	Four (4)
Nine (9)	Five (5)

A Director of the Academy Board who is absent from a meeting of the Academy Board due to military duty may participate in the meeting virtually, and that member’s virtual presence will count towards quorum and allow the absent member to participate in and vote on business before the Academy Board.

Section 5. Manner of Acting. The act of the majority of the Directors present at a meeting at which a quorum is present shall be the act of the Academy Board. No member of the Academy Board may vote by proxy, by way of a telephone conference or any other electronic means of communication.

Section 6. Open Meetings Act. All meetings of the Academy Board shall at all times be in compliance with the Open Meetings Act.

Section 7. Presumption of Assent. A Director of the Academy Board who is present at a meeting of the Academy Board at which action on any corporate matter is taken shall be presumed to have assented to the action taken unless that Director's dissent shall be entered in the minutes of the meeting or unless that Director shall file a written dissent to such action with the person acting as the Secretary of the meeting before the adjournment thereof or shall forward such dissent by registered mail to the Secretary of the corporation immediately after the adjournment of the meeting. This right to dissent shall not apply to a Director who voted in favor of such action.

ARTICLE VI COMMITTEES

Section 1. Committees. The Academy Board, by resolution, may designate one or more committees. Each committee is to consist of one or more Directors selected by the Academy Board. As provided in the resolution as initially adopted, and as thereafter supplemented or amended by further resolution, the committees shall have such powers as delegated by the Academy Board, except (i) filling of vacancies in the officers of the Academy Board or committees created pursuant to this Section; (ii) amending the Articles of Incorporation or Amended Bylaws; or (iii) any action the Academy Board cannot lawfully delegate under the Articles, Amended Bylaws or Applicable Law. All committee meetings shall at all times be in compliance with the Open Meetings Act. Each committee shall fix its own rules governing the conduct of its activities and shall make such reports to the Academy Board of its activities as the Academy Board may request.

ARTICLE VII OFFICERS OF THE BOARD

Section 1. Number. The officers of the Academy Board shall be a President, Vice-President, Secretary, Treasurer, and such assistant Treasurers and assistant Secretaries as may be selected by the Academy Board.

Section 2. Election and Term of Office. The Academy Board shall elect the initial officers at its first duly noticed meeting. Thereafter, the officers of the Academy Board shall be elected annually by the Academy Board. If the election of officers is not held at the annual meeting, the election shall be held as soon thereafter as may be convenient. Each officer shall hold office while qualified or until the officer resigns or is removed in the manner provided in Section 3.

Section 3. Removal. Any officer or agent elected or appointed by the Academy Board may be removed by the Academy Board whenever in its judgment the best interests of the corporation would be served thereby.

Section 4. Vacancies. A vacancy in any office shall be filled by appointment by the Academy Board for the unexpired portion of the term.

Section 5. President. The President of the Academy Board shall be a member of the Academy Board. The President of the corporation shall preside at all meetings of the Academy Board. If there is not a President, or if the President is absent, then the Vice-President shall preside. If the Vice-President is absent, then a temporary chair, chosen by the members of the Academy Board attending the meeting shall preside. The President shall, in general, perform all duties incident to the office of President of the Academy Board as may be prescribed by the Academy Board from time to time.

Section 6. Vice-President. The Vice-President of the Academy Board shall be a member of the Academy Board. In the absence of the President or in the event of the President's death, inability or refusal to act, the Vice-President shall perform the duties of President, and when so acting, shall have all the powers of and be subject to all the restrictions upon the President. The Vice-President shall perform such other duties as from time to time may be assigned to the Vice-President by the President or by the Academy Board.

Section 9. Assistants and Acting Officers. The Assistants to the officers, if any, selected by the Academy Board, shall perform such duties and have such authority as shall from time to time be delegated or assigned to them by the Secretary or Treasurer or by the Academy Board. The Academy Board shall have the power to appoint any member of the Academy Board to perform the duties of an officer whenever, for any reason, it is impractical for such officer to act personally. Such acting officer so appointed shall have the powers of and be subject to all the restrictions upon the officer to whose office the acting officer is so appointed except as the Academy Board may by resolution otherwise determine.

Section 10. Salaries. Officers of the Academy Board, as Directors of the corporation, may not be compensated for their services. By resolution of the Academy Board, officers may be reimbursed for reasonable expenses incident to their duties.

Section 11. Filling More Than One Office. ARTICLE VIII CONTRACTS, LOANS, CHECKS AND DEPOSITS; SPECIAL CORPORATE ACTS

Section 1. Contracts. The Academy Board may authorize any officer or officers, agent or agents, to enter into any contract, to execute and deliver any instrument, or to acknowledge any instrument required by law to be acknowledged in the name of and on behalf of the corporation. Such authority may be general or confined to specific instances, but the appointment of any person other than an officer to acknowledge an instrument required by law to be acknowledged should be made by instrument in writing. When the Academy Board authorizes the execution of a contract or of any other instrument in the name of and on behalf of the corporation, without specifying the executing officers, the President or Vice-President, and the Secretary or Treasurer may execute the same and may affix the corporate seal thereto. No contract entered into, by or on behalf of the Academy Board, shall in any way bind Central Michigan University or impose any liability on Central Michigan University, its trustees, officers, employees or agents.

Section 2. Loans. No loans shall be contracted on behalf of the Academy and no evidences of indebtedness shall be issued in its name unless authorized by a prior resolution of the Academy Board. Such authority shall be confined to specific instances. No loan, advance, overdraft or withdrawal by an officer or Director of the corporation, shall be made or permitted unless approved by the Academy Board. No loan entered into, by or on behalf of the Academy Board, shall in any way be considered a debt or obligation of Central Michigan University or impose any liability on Central Michigan University, its trustees, officers, employees or agents.

Section 3. Checks, Drafts, etc. All checks, drafts or other orders for the payment of money, notes or other evidences of indebtedness issued in the name of the Academy, shall be signed by Academy Board members or Academy Board employees, which shall not include employees of the Academy Board's Educational Service Provider, and in such manner as shall from time to time be determined by resolution of the Academy Board.

Section 4. Deposits. All funds of the Academy shall be deposited from time to time to the credit of the corporation in such banks, trust companies or other depositories as the Academy Board may

select, provided that such financial institution is eligible to be a depository of surplus funds under Section 1221 of the Revised School Code, being Section 380.1221 of the Michigan Compiled Laws.

Section 5. Voting of Gifted, Bequested or Transferred Securities Owned by this Corporation. Subject always to the specific directions of the Academy Board, any shares or other securities issued by any other corporation and owned or controlled by this corporation may be voted at any meeting of security holders of such other corporation by the President of this corporation or by proxy appointed by the President, or in the absence of the President and the President's proxy, by the Secretary or Treasurer of this corporation or by proxy appointed by the Secretary or Treasurer. Such proxy or consent in respect to any shares or other securities issued by any other corporation and owned by this corporation shall be executed in the name of this corporation by the President, the Secretary or the Treasurer of this corporation without necessity of any authorization by the Academy Board, affixation of corporate seal or countersignature or attestation by another officer. Any person or persons designated in the manner above stated as the proxy or proxies of this corporation shall have full right, power and authority to vote the shares or other securities issued by such other corporation and owned by this corporation the same as such shares or other securities might be voted by this corporation. This section shall in no way be interpreted to permit the corporation to invest any of its surplus funds in any shares or other securities issued by any other corporation. The parties have discussed and Customer understands that a mid-academic year transition from one provider (currently StongMind) to another in the virtual model is not ideal and may have unforeseen challenges.
 - a. With this shared understanding, each party is agreeable to accepting the risk and moving forward due to certain unavoidable realities that make it clear doing so is in the best interest of the School’s student population (and their families).
 - b. The parties are committed to working with each other closely to minimize any such impact on Students and families.
 - c. The Parties’ rights and responsibilities are set forth in the schedules attached hereto and incorporated herein by reference, and for the convenience of the Parties are organized as set forth below. 2. **Term.** This Agreement will commence on execution of the Statement of Agreement (“Effective Date”) and expire on June 30, 2024, assuming that the Authorizer reauthorizes the School and issues a charter contract that expires on June 30, 2024. If the 2022 Charter Contract issued by the Authorizer is revoked, terminated or a new charter contract is not issued to the School after expiration of the School’s 2022 Charter Contract, this Agreement shall automatically terminate on the same date as the School’s 2022 Charter Contract is revoked, terminated or expires without further action of the parties. If the Authorizer issues a new charter contract that expires on June 30, 2024 (“2023-2024 Contract”) and that 2023-2024 Contract is revoked, terminated or a new charter contract is not issued to the School after expiration of the School’s 2023-2024 Contract, this Agreement shall automatically terminate on the same date as the School’s 2023-2024 Contract is revoked, terminated or expires without further action of the parties. Schedule A

- I. The purpose of this Schedule A is to establish expectations with respect to the Agreement in light of the unusual circumstances that give rise to Pearson agreeing to a mid-Academic Year transition from Customer’s fall semester provider, StrongMind, Inc. (“Predecessor”), to Pearson for the spring semester (“Spring Term”) and to highlight CMU policies being incorporated into the parties’ Agreement. Pearson’s ability to timely and fully carry out its responsibilities set forth in Schedules 1 through 13 is impacted by several variables beyond its control, including receipt of each Student’s records from its Predecessor; ability to ascertain the School’s compliant regulatory and Charter standing; ability to timely review and implement without delay any Student’s IEP or 504 plan requirements; providing Students in a timely fashion with necessary Technology and Instructional Materials; ability to timely hire properly credentialed teaching and administrative staff; ability to demonstrate School meets requirements necessary for membership in the Connections Academy NCAA district; receipt of information necessary to properly support the School in the administration of testing and assessments, as well as state reporting deadlines; ability to obtain sufficient facility space and proctor support, as well as testing materials in sufficient time for state testing deadlines; ability to meet state testing participation rate requirements; receipt of all necessary information to ensure successful participation in the February 8, 2023 Spring Count Day and receipt of all information necessary to fully meet all regulatory requirements for the School public website. The parties acknowledge that the transition agreement between Customer and Predecessor is a critical document and that the degree to which the terms of that transition agreement is carried out will have a direct impact on Pearson’s ability to perform its obligations for the Spring Term. While Pearson will be liable for its performance in carrying out the terms of this Agreement, as it relates to the 2022-2023 Academic Year, to the extent any School performance concerns are related to or arise out of the operation of the School by Predecessor, Pearson will not be deemed accountable for those performance concerns. However, Pearson will work to address any such performance concerns as soon as practicably feasible. Further, Pearson and Customer commit to meeting on a regular basis with Authorizer to keep Authorizer abreast of any such performance concerns and its plan to address them and to work collaboratively with Authorizer in its planned approach to address such performance concerns.

- II. Authorizer required provisions not otherwise incorporated into the Agreement.
 1. Indemnity of Authorizer. The parties acknowledge and agree that Central Michigan University, its Board of Trustees, and its members, officers, employees, agents or representatives (collectively for purposes of this paragraph “Authorizer”) are deemed to be third party beneficiaries for purposes of this Agreement. As third party beneficiaries, Pearson hereby promises to indemnify, defend and hold harmless the Authorizer from and against all demands, claims, actions, suits, causes of action, losses, judgments, liabilities, damages, fines, penalties, demands, forfeitures, or any other liabilities or losses of any kind whatsoever, including costs and expenses (not limited

to reasonable attorney fees, expert and other professional fees), of settlement and prosecution imposed upon or incurred by the Authorizer, and not caused by the sole negligence of the Authorizer, which arise out of or are in any manner connected with the Central Michigan University Board of Trustees' ("University Board") approval of the School's application for the 2023-2024 Charter Contract, the University Board's consideration of or issuance of the 2023-2024 Charter Contract, Pearson's preparation for or operation of the School, or which are incurred as a result of the reliance by the Authorizer upon information supplied by Pearson, or which arise out of Pearson's failure to comply with the Charter Contract or applicable law. The parties expressly acknowledge and agree that the Authorizer may commence legal action against Pearson to enforce its rights under this Agreement as set forth in this section of the Agreement. Pearson shall not be held responsible for actions or inactions of Predecessor, however, as it relates to Authorizer's rights.

2. Compliance with School's Contract. Pearson agrees to perform its duties and responsibilities under this Agreement in a manner that is consistent with the School's obligations under the applicable Charter Contract issued by the Authorizer. The provisions of the applicable Charter Contract shall supersede any competing or conflicting provisions contained in this Agreement.
3. Effective July 1, 2023, any action or inaction by Pearson that is not cured within 60 days of notice thereof which causes the 2023-2024 Charter Contract to be revoked, terminated, suspended or which causes the 2023-2024 Charter Contract to be put in jeopardy of revocation, termination or suspension by Authorizer is a material breach.
4. Effective July 1, 2023, on an annual basis, Pearson shall provide Customer all of the same information that a school district is required to disclose under section 18(2) of the State School Aid Act, MCL 388.1618(2), for the most recent school fiscal year in which the information is available. Within thirty (30) days of receiving the information under section 18(2), the School Board shall make this information publicly available on its website, in a form and manner prescribed by the Michigan Department of Education. Prior to July 1, 2023, Pearson shall provide Customer the same information that a school district is required to disclose under MCL 388.1618(2) for the most recent school fiscal year in which the information is available, using Pearson's best efforts with the information available to Pearson. Within thirty (30) days of receiving the information under section 18(2), the School Board shall make this information publicly available on its website, in a form and manner prescribed by the Michigan Department of Education.
5. Except as permitted under applicable law, Pearson shall not sell or otherwise provide to a for-profit business entity any personally identifiable information that is part of an Academy student's education records. If Pearson receives information that is part of a Student's education records, Pearson shall not sell or otherwise provide the information to any other person except as permitted under the Code. For purposes of this section,

the terms “education records” and “personally identifiable information” shall have the same meaning as those terms in section 1136 of the Code, MCL 380.1136.

6. Upon termination or expiration or termination of the Agreement, or the Agreement is terminated due to a Contract revocation, reconstitution, termination or non-renewal, Pearson shall, without additional charge: (i) close the financial records on the then-current school fiscal year which includes, but is not limited to, the completion and submission of the annual financial audit, state and federal grant reporting and all other associated reporting within required timelines established by the appropriate local, state or federal authority; (ii) organize and prepare student records for transition to the new service provider, self-management or in the case of a school closure, transfer to a student’s new school as designated by the student’s parent / legal guardian or to a person or entity authorized to hold such records; (iii) provide for the orderly transition of employee compensation and benefits to the new education service provider or self-management without disruption to staffing, or in the case of school closure, final payment of all employee compensation, benefit and tax obligations related to services provided by the ESP to the Academy; (iv) organize and prepare the Academy’s records, both electronic and hard-copy, for transition to the new education service provider, self-management or dissolution; and (v) provide for the orderly transition to the new education service provider, self-management or dissolution of all School-owned assets including, but not limited to, furniture, fixtures, equipment and real estate. This includes any keys, log-in information and passwords related to any School asset.
7. In the event that the School is required (i) to close a School site pursuant to a notice issued by the Michigan Department of Education under Section 561 of the Code, MCL 380.561; or (ii) to undergo a reconstitution pursuant to Section 561 of the Code, MCL 380.561, and the Charter Contract, and such closure of a School site or reconstitution causes an amendment to or termination of this Agreement, the parties agree that this Agreement shall be amended or terminated to implement the School site closure or reconstitution, with no cost or penalty to the School, and Pearson shall have no recourse against the School or the Authorizer for implementing such site closure or reconstitution.
8. Pearson accepts full liability and is responsible for paying all salaries, benefits, payroll taxes, worker’s compensation, unemployment compensation and liability insurance for its employees leased to the School or working on School operations irrespective of whether Pearson receives an advancement of its costs or the payment of services from the School. (Pearson may recommend, not determine, staffing levels).
9. Marketing and development costs paid by or charged to the School shall be limited to those costs specific to the School program and shall not include any costs for the marketing and development of Pearson.
10. This agreement shall not be assignable without prior notification to the Center. Any amendment to the Agreement shall be evidenced in writing, signed by an authorized

officer of each party and must be done in a manner consistent with the Center's ESP Policies.

11. Pearson may not execute contracts with its staff assigned to the School (including by way of example and not limitation, administrators, teachers, counselors and the like) that contain non-compete agreements of any nature.
12. No provision of this Agreement shall be interpreted to interfere with the School Board's constitutional duty to exercise its statutory, contractual and fiduciary responsibilities governing the operation of the School. No provision of this Agreement shall be interpreted to prohibit the School Board from acting as an independent, self-governing public body, or allow public decisions to be made other than in compliance with the Open Meetings Act.
13. If the School intends to enter into a lease, execute promissory notes or other negotiable instruments, or enter into a lease-purchase agreement or other financing relationships with Pearson, then such agreements must be separately documented and shall not be a part of or incorporated into this Agreement.
14. All financial, educational and student records pertaining to the School are School property, and that such records are subject to the provisions of the Michigan Freedom of Information Act. All School records shall be physically or electronically available, upon request, at the School's physical facilities. Except as permitted under the applicable Charter Contract and Applicable Law, this Agreement shall not restrict the Authorizer's or the public's access to the School's records.
15. If Pearson purchases equipment, materials and supplies on behalf of or as the agent of the School, such equipment, materials and supplies shall be and remain the property of the School. Pearson shall comply with the Revised School Code (including, but not limited to, sections 1267 and 1274 of the Code, MCL 380.1267 and MCL 380.1274) as if the School were making these purchases directly from a third party supplier or vendor.
16. If Pearson procures equipment, materials and supplies at the request of or on behalf of the School, Pearson shall not include any added fees or charges with the cost of equipment, materials and supplies purchased from third parties.
17. The School owns all proprietary rights to curriculum or educational materials that (i) are both directly developed and paid for by the School; or (ii) were developed by Pearson at the direction of the School Board with School funds. 18. The School designates the employees of Pearson as agents of the School having legitimate educational interest such that they are entitled to access to educational

records under 20 U.S.C. Section 1232g, the Family Educational Rights and Privacy Act (“FERPA”).

19. Termination of this Agreement mid-year is strongly discouraged. The School Board and Pearson agree that they will take all efforts necessary to remedy a breach of this Agreement in-order to continue school operations until completion of the then-current school fiscal year. If a breach cannot be remedied, the School Board and Pearson agree to work cooperatively to transition management and operations of the school without disrupting the school’s operations. In such an event, Pearson agrees to perform such a transition in a similar manner as described under Schedule A, II(6) above based upon completion of the then-current school period.

III. Agreement to Negotiate: In the event the Authorizer’s approval of this Agreement is conditional upon changes to the terms and conditions of this Agreement, the Parties agree to work collaboratively to institute those required changes in the form of an Amended and Restated Agreement in accordance with the applicable Charter Contract and Authorizer policies.

Schedule 1

Education Program

1. Curriculum. Pearson will provide the Education Program which includes educational content and materials delivered primarily through the internet and other electronic means (“Curriculum”) which, when supplemented with Teacher provided additions and modifications, meets the State standards. Customer acknowledges that for the spring semester, 2023 (“Spring Term”), Pearson may need to modify its Education Program to incorporate aspects of Predecessor’s Education Program in order to minimize the transitional impact on Students, as well as unpredictable challenges related to transitioning Students back to a traditional quarter/semester calendar.

 10. Additional Programs. Make available to Students optional and additional programs such as Career Technical Education, STEM and accelerated options to the extent permitted by State law, and taking into consideration enrollment demand, funding availability, mutual agreement of the parties and other programmatic considerations Pearson deems relevant in determining the feasibility of implementing such programs. Customer acknowledges that given the Spring Term transition from Predecessor to Pearson, understanding to what extent the existing Special Education service delivery meets the above regulatory requirements is not something Pearson will be able to fully understand immediately and that its ability to bring the Special Education program into full compliance may be an ongoing effort throughout the Spring Term.

1. Enrollment and Academic Placement Processing. Assuming the School is reauthorized and issued a charter contract by Authorizer that expires on June 30, 2024, in support of the 2023-24 Academic Year, Pearson shall implement and conduct the School enrollment process on behalf of the Customer, in accordance with enrollment, placement and withdrawal policies and procedures adopted by the Customer and Pearson, and consistent with local, state and federal law.
 - a. The Customer acknowledges that Pearson is the School’s agent throughout the enrollment and placement process. Pearson will receive and deliver information from and to Students and Caretakers in connection with the enrollment and placement process in compliance with state and federal laws.
 - b. Pearson shall maintain a list of the Students enrolled in the School and shall provide such list to the Customer promptly upon request.
 - c. Dual or part-time enrollment will not be permitted unless mutually agreed upon by Pearson and Customer.
 - d. Typically, enrollment and placement services commence the February preceding the upcoming Academic Year. Accordingly, Pearson will have no obligation to provide enrollment and placement services identified herein in support of the Academic Year that follows any termination of this Agreement. Pearson shall, however, be obligated to continue providing enrollment and placement services in support of the final Academic Year of the Term through the termination date of the Agreement. For avoidance of doubt, if the Agreement terminates on June 30, 2024, then Pearson has no obligation to provide any enrollment and placement services that support the 2024-2025 Academic Year.
2. For the Spring 2023 Term, Pearson will do everything feasible to support the School’s enrollment processes, including working with Predecessor to continue providing enrollment services through June 30, 2024.
3. Public Information Campaign. In support of the 2023-24 Academic Year, assuming the School is reauthorized and issued a charter contract by Authorizer that expires on June 30, 2024,
 - a. Pearson will develop and implement a Public Information Campaign (“PIC”) to inform potential students, their Caretakers, and other interested parties about the Education Program. Pearson will not implement PIC initiatives promoted by the Customer that Pearson determines may have a negative impact on its brand identity and/or reputation in the Marketplace, including in connection with the School. PIC initiatives, strategies and tactics may shift throughout each Academic Year of the Term depending on market demand, changing consumer behaviors, and testing and optimization campaigns.
 - b. To the extent there is more than one Pearson supported school in the State, the Customer acknowledges the PIC, including all Enrollment Leads, will benefit all schools located within the State taking into consideration each respective school’s stated enrollment goals. To the extent possible, siblings of an existing student in a particular school will be placed in that same school, returning students, including students who withdraw and return, are placed in the school of initial enrollment, students who specifically request a particular school are placed in the school of choice. If specific enrollment criteria of a particular school prohibits a particular student from being enrolled in that school, then, if possible, the Student will be placed in another Pearson supported school in the State. Once a school

has reached its enrollment cap, efforts will be made to direct families to other Pearson supported schools in the state until such a time as they have reached their enrollment cap, if any.

- c. Any methods, processes, collateral, and Enrollment Leads that are obtained, developed and/or used in connection with the PIC is proprietary Pearson Confidential Information, and is the property of Pearson.
 - d. Pearson maintains an Enrollment Lead database of all generated leads, including those developed through Pearson's PIC efforts. The Enrollment Lead database is the exclusive property of Pearson and shall include, but is not limited to, Enrollment Leads who begin the enrollment process and fail to convert, those who take no steps toward enrollment, and those who withdraw or are otherwise no longer enrolled in a Pearson supported school. The Enrollment Lead database is only for the benefit of the School during the Term, including any renewal term. Customer is not entitled to receive any benefit of the Enrollment Lead database on or after February 1 of the last Academic Year of the Term, except those Enrollment Leads who specifically express a request for enrollment in the last Academic Year of the term. For the avoidance of doubt, and consistent with Pearson's enrollment and placement obligations set forth in Section 1.d. above, if the Agreement expires June 30, 2024 and is not renewed, the School shall not receive the benefit of the Enrollment Lead database for the 2024-2025 Academic Year and beyond.
 - e. Pearson is authorized by Customer to access Student Records for communication directly with Caregivers and Students in support of the School's education mission about education enrichment related opportunities of potential interest, including post high-school opportunities, clubs and activities, academic contests and competitions, summer school opportunities, internship and job training opportunities. Pearson may authorize other Pearson affiliated businesses to send such communications, so long as Pearson approves of the communication content and such communications comply with all applicable state and federal law.
 - f. Pearson will keep Customer's PIC coordinator, if any, apprised of the PIC development and implementation. However, Customer shall not undertake any independent PIC or other marketing activities without the written notification to Pearson and then only under the terms Pearson establishes.
4. Invoicing for Enrollment Services and PIC. Enrollment Services and PICs supporting a given Academic Year commence during the prior Academic Year but are covered by invoices issued to the School on or after the first day of the Academic Year for which they are intended to benefit. Customer is obligated to fully and timely pay the invoices for Enrollment Services and PIC, which for Customer's convenience, are spread out over the months of July through June of that final Academic Year, even though services commence during the previous Academic Year. For the sake of clarity, the public information and enrollment services related to the 2023-2024 school year may begin as early as January 2023, but the invoicing for them will not commence until on or after July 2023.
 5. Post-Termination Enrollment and PIC Obligations. Pearson will have no obligation to perform enrollment services or to develop and implement a PIC for the Academic Year that follows any termination and non-renewal of this Agreement. For example, if the Agreement terminates and non-renews on June 30, 2024, then during the 2023-2024 Academic Year, Pearson has no obligation to develop and implement a PIC to support the recruitment and enrollment of students for the 2024-2025 Academic Year.

Pearson's appointment rights and obligations shall be subject to the access, confidentiality, and privacy requirements of FERPA, the IDEA, Section 504, and other state and federal law.
 - a. Pearson will store and maintain such electronic records in accordance with state, local and federal requirements and consistent with commercially reasonable technical and organizational measures intended to protect against:

To the extent permitted by law, Pearson may retain a copy of such records subject to the confidentiality requirements of this Agreement until such time as the Customer provides written notice requesting that specific records be returned or Destroyed.
 - c. Pearson shall certify to the Customer within one (1) year from the date it receives instructions as to what Student Records are to be returned or Destroyed that it has complied with the instructions of the Customer in connection with such notice.
3. Protection of Student Records. Pearson and the School acknowledge and agree that pursuant to FERPA and any regulations promulgated thereunder, the parties have certain obligations with regard to maintaining the security, integrity and confidentiality of "education records", as that term is defined by FERPA (also referred to herein as "Student Records"). The parties acknowledge that the School at all times owns the Student Records and each party must perform its obligations under the Agreement in compliance with FERPA and any regulations promulgated thereunder. Pearson and the School each designate the Lead School Administrator, School Staff, Customer, third party service providers (including Pearson and volunteers who are providing educational and/or administrative services to the Students as agents of the School) as individuals having a legitimate educational interest and thus entitled to access education records under FERPA. Pearson and the School shall also maintain Student Records in accordance with all other applicable laws and regulations.

4. Confidential Information. Each Party shall maintain the confidentiality of Student Records in accordance with applicable federal and state laws as more fully set forth in Schedule 13 (Legal Terms).
5. Data Security Breach. Pearson shall promptly report to the School Board, not later than the two business day following discovery, any use or disclosure of personally identifiable information from the School's education records or other information not suitable for public release (collectively, Covered Data or Information ("CDI")) that is not authorized by this Agreement or Applicable Law. Pearson agrees to promptly undertake to identify: (i) the nature of the unauthorized use or disclosure, (ii) the CDI used or disclosed, (iii) who made the unauthorized use or received the unauthorized disclosure, (iv) what Pearson has done or shall do to mitigate any deleterious effect of the unauthorized use or disclosure, (v) whether, and if so on what grounds, Pearson has determined that the security breach has not or is not likely to cause substantial loss or injury to, or result in identity theft with respect to, one or more residents of this state, and (vi) what corrective action Pearson has taken or shall take to prevent future similar unauthorized use or disclosure. Pearson shall provide such other information as reasonably requested by the School Board. Pearson shall take appropriate action, in accordance with MCL 445.72, to notify affected individuals whose CDI may have been compromised.
6. Aggregated Data. Student specific data, including corresponding Caretaker data, is the property of the School, Student and/or the Caretaker ("Student Information"). Pearson will not use any such School-owned Student Information for any non-school related purpose without obtaining the written permission of the School or the Student or Student's Caretaker (as the case may be).
 - a. Pearson may freely aggregate School owned Student Information so long as such aggregated use does not reveal identifying characteristics that would enable a third party to determine the identity of any individual Student, including that Student's Caretaker.
 - b. All such aggregated data shall be the property of Pearson. Pearson may freely use all such aggregated data and identify its source as being the School.
 - c. Pearson shall, from time to time, provide to the School reports in an electronic format requested by the School to the extent Pearson's systems and capabilities permit. Upon receipt of such request from the School, Pearson will work with the School to formulate queries, formats and designs that will generate Student Information in a manner most useful to the School, based on the School's objectives and Pearson's existing capabilities.
7. Communications from Pearson. Customer acknowledges and agrees that Pearson may periodically contact Authorized Users for the School in connection with the Education Program, as well as to inform Caretakers and Students of educational opportunities related to such Students' academic pursuits in compliance with state and federal law. Unless prohibited by law, the School specifically consents to such communications being delivered to Caretakers and Students via the EMS WebMail portal and message boards, personal email to the extent such information is available, and direct mail. Except as expressly permitted by law, Pearson will not deliver communications to Students that constitute targeted advertising based on personally identifiable information from Student Records. Telephone communications will be limited to School related communications of an immediate nature that impact a Student's access to the Education Program or are related to the Students' academic participation and/or academic achievement. By accessing the Licensed Collateral, the School and Authorized Users will be deemed to have consented to receive such communications.

Schedule 8 Technology

1. Technology. In support of the Spring Term, Pearson will provide Computer Technology on an as needed basis, focusing first on School and Administrative Staff, and second on Students whose Chromebooks require replacing or are not otherwise enabling those students to engage the Education Program. Assuming the School is reauthorized and issued a charter contract by Authorizer that expires on June 30, 2024, Pearson will provide the following Computer Technology and services associated therewith in support of the 2023-24 Academic Year:
 - a. School and Administrative Staff. Pearson will provide and maintain in working condition Computer Technology for School Staff and Administrative Staff. Notwithstanding the above, all School and Administrative Staff data files stored on the Computer Technology shall remain the property of the School and Pearson shall make reasonable efforts to provide the School an opportunity to remove the data prior to the return of devices upon the termination of this Agreement or upon the termination of employment of such respective School Staff, whichever is sooner.

Currently technical support hours for Students and Caretakers are Monday-Friday 9:00 a.m. to 9:00 p.m. (ET), and to School Staff Monday-Friday 8:00 a.m. to 6:00 p.m. (ET). Technical support hours are subject to change. For Students not using computer technology provided by Pearson, Pearson shall provide initial technical support to ensure Students have the minimum requirements necessary to participate in the Education Program, and ongoing technical support on an as needed basis for the Students' use of the EMS.
 - d. Student Technology Support Stipend Administration. To the extent the Customer has established a student technology support stipend program, Pearson shall act as the agent for administering such a program. Payment of the stipend to eligible households would be facilitated by Pearson, which will be issued to the Caretaker (and in certain circumstances, the Student) according to the schedule outlined in the School handbook, which shall be consistent with the rate used in the development of the Budget, when applicable. The Customer's student technology support stipend program will be limited to the eligibility and amount required by law unless Pearson has agreed to a program that exceeds the minimum required by law.

For the Spring Term, Pearson will work, consistent with the Transition Agreement, with Predecessor to maintain in place the current Technology solution implemented by Predecessor and to the extent necessary and feasible augment the Predecessor Technology solution on a case by case basis .

Schedule 9

As a supplement to the Benchmark Tests, Customer will ensure that the School will share data from other State required Classroom Diagnostic Tools (CDTs), to the extent the sharing of such data is permitted under applicable law including FERPA.

4. Curriculum Modification Requests. Engage the Solutions Partner with respect to all Curriculum Modification Requests as early as possible. Information regarding timelines and process to be followed for Curriculum Modification Requests can be found at <https://www.connectionsacademy.com/product-highlights>. Pearson prioritizes Course Modification Requests that relate to or arise out of a change in regulatory standards. Pearson cannot guarantee other requested modifications will be available by the requested date, but will work with Customer to deliver such modifications within a commercially reasonable timeframe given complexity of request, resource availability, and other such relevant considerations. In the event a specific Curriculum Modification Request cannot be implemented or Pearson is unwilling to implement any Curriculum Modification Request, Pearson shall provide Customer with an explanation with specificity of its decision and engage Customer on other options available to it, given Customer's motivation for the particular modification.

To the extent permitted by law, the Customer shall hold Pearson harmless and indemnify Pearson regarding such access.
8. Abide by Established Protocols, Policies and Procedures. The Customer shall abide by all Pearson established protocols, policies and procedures in connection with the Education Program, including requirements for Course completion (including awarding of transfer credit where applicable), grade attainment and attendance in order to meet minimum requirements for graduation with a School diploma, and return and recovery policies in connection with the use of Pearson-provided Computer Technology and Instructional Materials. In the event Customer becomes aware of a known or potential conflict with federal, State or local law, that makes compliance with this paragraph impossible or impracticable, Customer shall immediately provide Pearson with written notification of the known or potential conflict and

work with Pearson to satisfactorily resolve such conflict. During any period of time that the Customer fails to: (i) implement the Education Program with fidelity, including use of technology that can be effectively used to access the EMS and curriculum; (ii) timely and consistently implement any School Improvement Plan; or (iii) take corrective action with regard to any issue(s), matter(s), or concern(s) related to implementation of the Education Program brought to the Customer's attention by Pearson, Pearson and its agents, employees, and assigns, will not be deemed to have engaged in any wrongdoing, misconduct, negligence, or default under Schedule 13 - Indemnification, of this Agreement.

Throughout the Spring Term, the Board Chair or its designee shall at minimum meet bi-monthly to discuss the transition from Predecessor to Pearson and the School operations during the Spring Term, as well as the transition as it relates to the 2023-24 Academic Year. Customer will facilitate meetings with Board Chair, Pearson and Authorizer on a cadence agreeable by Authorizer.
10. Non-Pearson Computer Technology. In the event that the Customer elects to procure any of its Computer Technology from a source other than Pearson, Customer shall provide written assurances to Pearson that the Customer or other third party will provide comprehensive logistical support services comparable to those provided by Pearson and will assume all liability related to any failure by the School to provide such services.
11. Other Services. 12. Customer will provide written notification to Pearson of any amendment to the Charter Contract. To the extent such amendment materially changes any rights or obligations of Pearson under the terms of this Agreement, Pearson shall have the right to terminate this Agreement at the end of the Academic Year in which the Amendment is executed.

Schedule 10

Collection of Funds, Pricing and Payment Terms

1. Pricing and Payment Terms:

- a. Payments. During each year of the Term, including the Spring Term, as compensation for the Education Program under the terms of the Agreement, the Customer shall pay Pearson after, payment of any amounts paid to the Authorizer, ninety-six percent (96%) of all funding it is entitled to receive under the terms of its Charter Contract, including any federal and state grants, special education funding, and Title funding (collectively “School Funds”), regardless of the timing of the receipt of such funds, from which Pearson shall pay all operating costs of the School as detailed in the Board approved budget, as may be amended by the Board, and as otherwise noted in 1. b. below (Board Fund). To the extent any Elementary and Secondary School Emergency Relief (“ESSER”) funds have not been budgeted as of the Effective Date, Pearson and Customer agree to budget such funds for Staff compensation, substitute teachers, credit recovery programs, summer school, dual credit or other academic programs in support of the Education Program and as otherwise allowable by and consistent with ESSER guidelines. All such ESSER reimbursements shall be paid to Pearson consistent with applicable guidelines. To the extent ESSER funding is not fully expended by the end of the Agreement term, Customer shall retain the right to expend the unspent balance as deemed appropriate by Customer
- b. Board Fund. As noted above, Customer shall retain four percent (4%) of the School Funds, as well as its previously accumulated Fund Balance (the “Board Fund”). Customer is responsible for using the Board Fund to pay all of the Customer’s required expenses, such as legal expenses and audit fees, legal settlements or damage awards stemming from legal/regulatory action arising out of the 22-23 Academic Year or previous Academic Years, consultant fees; expenses owed to Pearson and insurance premiums; other expenses related to or arising out of the 22-23 Academic Year or previous Academic Years not specifically identified in this Agreement as a Pearson obligation. Any remaining funds in the Board Fund can be used at the Customer’s discretion or reserved for future use. Customer shall exercise its discretion such that at no time shall the Board Fund fall into a deficit. In the event that after exercising such discretion with all due diligence, the Board Fund falls into a deficit balance, Pearson will provide one-time credit, not to exceed \$100,000 to assist with restoring a positive Board Fund balance.

Federal and State grant funds will in part or in whole be applied to Staff related Compensation Expenses in accordance with applicable grant guidelines.
- e. Set-Up Fee. To compensate Pearson for extraordinary activities and costs associated with the Short-Term transition and program implementation, Customer shall pay Pearson a one-time set up fee of \$720,000. In the event that the School is reauthorized and issued a

charter contract by Authorizer ending June 30, 2024, the Set-Up fee shall be discounted to \$494,800.

2. Invoicing.

- a. The School Board may either pay or reimburse Pearson for approved fees or expenses upon properly presented documentation and approval by the School Board; or the School Board may advance funds to the Pearson for the fees or expenses associated with the School's operation provided that documentation for the fees and expenses are provided for School Board ratification at its next regularly scheduled meeting. Pearson shall invoice Customer monthly, unless the Parties agree in writing otherwise. Customer shall remit payment to Pearson for these invoices within thirty (30) days of receipt. Any other payments due to Pearson by Customer for funds received for additional state or federal revenues or receipts for Students with Special Needs shall be paid within thirty (30) days of Customer's receipt of such funds. The Parties may establish alternate payment arrangements by mutual agreement. In no event shall failure by Pearson to invoice Customer, in part or in full, constitute an abrogation of Customer's obligation to make payment to Pearson as provided for in this Schedule. Pearson shall be a priority vendor with respect to timing of payment, regardless of when a competing payment obligation arises, unless Pearson specifically agrees otherwise. With the exception of Pearson invoices, funds received by the School in a given Academic Year shall be used to pay obligations incurred in support of that Academic Year before being applied to obligations incurred in support of a past or future Academic Year. However, in all cases Pearson is a priority vendor with respect to payment obligations.
- b. In the event Pearson refunds or otherwise remits to Customer a sum greater than a refund or other payment obligation due, Customer is obligated to return any overpayment to Pearson upon receipt of notice of such overpayment.

3. Payment Agent. For the limited situations where Customer will need the support of a payment processor, the parties may agree to have Pearson act as its payment agent for various expenditures, in which case Pearson shall act as Customer's payment agent/payment processor. Pearson will submit to the Customer appropriate documentation evidencing payment of such expenditures and upon said submission shall be entitled to a dollar for dollar reimbursement for these expenses. All such payment agent services provided by Pearson shall be exclusively for expenses accruing in Academic Years covered by the Term. Pearson can, at any time, request the Customer prepay the amount of the expenditure prior to issuing payment on the Customer's behalf. See section 9.d for further information related to payment processing obligations.

4. State Audit Adjustments. To the extent that any adjustments as a result of a state audit are the result of Pearson's failure to adequately perform its responsibilities under this Agreement, Pearson will be required be responsible for any audit findings. Customer acknowledges that any audit findings based on School performance and/or operations data that is related to or arises out of the School's operations through June 30, 2023 will not be attributable to Pearson and therefore (no liability attach to Pearson as a consequence of those findings, including results of the February 2023 count day), unless it can be proven that any deficiency or finding is solely attributable to Pearson and not in any way attributable to Predecessor and/or Customer.

5. School Financial Services. Pearson shall:

- a. Provide accounting support services to the Customer, including providing all necessary supporting reports for all Pearson's activities under this Agreement.
- b. - c. Assist the School in the development of a Budget for the Customer's consideration and approval on an annual basis as well as any required Budget amendments.
- d. Provide audit support and local, state and federal financial reporting support, as well as related consultation support to the Governing Board, its finance committee and its audit committee. Audit support for the 2022-2023 Academic Year is subject to the qualifying language set out in Schedule A.
- e. Not select or retain the independent auditor for the School.
- f. For the limited situations where Customer will need the support of a payment processor, Pearson will serve as an invoice payment processor for the School. All costs associated with the payment processing of such invoices, however, remain the responsibility of the School and will be reimbursed at cost to Pearson. In the event Customer requests invoice processing for an invoice, and Pearson reasonably believes (i) the Customer lacks sufficient funds to reimburse Pearson within thirty (30) days of presentation, or (ii) timely reimbursing Pearson will result in the Customer not having sufficient funds to timely pay Pearson for services rendered pursuant to the terms of this Agreement, or (iii) payment of such invoice is for services that supports the Customer for an Academic Year during which Pearson is not going to be providing services under this Agreement or a renewal of this Agreement or supported the Customer prior to the Effective Date of this Agreement, or (iv) Customer is in arrears on its payment obligations to Pearson for any reason, then Pearson, in its sole discretion, may refuse to process such invoice or require prepayment of the reimbursement as a condition of processing the invoice. For payment obligations of the School arising during or out of the time period commencing on or before the Effective Date through June 30, 2023 (including any disputes with Predecessor), Pearson will determine in its sole discretion and on a case by case basis whether to act as Customer's invoice payment processor and under what conditions, including prepayment of invoices being processed.
- g. Any services to be provided by Pearson that are included in the management fee but are performed by a subcontractor shall not be charged to, reimbursed by, or passed through as an additional cost to the School. No corporate costs of Pearson shall be charged to, or reimbursed by, the School.

In addition, assuming the School is reauthorized and issued a charter contract by the Authorizer ending June 30, 2024, Pearson will maintain and keep in force insurance policies and limits no less than the amounts required under the applicable Charter Contract and the Center’s ESP policies as well as such amounts as outlined below, to cover insurable risks associated with operations under this Agreement. Pearson’s insurance is separate from and in addition to the insurance the School Board is required to obtain under the Charter Contract. The below limits of liability may be provided under the primary insurance policies, or in a combination with the limits provided by an Umbrella or Excess policy. Schedule 13

Legal Terms

1. Term. The Term of this Agreement shall be as described in Section 2 of the cover page of this Agreement.
2. Termination. Any notice of early termination shall take effect at the closing of the last day of the Academic Year, unless otherwise agreed to by the parties or provided for herein. Notices of termination must be made in writing and delivered to the addresses set forth herein no later than December 15 of the current Academic Year, unless another date is specifically provided for, and shall list all reasons for said early termination. Except as specifically provided for herein, this Agreement can only be terminated before its expiration as follows:
 - a. By either Party if Authorizer does not reauthorize the School and issue a charter contract by Authorizer ending June 30, 2024.
 - b. By either party, if one (1) party materially breaches this Agreement and fails to cure the breach within thirty (30) days following written notification of the breach from the other party. In the event objectively ascertainable reasonable efforts have been made to effect the cure and the breach at issue does not objectively lend itself to cure within that thirty (30) day period, then such additional time as necessary to complete the cure, but in no event longer than sixty (60) days following written notification of the breach. Allegations of breach by Customer arising out of or related to the delivery of services set forth in the Schedules identified in Schedule A shall not be a basis for termination of this Agreement until July 1, 2024
 - c. By Pearson, if, in Pearson's sole opinion, (i) the payments to which Pearson is entitled as set forth in Schedule 10 of this Agreement are not paid in accordance with terms of the Agreement or are materially reduced as a result of a change in funding provided to the School, or (ii) applicable laws or regulations impose requirements that are materially different from those previously provided under this Agreement and Pearson is unwilling or unable to make the required changes. Termination under this provision may only take effect on the earlier of the effective date of the change in funding provided to the School (as applicable) or at the end of the then current Academic Year;
 - d. By Pearson, if there are unresolvable differences between the Parties relating to what Pearson, in its sole discretion, considers to be conduct that reflects materially and unfavorably upon Pearson's reputation with respect to the manner in which School carries out its responsibilities under the terms of this Agreement and Pearson provides the School with thirty (30) days written notice of its intent to terminate during which such time the Parties shall work in good faith to alleviate to Pearson satisfaction the circumstances giving rise to the unresolvable differences. Termination under this provision may only take effect at the end of the Academic Year in which such notice is given;
 - e. By either party, immediately, if the Charter is terminated or if the School is otherwise no longer authorized by the Authorizer as required by applicable state law and regulation.
3. Obligations in Anticipation of Termination or Non-Renewal. Assuming the School is reauthorized and issued a charter contract by the Authorizer ending June 30, 2024, then as to Academic Years 2024-25 and beyond, in the event the Agreement is not renewed, but the School's Charter is renewed, Customer shall be solely responsible for providing all services in

support of the School's preparation for the Academic Year following termination or non-renewal of the Agreement, regardless of when during the calendar year those services typically commence. Such services include, but are not limited to, marketing, enrollment, intent to return process, budget development, development of any charter renewal application or other public filings. For example, if the Agreement terminates or non-renews as of June 30, 2024, then any services historically provided by Pearson in preparation for an upcoming Academic Year (in this example, the 2024-2025 Academic Year), is the sole responsibility of Customer. In addition, upon notice of Customer's intent of non-renewal or termination, it will be in Pearson's sole discretion whether Customer or School Staff is included in Connections Academy school meetings, trainings and events.

4. Obligations on Termination. In the event this Agreement is terminated by either party for any reason:
 - a. Pearson shall provide reasonable assistance to Customer in the Customer's transition of Pearson's responsibilities or in the wind-down of the School's operations; provided, however, this provision shall not apply if the Agreement was terminated due to Customer's material breach thereof.
 - b. Each party will promptly (not later than thirty (30) days after the effective date of termination) return to the other party all Confidential Information, property and material of any type belonging to the other party, including but not limited to, electronic versions, hard copies and reproductions and will not retain copies of any such property or material except as may be expressly permitted in this Agreement;
 - c. All access to the EMS and other educational products and services contracted for herein shall be discontinued upon the effective date of any such termination;
 - d. Pearson shall provide to Customer copies of all Student Records not otherwise in the School's possession or able to be taken into Customer's possession through self-help means available to the Customer through its access rights, within a reasonable time after receipt of such request, taking into account Pearson's competing priorities;
 - e. The Customer shall pay Pearson all amounts due under this Agreement upon the earlier of either their due dates or thirty (30) days after the effective date of termination.
 - f. Customer's license to use the Licensed Marks shall immediately terminate, except as expressly permitted in this Agreement. The Customer agrees that within thirty (30) calendar days from the date of termination, all references to "Connections Academy" or "Pearson", and any other Licensed Marks shall be removed from the School's signage, stationary, website, marketing materials and any other material or location it appears.
 - g. In the event the Agreement terminates due to the School's cessation of operations for any reason, Customer shall pay a "Wind-Down Service Fee" as follows:
 - i. If the termination date is a date prior to the start of the 2023-24 Academic Year, the Wind-Down Service Fee shall be an amount equal to \$500 multiplied by the number of students enrolled on the last day Students enrolled in the School are provided access to the EMS;

5. Grant of Rights and Access.

- a. License. Pearson hereby grants to the School a non-exclusive, nontransferable, royalty-free, limited license during the Term of the Agreement for Authorized Users to access and use the EMS and the Content and Instructional Materials and other Intellectual Property contained in the EMS (collectively the “Licensed Collateral”). The Authorized Users’ right to access and use the Licensed Collateral is solely for the intended purpose for which the access is granted and is subject to Pearson’s Intellectual Property provisions of this Agreement set forth below, as well as the Terms of Use, which may be updated from time to time (<https://www.connexus.com/public/termsOfUse.html>) and the School Handbook (The Terms of Use will govern in the event of any conflict between the Terms of Use and the School Handbook). Pearson may update the features and functions of the EMS from time to time. Any right to use the Content and Instructional Materials shall be solely for the applicable Course for which a Student is enrolled or that an Authorized User is otherwise authorized to access.
- b. Permitted and Prohibited Uses.
 - i. All rights not expressly granted to the School and Authorized Users pursuant to this Agreement are reserved to Pearson, and any uses of the Licensed Collateral by the School and Authorized Users not expressly permitted in this Agreement are strictly prohibited.
 - ii. Unless otherwise authorized by Pearson in furtherance of the delivery of Education Program related services, School will not, and will not permit Authorized Users, School’s employees or agents or any third party to: (i) access the Content and Instructional Materials or the EMS, except in connection with Courses for which a Student is enrolled; (ii) use the Curriculum, Content and Instructional Materials except in strict compliance with the Agreement, the Terms of Use and the School Handbook; (iii) copy, reproduce, modify, alter, transfer, transmit, perform, publish, display, sublicense, distribute, circulate provide access to, rent, or create Derivative Works from the Content and Instructional Materials or any portion thereof; (iv) decompile, reverse engineer, disassemble, or otherwise determine or attempt to determine the source code (or the underlying ideas, algorithms, structure or organization) of the Content and Instructional Materials or of the EMS; (v) upload files that contain viruses, Trojan horses, worms, time bombs, cancel bots, corrupted files, or any other similar software or programs that may damage the operation of the EMS; (vi) take any actions, whether intentional or unintentional, that may circumvent, disable, damage or impair the control or security systems of the EMS or the Content and Instructional Materials, nor allow or assist a third party to do so; (vii) use the Content and Instructional Materials in a manner that disparages the EMS, Content, Instructional Materials, Pearson or its content providers, or in any manner that Pearson may, in its sole discretion, deem inappropriate; or (viii) disclose Log-In Information or permit access to the EMS and/or the Content and Instructional Materials by unauthorized persons using an Authorized User’s Log-In Information.
- c. Usage Guidelines and Rules of Conduct. The School (including its employees and agents) and Authorized Users may use the Licensed Collateral for bona fide educational and other contracted-for purposes only. The School will comply and assure compliance by its

employees, agents and the Authorized Users with Terms of Use of the EMS, Privacy Policy, and other applicable Pearson policies, as well as the School Handbook, all or any of which may be updated from time to time. The Privacy Policy and Terms of Use are posted on the Website and are accessible from the EMS login page. The School acknowledges that Pearson may also institute basic rules for academic and personal conduct for Authorized Users' use of the Licensed Collateral, and that Pearson will enforce those rules in its sole discretion, including terminating access for Authorized Users in the event of their failure to adhere to those rules. Included in the rules of conduct are prohibitions against any Authorized User's attempt to make inappropriate communication or contact with any other Authorized Users through the EMS, as well as, hacking, viral infection, or other technical attempts to gain unauthorized access to or cause damage to the EMS. The School shall immediately provide Pearson with written notice of any unauthorized use or distribution of the Content, Instructional Materials, Education Program, or any use of the EMS that violates the Terms of Use, of which the School becomes aware and shall take all necessary steps to ensure that such unauthorized or inappropriate use or distribution is terminated.

- d. Security and Use of Passwords. Each Authorized User will have a username and password for the purpose of accessing the EMS and the Content and Instructional Materials (the "Log-In Information"). The School and its Authorized Users must keep all Log-In Information strictly confidential, and all Log-In Information may be used only by the assigned Authorized User. The School and its Authorized Users are responsible for maintaining the security and confidentiality of all Log-In Information, and for preventing access to the EMS and/or the Content and Instructional Materials by unauthorized persons using an Authorized User's Log-In Information. Unauthorized access to or use of the EMS and/or the Content and Instructional Materials by someone using an Authorized User's Log-In information may be attributed to such Authorized User.
- e. Availability and Support. Pearson strives to provide access to the EMS twenty-four (24) hours per day, seven (7) days per week; however, it is anticipated that there will be periodic system interruptions due to occasional computer technology failures, system maintenance and updates, and/or internet provider service interruptions and that those interruptions may be for an extended period of time due to events such as but not limited to times of social disruption, cyber-security incident, or catastrophic system failures or preemptive measures taken to avoid or minimize an unauthorized data disclosure event, cyber-security incident or catastrophic system failure. Any system access failures resulting from degradation or loss of internet access is outside the control of Pearson and cannot be attributed to Pearson.
- f. School Name. During the Term, Pearson grants a limited, royalty free, nontransferable license for the duration of the Term, unless terminated earlier as described herein, to use the Star person design mark in proximity to its School name, Great Lakes Learning Academy, the School being operated under the terms of this Agreement. School agrees to adopt as requested by Pearson, any aesthetic changes, such as font and color scheme, to the Star person design mark or other design mark that Pearson adopts to be used in proximity to the School name. The School agrees that Pearson is permitted to place in proximity to the School's name an endorsement, including but not limited to "by Pearson."
- g. Social Media. As part of its public relations and outreach service offering to Customer, Pearson has agreed to develop, manage and maintain a website and other social media

presence, which currently consists of a Facebook page, but may expand or be migrated to other social media platforms (collectively “Social Media Channels”), exclusively for the use of the School. The design, branding/name, URL, content (including quoted material from School teachers and families obtained by Pearson) are for use on the website and Social Media Channels, including related metadata, and are developed and maintained by Pearson as its exclusive intellectual property. School is hereby granted a beneficial license to the website and Social Media Channels during the term of this Agreement, and any extension thereto. Customer is prohibited from creating branded Social Media Channels without the express written consent of Pearson, which consent can be freely withheld. Updates to the website or Social Media Channels, except updates required by law, shall no longer be made as of February 20 of the last year of the Term and Social Media Channels will be deactivated as of April 30 of the last year of the Term. Further, except for graduation support, no School specific public relations services will be provided after April 30 of the last year of the Term. Under no circumstances is Customer or any third-party service provider of Customer permitted to copy or otherwise use any content, including metadata, from Pearson’s developed and maintained website and Social Media Channels. All search history, metadata, and similar attributes of use of the website and Social Media Page Channels inure to the exclusive benefit of Pearson.

<http://www.connectionsacademy.com/Libraries/PDFs/CACCommonLawTrademarks.pdf>

(collectively, the “Licensed Marks”). Pearson grants to the School a non-exclusive, non-transferable, royalty-free sub-license to use the Licensed Marks during the term of this Agreement solely in connection with the performance of this Agreement and subject to pre-approval of such use by Pearson. The School agrees to use the Licensed Marks in accordance with any trademark usage guidelines provided by Pearson, the most up-to-date version of which can be found at: <http://www.connectionsacademy.com/terms-of-use/trademark-guidelines.aspx>. Pearson retains all right, title and interest in and to the Licensed Marks and any related proprietary rights not expressly granted to the School hereunder. All goodwill attributable to the Licensed Marks will inure exclusively to the benefit of Pearson.

- b. Upon termination of this Agreement, the School’s license to use the Licensed Marks shall immediately terminate, except as expressly permitted in this Agreement. The School agrees that within thirty (30) calendar days from the date of termination, all references to Star person, “Connections Academy”, and any other Licensed Marks shall be removed from the School’s signage, stationary, website, marketing materials and any other material or location it appears.

7. Intellectual Property.

- a. Limitations on Use. The Licensed Collateral, including but not limited to, the EMS and all technology, programs, services, and materials hosted thereon, the Curriculum, all tangible and intangible education materials, all Pearson trademarks and copyrighted works are the Intellectual Property of Pearson. The School’s right to use and benefit from said Intellectual

Property is limited to its license rights set forth in this Agreement and shall terminate automatically with the termination of expiration of this Agreement.

- b. No Sale. Nothing in this Agreement shall be interpreted to be a sale or transfer of ownership interest from Pearson to the School, School Staff, Students, Caretakers, or Learning Coaches.
- c. No Use of School Funds to Develop or Procure. No School funds shall be used by Pearson to develop or procure Courses or Content or Instructional Materials or improvements to the EMS, provided, however, any School funds paid to Pearson for provision of the Education Program hereunder, once paid, shall not be deemed to be School funds, but shall be compensation for services rendered by Pearson. Any use of such compensation by Pearson shall be its proprietary information, subject to trade secret protection, and not subject to disclosure.

8. Confidentiality.

- a. Confidential Information. The receiving party shall use the Confidential Information of the disclosing party only in connection with the furtherance of the business relationship between the parties, and the receiving party shall make no further use, in whole or in part, of any such Confidential Information. The receiving party agrees not to disclose, deliver or provide access to all or any portion of the disclosing party's Confidential Information to a third party or to permit a third party to inspect, copy, or duplicate the same. The receiving party will disclose Confidential Information only to its employees and agents who have a need to know such Confidential Information in connection with the performance of the Agreement and who are under a written obligation to protect the confidentiality of such Confidential Information. The receiving party will treat the Confidential Information with the same degree of care and confidentiality that the receiving party provides for similar information belonging to the receiving party that the receiving party does not wish disclosed to the public, but not less than holding it in strict confidence.
- b. Student Records. Pearson and the School acknowledge and agree that pursuant to FERPA and any regulations promulgated thereunder, the parties have certain obligations with regard to maintaining the security, integrity and confidentiality of "education records", as that term is defined by FERPA (also referred to herein as "Student Records"). The parties acknowledge that the School at all times retains ownership of Student Records and that each party must perform its obligations under the Agreement in compliance with FERPA and any regulations promulgated thereunder. Pearson and the School each designate the Lead School Administrator, School Staff, Customer, third party service providers (including Pearson and volunteers who are providing educational and/or administrative services to the Students as agents of the School) as individuals having a legitimate educational interest and thus entitled to access education records under FERPA. Pearson and the School shall also maintain Student Records in accordance with all other applicable laws and regulations.
- c. Exceptions. The foregoing shall not prevent the receiving party from disclosing Confidential Information that must be disclosed by operation of law, provided: (i) the receiving party shall promptly notify the disclosing party of any such request for disclosure in order to allow the disclosing party full opportunity to seek the appropriate protective orders, and (ii) the receiving party complies with any protective order (or equivalent)

imposed on such disclosure. It is understood and agreed that this is not intended to permit the disclosure of education records referenced in the sub-section above, unless permitted by Applicable Law.

- d. Directory Information. To the extent permitted by law, Pearson is authorized by Customer without submitting a formal public records request, to collect Directory Information from School for purposes of supporting Pearson’s advocacy efforts on School’s behalf and for communicating with families about other educational opportunities available through Pearson or its affiliated businesses.
 - e. Return of Confidential Information. The receiving party agrees that it will, within ten (10) days after written request by the disclosing party, return to the disclosing party, or at the option of the disclosing party, destroy and certify in writing the destruction of, all Confidential Information received from the disclosing party, including copies, reproductions, electronic files or any other materials containing Confidential Information.
 - f. Remedy for Breach. The parties acknowledge that monetary damages may not be a sufficient remedy for unauthorized disclosure of Confidential Information or other trade secret information to which a party gains access (either authorized or unauthorized) and that a party shall be entitled, without waiving any other rights or remedies, and without the posting of bond or other equity, to such injunctive or equitable relief as may be deemed proper by a court of competent jurisdiction.
9. Indemnification.
- a. Indemnification Obligations Prior To July 1, 2023. To the extent permitted by law, Customer shall defend, indemnify, save and hold harmless Pearson, its Affiliates, Parent, subsidiaries and its respective directors, officers, agents and employees (together “Indemnified Party”) against and from any and all claims, actions, liabilities, costs, expenses, damages, injury or loss (including reasonable attorney's fees) made, brought, incurred, or alleged by any third party (“Claim”) to which the Indemnified Party, its Affiliates and their respective directors, officers, agents and employees may be subject to liability by reason of any wrongdoing, misconduct, negligence, willful misconduct or default by the Customer and/or Predecessor, its agents, employees, subcontractors, or assigns in connection with School operations occurring prior to July 1, 2023. This indemnification, defense and hold harmless obligation on behalf of Indemnifying Party shall survive the termination of this Agreement.
 - b. Indemnification Obligation As of July 1, 2023. To the extent permitted by law, each party shall defend, indemnify, save and hold harmless the other party, its Affiliates, Parent, subsidiaries and its respective directors, officers, agents and employees (together “Indemnified Party”) against and from any and all claims, actions, liabilities, costs, expenses, damages, injury or loss (including reasonable attorney's fees) made, brought, incurred, or alleged by any third party (“Claim”) to which the Indemnified Party, its Affiliates and their respective directors, officers, agents and employees may be subject to liability by reason of any wrongdoing, misconduct, negligence, willful misconduct or default by the Indemnifying Party, its agents, employees, subcontractors, or assigns in connection with the performance of this Agreement. This indemnification, defense and hold harmless obligation on behalf of Indemnifying Party shall survive the termination of

this Agreement. Pearson's obligations hereunder shall be limited to services provided in support of the 2023-24 Academic Year and beyond.

- c. Indemnification Procedure. The Indemnified Party will: (a) promptly notify the Indemnifying Party in writing of any claim, loss, damages, liabilities and costs, and for third party claims, (b) allow the Indemnifying Party to control the defense, and (c) reasonably cooperate with the Indemnifying Party in the defense and any related settlement negotiations. In addition to any defense provided by the Indemnifying Party, the Indemnified Party may, at its expense, retain its own counsel. If the Indemnifying Party does not promptly assume the Indemnified Party's defense against any third-party claim, the Indemnified Party reserves the right to undertake its own defense at the Indemnifying Party's expense.
10. Power and Authority; Authorization. Each Party has the power and authority to execute and deliver this Agreement and to perform its respective obligations hereunder. The Customer has provided and will provide Pearson with the authority and power necessary and proper to undertake its obligations and responsibilities pursuant to this Agreement.
11. Sales Tax, Gross Receipts Tax or Other Business Tax (collectively "Business Tax"). The School shall provide Pearson with support that it is tax exempt. The School shall be responsible for all state or local Business Tax assessed, if any, based on the Education Program provided by Pearson hereunder, regardless of whether such law assigns responsibility for payment of the tax to Pearson.
12. Limitation of Liabilities. In no event will either Party, or such Party's Affiliates, directors, officers, employees, or agents, be responsible or liable for the debts, acts or omissions of the other Party or such Party's Affiliates, directors, officers, employees, or agents.
13. Governing Law. This Agreement shall be governed and controlled by the laws of the State in which the School is located. Any legal actions prosecuted or instituted by any party under this Agreement shall be brought in a court of competent jurisdiction located in that State, and each party hereby consents to the jurisdiction and venue of any such courts for such purpose.
14. Dispute Resolution. Any dispute arising out of or relating to this Agreement shall be resolved in accordance with the procedures specified in this Section, including disputes related to whether a Party has breached this Agreement, unresolvable difference between the Parties, or Customer's payment of sums owed to Pearson under this Agreement.
 - a. Negotiation. The parties agree to negotiate in good faith all disputes arising out of or relating to the rights and obligations of the Parties, as set forth in this Agreement and/or established by applicable law. Any dispute not resolved within the normal course of business shall be referred to the Senior Vice President of Partnerships and Customer Success for Pearson and Customer's designee, for discussions related to the nature of the dispute and an agreed course of action as to how to resolve the dispute or to other such persons within the organization of Pearson and the School as the Parties mutually deem appropriate.
 - b. Mediation. In the event the parties are unable to fully resolve a dispute through negotiation, each Party agrees to submit all unresolved disputes to nonbinding mediation pursuant to processes and procedures mutually agreed upon by the Parties. In the event the Parties are unable to agree to such processes and procedures, the Parties agree to submit the matter to

- a third party agreed upon by the Parties, who will establish the processes and procedures by which such unresolved disputes will be mediated. In the event the dispute arises out of an early termination provision allowing for a cure period, mediation must occur within the cure time frame permitted under such provision. For any mediation, a cause opinion (written explanation) as to the final decision is required. The Center shall be notified of said decision and, upon the Center's request, the cause opinion shall be made available.
- c. Confidentiality. The Parties agree to treat all discussions and sharing of documents related to this Section 13 as confidential and not subject to disclosure to any third party to the extent permissible by law, except as consented to by the disclosing Party. In the event the Parties are unable to resolve such dispute through nonbinding mediation, to the extent such dispute remains unresolved, each Party, upon providing the other party ten (10) calendar days' notice of its intent to do so, may pursue their respective contractual, administrative, legal and/or equitable remedies available to them in order to fully resolve such dispute.
15. Attendance at Meetings. The parties agree that during the Term, Pearson is hereby invited (through a Pearson-designated individual or individuals) to attend all Governing Board closed session meetings except to the extent such attendance: (i) is prohibited by applicable law; (ii) will result in a waiver of the attorney/client privilege; (iii) will result in Pearson being present during discussions concerning negotiations regarding the renewal or termination of this Agreement, or (iv) will result in Pearson being present during discussions regarding such other matter with respect to which Pearson has a conflict of interest.
16. Non-Discrimination. Neither Pearson nor the Customer will discriminate against any person on the basis of race, creed, color, sex, national origin, religion, ancestry, sexual orientation or disability, or any other basis prohibited by federal or State law.
17. Severability. If any provision of this Agreement is held to be invalid or unenforceable, it shall be ineffective only to the extent of the invalidity, without affecting or impairing the validity and enforceability of the remainder of the provision or the remaining provisions of this Agreement; provided, however, that if such invalidity or unenforceability, in Pearson's sole discretion, materially affects Pearson's ability to provide the Education Program, Pearson may terminate this Agreement.
18. Successors and Assigns. The terms and provisions of this Agreement shall be assignable by either party only with the prior written permission of the other, which consent shall not be unreasonably withheld; provided that a change in control of Pearson or its managing member or an assignment from or to a wholly owned subsidiary of Pearson, notice of which shall be provided by Pearson to Customer, shall not be deemed a violation of this Agreement if such assignment is made without prior written permission. This Agreement is not assignable without prior notification to the Center. Any assignable party will be considered an educational service provider, as defined by the Center's ESP policies, and will be subject to the same requirements as set forth in the Center's ESP policies.
19. Complete Agreement; Modification and Waiver. This Agreement, including all schedules, exhibits and addenda attached thereto, constitutes the entire agreement between the Parties with respect to the matter contained herein and supersedes all prior and contemporaneous agreements, warranties and understandings of the Parties. There are no agreements, representations or warranties of any kind except as expressly set forth in this Agreement. No supplement, modification or amendment of this Agreement shall be binding unless executed

in writing by both parties, provided, however, the parties may execute written amended (including restated) schedules without amending the entirety of the Agreement. Unless any amendment results in a modification of fee for services or other remuneration to either party, the SVP, Business Development and Customer Success is authorized by Pearson to execute schedule amendments. No waiver of any provision of this Agreement will be effective unless it is in writing and signed by the Party to be charged with such modification, and no such waiver will constitute a waiver of any other provision(s) or of the same provision on another occasion.

20. Force Majeure. If any circumstance should occur that is not anticipated or is beyond the control of a Party or that delays or renders impossible or impracticable performance as to the obligations of such Party, the Party's obligation to perform such services shall be postponed for a period equal to the time during which such circumstance shall exist, or, if such performance has been rendered impossible by such circumstance, then the performance of such obligation shall be cancelled.
21. No Third-Party Rights. This Agreement is made for the sole benefit of the Parties. Except as otherwise expressly provided, nothing in this Agreement shall create or be deemed to create a relationship among the Parties or any of them, and any third party, including a relationship in the nature of a third-party beneficiary or fiduciary.
22. Professional Fees and Expenses. Each party shall bear its own expenses for legal, accounting, and other fees or expenses in connection with the negotiation of this Agreement.
23. 501(c)(3) Status. The Parties agree to negotiate in good faith an amendment to this Agreement to cure any IRS cited defect in the Agreement that will impede the issuance of a determination from the IRS that the School is a tax exempt organization under Internal Revenue Code Section 501(c)(3) (only applicable where a school has applied for 501(c)(3) designation).
24. Counterparts. This Agreement may be signed in counterparts, which shall together constitute the signed original Agreement.
25. Compliance with Laws, Policies, Procedures, and Rules. Each Party will comply with all applicable federal and state laws and regulations including all the specific requirements of the applicable Charter Contract, applicable local ordinances and the School's policies whether or not specifically listed in this Agreement.
26. Interpretation of Agreement. The parties hereto acknowledge and agree that this Agreement has been negotiated at arm's length and between parties equally sophisticated and knowledgeable in the subject matter dealt with in this Agreement. Accordingly, any rule of law or legal decision that would require interpretation of any ambiguities in this Agreement against the party that has drafted it is not applicable and this Agreement shall be interpreted in a reasonable manner to affect the intent of the parties as set forth in this Agreement.
27. Headings; Exhibits. The section headings contained herein are for convenience only and shall not in any way affect the interpretation or enforceability of any provision of this Agreement. All schedules and exhibits to this Agreement are incorporated herein and shall be deemed a part of this Agreement as fully as if set forth in the body hereof.
28. Authority to Enter into Agreement. Each Party represents and warrants that it has the right, power, and authority to enter into this Agreement, to become a Party hereto and to perform its obligations hereunder. This Agreement is a legal, valid and binding obligation of such Party,

enforceable against such Party in accordance with its terms. Each party further warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and to bind each respective party.

29. Electronic Signatures. This Agreement and related documents may be accepted in electronic form (e.g., by scanned copy of the signed document, an electronic or digital signature or other means of demonstrating assent) and each Party's acceptance will be deemed binding on the Parties. This Agreement may also be signed in counterparts, which shall together constitute the signed original Agreement. Each Party acknowledges and agrees that it will not contest the validity or enforceability of this Agreement and related documents, including under any applicable statute of frauds, because they were accepted or signed in electronic form. Each Party further acknowledges and agrees that it will not contest the validity or enforceability of a signed scanned PDF or facsimile copy of this Agreement and related documents on the basis that it lacks an original handwritten signature. Facsimile and scanned PDF signatures shall be considered valid signatures as of the date hereof. Computer maintained records of this Agreement and related documents when produced in hard copy form shall constitute business records and shall have the same validity as any other generally recognized business records.
30. Survival. The rights and responsibilities the parties with respect to Fees and State Audit Adjustments; Trademarks; Derivative Works; Confidentiality; Obligations on Termination; Indemnification; Limitation of Liabilities; Notice; Governing Law; Resolution of Disputes; No Third-Party Rights; Professional Fees and Expenses; Compliance with Laws, Policies, Procedures and Rules; Interpretation of Agreement; and Status and Relationship of Parties, shall survive the termination of this Agreement to the extent permitted by law.

17.3 Tenant shall have the right to sublease, convey, transfer and assign all or any portion of its space, subject to Landlord's consent, which consent shall not be unreasonably withheld, conditioned or delayed. There will be no sharing with the Landlord any profits gained from the sublease or assignment of this Lease.

17.4 Tenant may assign or sublet the Premises, or any portion thereof, without Landlord's consent, to any entity which controls, is controlled by or is under common control with Tenant, or to any entity resulting from the merger or consolidation with Tenant, or to any person or entity which acquires all the assets of Tenant as a going concern of the business that is being conducted on the Premises, provided that said assignee assumes, in full, the obligations of Tenant under this Lease.

17.5 If Tenant requires that the Premises be sublet to an entity other than Tenant (a "School") which carries the authorization to operate a school in the jurisdiction where the Premise is located, Tenant requires that Landlord provide its pre-approval and consent to such sublease and the form of the sublease shall be reviewed and approved by Landlord prior to Lease execution and attached to the Lease as Exhibit B. Tenant will not be relieved of liability under the Lease with respect to such Sublease.

ARTICLE 18 RULES AND REGULATIONS

18.1 Tenant shall obey and observe (and, as applicable, compel its officers, employees, contractors, licensees, invitees, subtenants, concessionaires and all others doing business with it to obey and observe) all reasonable rules and regulations established by Landlord from time to time with respect to the facilities, improvements, conduct of Tenant and/or welfare of the Commercial Development so long as said rules are reasonable when applied to Tenant.

It is understood that telephones are installed solely for the use and benefit of Tenant and accordingly, to the extent permitted by law, Tenant will defend and save Landlord harmless from any damages thereto, except where damage occurs as a result of intentional acts or negligence on the part of Landlord or its agents.

F. Tenant understands and agrees that the vehicle of any Tenant, its employees, agents or guests, parked in an unauthorized area, and particularly in areas designated as fire lane areas, or parked in such a manner that more than one space is utilized, may be towed away at owner's risk and expense.

ARTICLE 19 EMINENT DOMAIN

19.1 **EMINENT DOMAIN.** If the whole or any substantial part of the Premises shall be taken by any public authority under the power of eminent domain, then the term of this Lease shall cease on the part so taken on the date possession of that part shall be required for public use. Any Rent paid in advance of such date shall be refunded to Tenant, and Landlord and Tenant shall each have the right to terminate this Lease upon written notice to the other, which notice shall be delivered within thirty (30) days following the date notice is received of such taking. In the event that neither party hereto shall terminate this Lease, Landlord shall make all necessary repairs to the Premises to render and restore the same to a complete architectural unit and Tenant shall continue in possession of the portion of the demised Premises not taken under the power of eminent domain, under the same terms and conditions as are here provided, except that the Rent reserved herein shall be reduced in direct proportion to the amount of the Premises (building structure only) so taken. All damages awarded for such taking shall belong to and be the property of Landlord, whether such damages be awarded as compensation for diminution in value of the leasehold or to the fee of the Premises; provided, however, Landlord shall not be entitled to any portion of the award made to Tenant for removal and reinstallation of trade fixtures, loss of business, or moving expenses.

ARTICLE 20 DEFAULT

20.1 In the event of any failure of Tenant to pay any rents or other charges or sums promptly when due for more than seven (7) days after written notice of such default shall have been given to Tenant, or any failure to perform any other of the terms, conditions or covenants of this Lease to be observed or performed by Tenant for more than thirty (30) days after written notice of such other default shall have been given to Tenant, or if Tenant shall discontinue operating its business, leave or abandon the Premises, or suffer this Lease to be taken under any writ of execution or in bankruptcy or receivership then Landlord, besides all other rights or remedies it may have by law and in equity, subject to a duty to mitigate damages, Landlord shall have the right: (a) to declare all rent and other payments for the entire unexpired term of this Lease at once due and payable and if not paid forthwith upon Landlord's demand then to resort to legal process for collection of all accelerated payments due under this Lease; or (b) to terminate this Lease and resort to legal process for collection of damages and/or eviction; and/or (c) re-enter and attempt to relet without terminating this Lease and remove all persons and property from the Premises and such property may be removed and stored in a public warehouse or elsewhere at the cost of and for the account of Tenant

all without service of notice or resort to legal process and without being deemed guilty of trespass, or becoming liable for any loss or damage which may be occasioned thereby.

20.2 If Landlord, without terminating this Lease: (a) elects to re-enter and attempts to relet, as hereinbefore provided, or (b) takes possession pursuant to legal proceedings, and/or (c) takes possession pursuant to any notice provided by law, then it may, from time to time, make such alterations and repairs as may be necessary in order to relet the Premises or any part thereof for such term or terms (which may be for a term extending beyond the term of this Lease) and at such Rent or Rents and upon such other terms and conditions as Landlord in its sole discretion may deem advisable.

20.3 Upon each reletting all Rents received by the Landlord from such reletting shall be applied, first, to the payment of any indebtedness other than Rent due hereunder from Tenant to Landlord; second, to the payment of any costs and expenses of such reletting, including brokerage fees and attorney fees; third, to the payment of Rent due and unpaid hereunder; and then the residue, if any, shall be held by Landlord and applied to payment of future Rent as the same may become due and payable hereunder. If such Rents received from such reletting during any month be less than that to be paid during that month by Tenant hereunder, Tenant shall pay any such deficiency to Landlord. Such deficiency shall be calculated and paid monthly. No such reentry or taking possession of the Premises by Landlord shall be construed as an election on its part to terminate this Lease unless a written notice of such intention be given to Tenant. Notwithstanding any such reletting without termination, Landlord may at any time thereafter elect to terminate this Lease for such previous breach. Should Landlord at any time terminate this Lease for any breach in accordance with this Agreement, in addition to any other remedies it may have, it may recover from Tenant all damages it may incur by reason of such breach, including the cost of recovering the Premises, reasonable attorney's fees, all of which amounts shall be immediately due and payable from Tenant to Landlord.

20.4 Bankruptcy Default: If Tenant or any Surety of this Lease shall become bankrupt, or file any debtor proceedings or take or have taken against Tenant or any Surety of this Lease in any court pursuant to any Statute either of the United States or of any State, a petition in bankruptcy or insolvency or for reorganization or for the appointment of a receiver or trustee of all or a portion of Tenant's or any such Surety's property, or if Tenant or any such surety makes an assignment for the benefit of creditors or petitions for or enters into an arrangement, then and in that event, this Lease shall at the option of the Landlord be canceled and terminated and any party claiming on behalf of the Tenant or such Surety shall not have any rights whatsoever under this Lease.

20.5 Reimbursement of Recovery Costs: In addition to any other remedies Landlord may have at law or equity and/or under this Lease, Tenant shall pay upon demand all Landlord's reasonable cost, charges and expenses, including fees of counsel, agents and other retained by Landlord, incurred in connection with the recovery of sums due under this Lease, or because of the breach of any covenant under this Lease or for any other relief against Tenant. In the event a party shall bring to action against the other party for relief hereunder, the prevailing party shall be entitled to reasonable attorney fees and all court costs.

20.6 Right To Past Due Sums: No payment of money by the Tenant to the Landlord after the termination of this Lease, in any manner, or after the giving of any notice by the Landlord to the Tenant, shall reinstate, continue or extend the terms of this Lease or affect any notice given to the Tenant prior to the payment of such money, it being agreed that after the service of notice or the commencement of a suit or after final judgment granting the Landlord possession of said Premises, the Landlord may receive and collect any sums Rent due or any other sums of money due under the terms of this Lease, and the payment of such sums of money, whether as Rent or otherwise, shall not waive said notice or in any manner affect any pending suit or any judgment theretofore obtained.

20.7 Among all the other remedies recited in this Article and Lease, those remedies are in addition to and without limitation of the Landlord's right to pursue any other "legal or equitable remedies otherwise available".

ARTICLE 21 ESTOPPEL CERTIFICATE

21.1 Within ten (10) days after written request by Landlord, Tenant shall deliver to Landlord a written statement certifying that Landlord has completed construction of the Premises, if any, that Tenant has accepted possession of the Premises, that this Lease is unmodified and in full force and effect (or if there have been modifications, that the same is in full force and effect as modified and stating the modifications), and the dates to which the basic Rent and other charges have been paid in advance, if any, it being intended that any such statement delivered pursuant to this Article may be relied upon by Landlord, and prospective purchaser or mortgagee of the Premises or the commercial development.

ARTICLE 22 NOTICES

22.1 Whenever under this Lease a provision is made for notice of any kind, it shall be deemed sufficient notice and service thereof if such notice to Tenant is in writing addressed to Tenant at his last known post office address or at the Premises, and deposited in the US mail, first class mail, certified or registered mail or by overnight carrier, with postage or service prepaid, and if such notice to Landlord is in writing addressed to the last known post office address of Landlord and deposited in the US mail, first class, certified or registered mail, or by overnight carrier, with postage or service prepaid. Notice need be sent to only one Tenant or Landlord where Tenant or Landlord is more than one person. Notice shall be deemed given upon delivery.

ARTICLE 23 REIMBURSEMENT

23.1 Except as otherwise stated herein, all terms, covenants and conditions herein contained to be performed by Tenant shall be performed at its sole expense and if, Landlord shall pay any sum of money to or do any act which requires the payment of money by reason of the failure, neglect or refusal of Tenant to perform such terms, covenant or condition as required by this Lease, the sum of money so paid by Landlord shall be payable by Tenant to Landlord with the next succeeding installment of Rent together with interest at the rate of five (5%) percent per annum or such interest rate as shall be permitted by law, if less. If Landlord shall perform any work that is an obligation of Tenant than Tenant shall pay to Landlord the cost of the work.

ARTICLE 24 HOLDING OVER

24.1 Upon the expiration or termination of the leasehold period as outlined herein, Tenant shall deliver up and surrender quiet and peaceable possession of said Premises to Landlord. It is further agreed that in the event of Tenant holding over after the termination of this Lease, thereafter the tenancy shall be from month to month, in absence of a written agreement to the contrary, on the same terms and conditions stated herein, except that Rent shall be increased to one hundred and twenty five percent (125%) of the last amount of Rent immediately prior to such termination.

ARTICLE 25 QUIET ENJOYMENT

25.1 Landlord represents and warrants that Tenant, upon paying the Rent as required herein, and in performing each and every covenant hereof, shall have exclusive possession and shall peacefully and quietly hold, occupy and enjoy the Premises throughout the term hereof, without molestation or hindrance by any person holding under or through Landlord except as to such portion of the Premises as shall be taken under power of eminent domain or shall have suffered casualty for repairs or restoration of which Landlord is responsible, in which event the time required for repairs or restoration is also excepted.

25.2 **Alteration of Facilities.** Anything herein to the contrary notwithstanding, Landlord expressly reserves the right to make changes, additions, deletions, alterations, or improvements in and to the Commercial Development and/or its facilities. In such event, Landlord shall not be subject to any liability therefor nor shall any such happenings constitute a default to Landlord's covenant of quiet enjoyment for which Tenant would be entitled to any compensation, Rent reduction, Lease amendment or termination or any other redress or remedy, except as otherwise provided herein, unless such additions, deletions, alterations, or improvements cause the Premises to be unsuitable, in Tenant's reasonable opinion, for Tenant's intended purposes.

ARTICLE 26 MAINTENANCE AND REPAIRS

26.1 Landlord shall keep and maintain in good order, condition and repair, in keeping with the usual standard for office buildings, the common areas of the building, (including painting), snow removal and landscaping surrounding the Building, foundation, exterior walls, and roof of the building in which the Premises are located and the structural portions of the Premises in good repair except that Landlord shall not be called upon to make any such repairs occasioned by the willful misconduct or gross negligence of Tenant, its agents, employees, invitees, licensees, or contractors, except to the extent that Landlord is reimbursed therefor under any policy of insurance permitting waiver of subrogation in advance of loss. Tenant shall give Landlord written notice of the necessity for repairs coming to the attention of Tenant following which Landlord shall promptly undertake and complete such repairs. Weather is considered a reasonable factor which may delay Landlord's repairs. Landlord shall not be called upon to make any other improvements or repairs of any kind upon said Premises. Landlord shall keep and maintain the Building and all Common Areas in a clean, sanitary and safe condition in accordance with applicable law.

26.2 Except as provided in this section of the Lease, Tenant shall keep and maintain in good order, condition, and repair (including replacement of parts and equipment, if necessary) the leased Premises and every part thereof and the interior portion of all doors, door checks, windows, window frames, plate glass, store front, and all fixtures, walls, floors, and ceilings. Tenant shall be given twenty-four (24) hour, seven (7) day a week access to areas that may be outside the Premises for maintenance as may be necessary.

26.3 Tenant shall keep and maintain the Premises in a clean, sanitary and safe condition in accordance with the laws of the State of Michigan and in accordance with all directions, rules, and regulations of the health officer, fire marshal, building inspector, or other proper officials of the governmental agencies having jurisdiction, at the sole cost and expense of Tenant, and Tenant shall comply with all requirements of law, ordinance and otherwise, affecting said Premises. If Tenant refuses or neglects to commence and to complete repairs promptly and adequately, Landlord may, but shall not be required to do so, make and complete said repairs, and Tenant shall pay the cost thereof to Landlord upon demand. At the time of the expiration of the tenancy created herein, Tenant shall surrender the Premises in good condition, reasonable and ordinary wear and tear excepted, loss by fire or other unavoidable casualty excepted. Any damage or injury sustained by any person because of mechanical, electrical, plumbing, or any other equipment or installations whose maintenance and repair shall be the responsibility of Tenant shall be paid for by Tenant, and to the extent permitted by law, Tenant shall indemnify and hold Landlord harmless from and against all claims, actions, damages, and liability in connection therewith, including but not limited to reasonable attorneys' and other professional fees and any other costs which Landlord might reasonably incur.

26.4 If Tenant shall fail, refuse, or neglect to make repairs in accordance with the terms and provisions of this Lease, the same shall constitute a material breach of this Lease, and Landlord shall have the right, at its option and without prejudice to any remedies it may have hereunder or otherwise, upon fifteen (15) days' written notice to Tenant (provided, however, that if such failure is not reasonably susceptible to cure within fifteen (15) days, Tenant shall have a reasonable period to cure such failure so long as Tenant commences the cure within such fifteen (15) day period and thereafter diligently pursues such cure to completion), to enter the Premises and make such repairs without liability to Tenant for any loss or damage that may accrue to Tenant's merchandise, fixtures, or property or to Tenant's business by reason thereof, except loss or damage arising out of the negligent acts of Landlord, and upon completion there, Tenant shall pay Landlord's reasonable costs for making such repairs upon presentation of a bill therefor, as Additional Rent. If Landlord shall fail, refuse, or neglect to make repairs in accordance with the terms and provisions of this Lease, the same shall constitute a material breach of this Lease, and Tenant shall have the right, at its option and without prejudice to any remedies it may have hereunder or otherwise, upon fifteen (15) days' written notice to Landlord (provided, however, that if such failure is not reasonably susceptible to cure within fifteen (15) days, Landlord shall have a reasonable period to cure such failure so long as Landlord commences the cure within such fifteen (15) day period and thereafter diligently pursues such cure to completion), to make such repairs without liability to Landlord for any loss or damage that may accrue, and upon completion thereof, Landlord shall pay Tenant's costs for making such repairs upon presentation of a bill therefor direct to Tenant, or shall allow for an abatement of Rent in such amount.

26.5 Tenant shall keep the Premises and all other parts of the Premises free from any and all liens arising out of any work performed, materials furnished, or obligations incurred by or for Tenant and agrees to bond against or discharge any mechanic's or materialmen's lien within ten (10) days after written request therefor by Landlord. To the extent permitted by law, Tenant shall reimburse Landlord for any and all costs and expenses which may be incurred by Landlord by reason of the filing of any such liens and/or the removal of same, such reimbursement to be made within then (10) days after receipt by Tenant from Landlord of a statement setting forth the amount of such costs and expenses. The failure of Tenant to pay any such amount to Landlord within said ten (10) day period shall carry with it the same consequences as failure to pay any installment of Rent.

26.6 Tenant, at its own expense, shall install and maintain fire extinguishers and other fire protection devices as may be required from time to time by any agency having jurisdiction thereof and the insurance underwriters insuring the building in which the Premises are located. Landlord, at its own expense, shall install and maintain fire extinguishers and other fire protection devices as may be required from time to time by any agency having jurisdiction thereof in the Common Areas, Building and Commercial Development.

26.7 The first installation of electric light lamps in the Premises will be made by the Landlord in the manner and of the style and voltage customary in the Building. Thereafter the Tenant shall replace and maintain such installation of electric light lamps and shall be liable for any damage from overloading of any of the lighting circuits in the Premises.

26.8 Landlord shall promptly provide maintenance and repair to HVAC and plumbing systems throughout the Building and the Premises provided Tenant does not make unreasonable demands on the systems.

26.9 Landlord shall maintain common bathrooms, provide supplies and pay for water & sewer use therein.

ARTICLE 27 NON-WAIVER

27.1 One or more waivers of any covenant or condition by Landlord or Tenant shall not be construed as a waiver of a subsequent breach of the same covenant or condition, and the consent or approval by Landlord or by Tenant to or of any act by the other party requiring such party's consent or approval shall not be deemed to waive or render unnecessary consent or approval of any subsequent similar act by the other party or be construed as a waiver or relinquishment of the consenting party's right thereafter to enforce any such term, covenant, agreement or condition, but the same shall continue in full force and effect.

27.2 **Oral Waivers Ineffective.** Any waiver by either party must be in writing and specify said covenant to be waived and the duration of said waiver.

ARTICLE 28 SIGNS

28.1 Landlord shall provide, at Landlord's sole cost, including installation, Tenant's first (1st) "Building standard" sign at the Building for Tenant's suite, which design and format shall be acceptable to Tenant. Any other sign placed on the Premises or in or about the building and grounds must have the written approval of the Landlord. Approval, when given, will be in writing and only after Tenant submits scale drawings to Landlord.

28.2 Tenant shall be provided identity signage at Landlord's sole cost (consistent with Building standard signage) which shall include appropriate signage on entrance doors to all space under lease by Tenant, which design and format shall be acceptable to Tenant. In addition, Tenant shall have the right, pending appropriate county approvals, to install signage on the exterior surface of the Building (including any available pylon signage) in a mutually agreeable location by Tenant and Landlord. Tenant shall also have the right to hang a temporary "grand opening banner" on the exterior for the months of February through September.

28.3 Landlord shall provide Tenant with additional information regarding any remaining available signage at the Building or property and the size and location of such additional signage. To the extent practicable, Landlord shall provide a mock-up, rendering or depiction of such remaining signage for Tenant's review.

ARTICLE 29 CHANGES TO DEVELOPMENT & CONTINUING CONSTRUCTION

29.1 Landlord hereby reserves the absolute right at any time and from time to time to: (a) make changes or revisions on the Property including but not limited to additions to, subtractions from, or rearrangements of the Building areas and/or Common Areas, interior and exterior; and (b) construct additional or other building or improvements in or on the commercial development and to make alterations thereof or additions thereto and to build additional stores on any such building or buildings and to build adjoining same, as long as such development does not materially interfere with Tenant's use and enjoyment of the Premises.

29.2 Tenant acknowledges that the Premises are a part of an overall development, portions of which may still be under construction. In consideration of Landlord granting Tenant permission to occupy said Premises at this time, Tenant agrees not to hold Landlord responsible for any inconvenience caused by the continuing construction, as long as such construction does not materially interfere with Tenant's use and enjoyment of the Premises. Tenant further agrees that such inconvenience caused by the continuing construction will not in any way, be cause for Tenant to violate the terms of this agreement nor to be granted reduction of Rent, as long as such construction does not materially interfere with Tenant's use and enjoyment of the Premises.

ARTICLE 30 RE-RENTING

30.1 The Tenant hereby agrees that for a period commencing one (1) calendar month per Lease year prior to the termination of this Lease, the Landlord may show the Premises to prospective Tenants and may display in and about said Premises signs advertising the Premises for lease or re-lease.

ARTICLE 31 NOTICE FORCE MAJEURE

31.1 Landlord shall be excused for the period of any delay in the performance of any obligations hereunder or non-performance of any such obligations or of this Lease, when prevented from so doing by causes outside of Landlord's control which shall include, without limitation, all labor disputes, civil commotion, war, warlike

operations, changed governmental regulations or controls, administrative hearings or judicial litigation including any adverse findings, orders, verdicts or judgments therein, fire or other casualty, inability to obtain any material, services or through acts of God or through any other causes outside Landlord's control whatsoever. This shall also apply to any construction that Landlord has agreed to do for Tenant's benefit.

ARTICLE 32 DEFINITION OF TERMS

32.1 "Lease year" shall mean each successive twelve (12) month period following the first Lease year (which shall consist of fourteen (14) months) beginning with the first day of this Lease, and each yearly anniversary thereafter, provided the beginning date of this Lease is on the first day of the month. If the term of this Lease begins on any day other than the first day of the month, then the Lease year shall begin on the first day of the month following the end of the month during which the term of this Lease begins, and Rent shall be prorated over the partial month.

32.2 "Rentable square feet" shall be measured from center wall where walls are common walls (adjacent to another Tenant), from the glass line on exterior wall where said wall has glass or from the interior of the outside wall where wall has no glass and from the hallway side of the common area hallway (no deductions shall be taken for indented doorways) and multiplied by the building loss factor (rentable/usable). The Premises, if newly constructed, may be field measured within thirty (30) days of completion of construction and square footage figures for usable and rentable and the monthly Rent shall be adjusted accordingly to reflect the corrected size of the Premises.

ARTICLE 33 SECURITY DEPOSIT

33.1 The Landlord shall retain the Security Deposit as set forth in Article 1.1 as security for the faithful performance of all of the covenants, conditions and agreements of this Lease, but in no event shall the Landlord be obliged to apply the same upon Rent or other charges in arrears or upon damages for the Tenant's failure to perform the said covenants, conditions and agreements; the Landlord may so apply the security at his option; and the Landlord's right to the possession of the Premises for non-payment of Rent or for any other reason shall not in any event be affected by reason of the fact that the Landlord holds this security. The said sum, if not applied toward the payment of Rent in arrears or toward the payment of damages suffered by the Landlord by reason of the Tenant's breach of covenants, conditions, and agreements of this Lease, is to be returned to Tenant according to these terms, and in no event is said security to be returned until the Tenant has vacated the Premises and delivered possession to the Landlord, and the keys returned to the Landlord, and damages, if any, to the Premises ascertained.

33.2 In the event that the Landlord repossess himself of the Premises because of the Tenant's failure to carry out the covenants, conditions and agreements of the Lease, the Landlord may apply the said security upon all damages suffered to the date of said repossession and retain the said security to apply upon such damages as may be suffered or shall occur thereafter by reason of the Tenant's default or breach. The Landlord shall not be obligated to keep the said security as a separate fund but may mix said security with his own funds. Tenant covenants that it will not assign or encumber or attempt to assign or encumber the monies deposited herein as security and that neither Landlord nor its successors or assigns shall be bound by any such assignment, encumbrance, attempted assignment or attempted encumbrance.

ARTICLE 34 LIMITED LIABILITY

34.1 Anything herein to the contrary notwithstanding, the covenants contained in this Lease to be performed by Landlord, or its agents or representatives, or Landlord's respective successors, assigns, personal representatives, heirs or legatees, shall be deemed the contractual obligations of Landlord only and no deficiency judgment or other action for personal liability shall be brought or maintained against Landlord or any of the aforementioned parties, it being expressly understood and agreed that execution or any other legal enforcement for collection on any verdict or judgment against Landlord and/or the aforesaid parties shall be expressly limited and exculpated to the real estate constituting the Premises and Landlord's improvements thereon so that Tenant shall look solely to the equity of Landlord in the Premises for the satisfaction of Tenant's remedies in the event of any Landlord's alleged default hereunder. The parties mutually agree that this Article is and shall be considered an integral part of this Lease, and shall not be waived or modified in any manner except as provided by the terms of this Lease. Nothing contained herein shall be construed as waiving, modifying or limiting any defenses, counterclaims or assertions contesting any alleged liability hereunder, as Landlord may be entitled to assert, in law or in equity.

ARTICLE 35 SALE OF PREMISES

35.1 In the event of sale of the building which the Premises are a part, the Landlord shall have the right to transfer the security deposited by Tenant to the purchaser for the benefit of the Tenant. In the event of such transfer of security and/or of ownership, the Landlord shall be considered released by the Tenant from all liability for the return of such security or of any obligations of this Lease agreement. Landlord has the absolute right to assign, transfer, sell, pledge as collateral the Lease and/or real property.

ARTICLE 36 RIGHT TO MORTGAGE

36.1 Landlord reserves the right to subject and subordinate this Lease at all times to the lien of any mortgage(s) or ground or underlying lease(s) now or hereafter placed upon Landlord's interest in the Premises or on the land and building of which the Premises are a part, or upon any buildings hereafter placed upon the land parcel of which the Premises are a part and Tenant agrees upon request to execute and agreement subordinating this Lease and/or attornment agreement to such mortgagees and Landlords and appoints Landlord its attorney-in-fact to execute and deliver any such instruments for and in the name of Tenant, such appointment being irrevocable, in a form approved by Tenant.

36.2 Tenant will require, in a form reasonably acceptable to Tenant, a non-disturbance subordination and attornment agreement from the Landlord and any current lender on the project. In addition, Tenant will require a non-disturbance agreement from any future mortgagee or lienholder, in a form reasonably acceptable to Tenant.

ARTICLE 37 INTENTIONALLY OMITTED

ARTICLE 38 RELOCATION

38.1 Landlord shall not have the right to relocate Tenant during the term of the lease or any renewal options, without Tenant's prior written consent, which shall be solely within Tenant's discretion.

ARTICLE 39 WAIVER OF SUBROGATION

39.1 Each party does hereby remise, release, and discharge the other party, and any officer, agent, employee or representative of such party, of and from any liability whatsoever, hereinafter arising from loss, damage or injury caused by fire or other casualty for which insurance (permitting waiver of liability and containing waiver of subrogation) is carried by the injured party at the time of such loss, damage or injury to the extent of any recovery by the insured party under such insurance.

ARTICLE 40 HAZARDOUS MATERIAL/WASTE

40.1 Landlord represents and warrants to Tenant that as of the Commencement Date of this Lease, the Premises is free of hazardous materials, and to Landlord's knowledge that Premises is in compliance with all applicable federal, state and local laws and regulations regarding the environment and hazardous substances. Landlord and Tenant shall keep or cause the Premises to be kept free of hazardous materials except to the extent that such hazardous materials are stored and/or used in compliance with all applicable federal, state and local laws and regulations; and, without limiting the foregoing, Landlord and Tenant shall not cause or permit the Premises to be used to generate, manufacture, refine, transport, treat, store, handle, dispose of, transfer, produce or process hazardous materials, except in compliance with all applicable federal, state and local laws and regulations, nor shall Landlord or Tenant cause or permit, as a result of any intentional or unintentional act or omission on the part of Landlord or Tenant or any tenant, agent, employee, invitee or guest, a release of hazardous materials on or into the Premises or onto any other contiguous Premises or any other area of the parcel of land or building the Premises are a part of.

40.2 If Hazardous Materials are used, stored, generated or disposed of on or in the Premises or if the Premises become contaminated in any manner by Tenant, to the extent permitted by law, Tenant shall indemnify and hold harmless the Landlord from any and all claims, damages, fines, judgments, penalties, costs, liabilities, or losses (including, without limitation, a decrease in value of the Premises, damages caused by loss or restriction of rentable or usable space, or any damages caused by adverse impact on marketing of the space, and any and all sums paid for settlement of claims, attorneys' fees, consultant and expert fees) arising during or after the Lease Term and arising as a result of that contamination caused directly by Tenant. This indemnification includes, without limitation, any and

all costs incurred because of any investigation of the site or any cleanup, removal or restoration mandated by a federal, state, or local agency or political subdivision. Without limitation of the foregoing, if Tenant causes the presence of any Hazardous Substance on the Premises and that results in contamination, Tenant shall promptly, at its sole expense, take any and all necessary actions to return the Premises to the condition existing prior to the presence of any such Hazardous Materials of the Premises. Tenant shall first obtain Landlord's approval for any such remedial action, which consent shall not be unreasonably withheld, conditioned or delayed.

40.3 For purposes of this Lease, "Hazardous Materials" includes, without limitation, any flammable explosives, radioactive materials, hazardous materials, hazardous wastes, hazardous or toxic substances or related materials defined in the Comprehensive Environment Response, Compensation and Liability Act of 1980, as amended (42 U.S.C. Section 9601, et seq.), the Hazardous Materials Transportation Act, as amended (49 U.S.C. Section 1801, et seq.), the Resource Conservation and Recovery Act, as amended (42 U.S.C. Section 6901, et seq.) and in the regulations adopted and publications promulgated pursuant to those Acts, or any other federal, state or local governmental law, ordinance, rule, or regulation.

40.4 Landlord shall ensure that the Building and Premises shall be in compliance with all applicable laws, codes and ordinances, including the Americans with Disabilities Act (ADA). Landlord represents that, as of the Lease Commencement Date (or upon Substantial Completion of Landlord's Work and the Rent Commencement Date), the Premises, including any tenant improvements made by Landlord and any common areas under the Lease, shall be in compliance with all laws and regulations, including the ADA, shall be built in a good and workmanlike manner with good materials in accordance with the plans therefore, and the equipment and building systems serving the Premises are in good working order. Landlord shall maintain compliance in the Building and in all common areas with all laws, and regulations, including the ADA, throughout the term of the lease and any renewals.

40.5 Landlord shall guarantee to Tenant that the Building is free from latent defects throughout the Lease Term. Notwithstanding any items constructed by Tenant, or any Building items affected by Tenant's construction, throughout the Lease Term, Landlord shall repair, maintain and replace all structural and capital items of the Building, including the roof, the mechanical systems therein, and any all items related to the Common Areas.

40.6 Landlord represents and warrants to Tenant that, to its knowledge, there are no hazardous substances, asbestos, or mold located in, on or under the building, the property or premises and there has been no violation thereon of any law governing hazardous substances. If hazardous substances are discovered at some later date on or about the Building or Premises, which were not caused by Tenant, the Landlord will be liable for all costs and expenses associated with regulatory requirements to eliminate such problems. Any asbestos or other hazardous materials in the Premises shall be removed in compliance with applicable laws. If such materials cannot be removed, all such materials will be abated in compliance with all applicable laws. In the event such materials are found at the Building or Premises after the Commencement Date herein, and after written notice and a period of thirty (30) days to cure given by Tenant to Landlord, and Landlord thereafter failing such cure, Tenant shall have the right to terminate this Lease upon ten (10) days written notice to Landlord, and thereafter shall be free from all further obligations and liability hereunder.

40.7 Landlord shall provide Tenant with a record and history of any testing or studies regarding, or abatement of, hazardous substances, asbestos or mold in, on or under the building, the property or Premises upon execution hereof. Landlord shall indemnify, defend and hold harmless Tenant, Tenant's assignees, agents and invitees from all fines, suits, procedures, claims, and actions of every kind, and all costs associated therewith arising out of or in connection with any deposit, spill, discharge or other release of Hazardous Materials, or any violation of Environmental Law that is not caused by Tenant, Tenant's assignees, agents or invitees.

LESSOR/LESSEE AGENCY WITH SUB AGENT DISCLOSURE

2875 Eyde Parkway, East Lansing, MI 48823

When you enter into a discussion with a real estate agent regarding a real estate transaction, you should, from the outset, understand who the real estate agent is representing in the transaction. More importantly, you should understand how that agency relationship impacts your business relationship with the real estate agent and the Lessor or Lessee.

Duties of Lessor's Agent

A real estate agent who has listed a Lessor's property for lease acts as the agent for the Lessor only and has a fiduciary duty of loyalty to the Lessor. In practical terms, the Lessor has hired the agent to lease their property and that agent should attempt to obtain for the Lessor the most favorable lease price and terms. Although the Lessor's agent has the fiduciary duty to the Lessor, that agent is, by law, responsible to all prospective Lessees to treat them with honesty, fair dealing, and with good faith. A Lessor's agent under a listing agreement with Lessor acts as the agent for the Lessor only. A Lessor's agent or a subagent of that agent has the following affirmative obligations: (To the Lessor) A fiduciary duty of utmost care, integrity, honesty and loyalty in dealings with the Lessor; (To the Lessee and the Lessor) (a) A duty to exercise reasonable care, skills and diligence in performance of the agent's duties; (b) A duty of honesty and fair dealing with good faith; (c) A duty to disclose all facts known to the agent which materially affect the property that are not known to, or within the diligent attention and observation of, the parties.

Duties of Lessee's Agent

A real estate agent can, with a Lessee's written consent, defining how the agent will be paid, agree to act as agent for the Lessee only. As agent working on behalf of the Lessee, the agent has a fiduciary duty of loyalty to the Lessee. In practical terms, that means the Lessee's agent is concerned with the Lessee's best interests in the transaction, including attempting to obtain for the Buyer the most favorable lease price and terms. A real estate agent can, with a Lessee's consent, agree to act as agent for the Lessee only. In these situations, the agent is not the Lessor's agent, even if by agreement the agent may receive a commission from the Lessor. An agent acting only for the Lessee has the following affirmative obligations: (To the Lessee) A fiduciary duty of utmost care, integrity, honesty and loyalty in dealings with the Lessor; (To the Lessee and the Lessor) (a) A duty to exercise reasonable care, skills and diligence in performance of the agent's duties; (b) A duty of honesty and fair dealing with good faith; (c) A duty to disclose all facts known to the agent which materially affect the value of property that are not known to or within the diligent attention and observation of the parties.

Duties of Agent Representing Both Lessor and Lessee

A real estate agent, either acting directly or through one or more associate licensees, may legally be the agent of both the Lessor and the Lessee in a transaction, but only with the knowledge and consent of both the Lessor and the Lessee. In a dual agency situation, the agent has the following affirmative obligations to both the Lessor and the Lessee: (a) A fiduciary duty of utmost care, integrity, honesty and loyalty in dealings with the Lessor and the Lessee; (b) Other duties to the Lessor and the Lessee as stated above in their respective sections. In representing both Lessor and Lessee, the agent may not, without the express permission of the respective party, disclose to the other party that the Lessor will accept a price less than the listing price or that the Lessee will pay a price greater than the price offered.

Duties of Lessor and Lessee

The above duties of real estate agents in a real estate transaction do not relieve a Lessor or a Lessee from the responsibility to exercise good business judgment in protecting their respective interests. You should carefully read all agreements to assure that they adequately express your understanding of the transaction. If legal or tax advice is desired, consult a competent professional attorney or accountant.

Confirmation of Agency Disclosure

At the signing of this agreement, the following agency relationship is hereby confirmed for the transaction. Martin Commercial Properties, Inc., a Michigan Corporation, d/b/a CBRE|Martin is the agent of the Lessee (as sub agent of CBRE, Inc.). In the event Agent has previously entered into a relationship with regard to any property, tenant or property owner that would pose a conflict of interest, then Agent reserves the right to cancel this Agreement, unless the express written consent from both parties is received.

(Signature of Licensee)

Acknowledgment

I/we acknowledge receipt of a copy of this disclosure and confirmation, and understand and agree with the agency relationship confirmed herein.

GOVERNANCE STRUCTURE

GOVERNANCE STRUCTURE

The People of Michigan through their Constitution have provided that schools and the means of education shall forever be encouraged and have authorized the Legislature to maintain and support a system of free public elementary and secondary schools. All public schools are subject to the leadership and general supervision of the State Board of Education and the Legislature has authorized an alternative form of public school designated a "school of excellence that is a cyber school" to be created to serve the educational needs of pupils and has provided that pupils attending these schools shall be eligible for support from the State School Aid Fund. The Legislature has delegated to the governing boards of state public universities, community college boards, intermediate school district boards and local school district boards, the responsibility for authorizing the establishment of schools of excellence that are cyber schools. The University Board has approved the issuance of a contract conferring certain rights, franchises, privileges, and obligations of a school of excellence that is a cyber school to the Academy Board.

The Academy is incorporated as a Michigan nonprofit corporation, organized on a non-stock, directorship basis for the purpose of operating as a Michigan school of excellence that is a cyber school. The Academy shall conduct its affairs as a governmental entity exempt from federal income taxes under Section 115 of the United States Internal Revenue Code or any successor law. The Academy is a body corporate and is not a division or part of Central Michigan University. The relationship between the Academy and the University Board is based solely on the applicable provisions of the Code and the terms of this Contract.

Before entering into an agreement with an Educational Service Provider or an employee leasing company to provide services or to provide personnel to perform services or work at the Academy, the Academy Board must first comply with the Educational Service Provider Policies issued by the Center.

SECTION B

EDUCATIONAL GOAL AND RELATED MEASURES

EDUCATIONAL GOAL AND RELATED MEASURES

Pursuant to Applicable Law and the Terms and Conditions of this Contract, including Article VI, Section 6.2, the Academy shall achieve or demonstrate measurable progress for all groups of pupils toward the achievement of the educational goal identified in this schedule. Although an increase in academic achievement for all groups of pupils as measured by assessments and other objective criteria is the most important factor in determining the Academy’s progress toward the achievement of the educational goal, the Center also considers other factors. Upon request, the Academy shall provide the Center with a written report, along with supporting data, assessing the Academy’s progress toward achieving this goal. In addition, the University expects the Academy will meet the State of Michigan’s accreditation standards pursuant to state and federal law.

Educational Goal to be Achieved

Prepare students academically for success in college, work and life.

Measures to Assist In Determining Measurable Progress Toward Goal Achievement

To assist in determining whether the Academy is achieving measurable progress toward the achievement of this goal, the Center will annually assess the Academy’s performance using the following measures.

Measure 1: Student Achievement

The academic achievement of **all students who have been at the academy for one or more years¹** in grades 6-8 will be assessed using the following measures and targets:

Sub Indicator	Measure	Metric	Target
Against a Standard:	The percentage of students meeting or surpassing the current, spring, grade-level national norms ² on the NWEA Growth reading and math tests administered in the spring.	Distribution (which will be in the form of percentages): Exceeds $\geq 70.0\%$ Meets $\geq 50.0\%$ Approaching $\geq 30.0\%$ Does not meet $< 30.0\%$	50%
In the event that performance against the standard falls below these required expectations, “measurable progress towards the achievement of this goal” will be defined using the following measures and targets:			
Over Time:	The percentage of students meeting or surpassing spring grade-level national norms over time (CY-AVG(PY1+PY2+PY3)).	Trend score (which will be in the form of $-x$ to $+x$): Exceeds $\geq 6.0\%$ Meets $\geq 3.0\%$ Approaching $\geq 1.0\%$ Does not meet $< 1.0\%$	3.0%
Comparison Measure:	The percentage of students categorized as proficient or advanced on the most recent state assessment will surpass the school’s Composite Resident District (CRD) percentage.	Portfolio Distribution (which will be in the form of $-x$ to $+x$): Exceeds $\geq 10.0\%$ Meets $\geq 5.0\%$ Approaching $\geq 0.0\%$ Does not meet $< 0.0\%$	5.0%

¹ One or more years students (also called 1+ students) are students who are enrolled in the academy on or before count day and are still enrolled at the end of a given academic year.

² Grade level national norms are updated periodically by NWEA following comprehensive norming studies. The Center will use the most updated national norms published by NWEA and will inform the Academy when the norms are updated and how the updated norms may impact analysis and performance reporting.

Measure 2: Student Growth

The academic growth of all students in grades 6-8 at the Academy will be assessed using the following measures and targets:

Sub Indicator	Measure	Metric	Target
Against a Standard:	The median of student growth percentiles (MGP) reflecting fall-to-spring scaled score growth on the reading and math NWEA Growth tests.	MGP: Exceeds \geq 65th Meets \geq 50th Approaching \geq 45th Does not meet $<$ 45th	Reading: 50 Math: 50
In the event that performance against the standard falls below these required expectations, “measurable progress towards the achievement of this goal” will be defined using the following measures and targets:			
Over Time:	The percentage of students making at least one year’s growth over time (CY-AVG(PY1+PY2+PY3)).	Trend score (which will be in the form of $-x$ to $+x$): Exceeds \geq 6.0% Meets \geq 3.0% Approaching \geq 1.0% Does not meet $<$ 1.0%	3.0%
Comparison Measure:	The mean student growth percentile reflecting growth on the two most recent state assessments will surpass the school’s Composite Resident District. Measure 3: Post-Secondary Readiness: Grades 9-11

The ‘on-track’ towards college readiness rates of all students in grades 9-11 will be assessed using the following measures and targets.

Sub Indicator	Measure	Metric	Target
Against a Standard:	The percentage of students meeting or surpassing the current grade-level college readiness benchmarks on the PSAT (grades 9 and 10) and SAT (grade 11) in Evidence-Based Reading and Writing (EBRW) and Math.	For EBRW, distribution (which will be in the form of percentages): Exceeds $\geq 70.0\%$ Meets $\geq 60.0\%$ Approaching $\geq 50.0\%$ Does not meet $< 50.0\%$	PSAT 9 EBRW: 60% Math: 40%
		For Math, distribution (which will be in the form of percentages): Exceeds $\geq 50.0\%$ Meets $\geq 40.0\%$ Approaching $\geq 30.0\%$ Does not meet $< 30.0\%$	PSAT 10 EBRW: 60% Math: 40%
		SAT 11 EBRW: 60% Math: 40%	
In the event that performance against the standard falls below these required expectations, “measurable progress towards the achievement of this goal” will be defined using the following measures and targets:			
Over Time:	The percentage of students meeting or surpassing the current grade-level college readiness benchmarks on the PSAT (grades 9 and 10) and SAT (grade 11) over time (CY-AVG(PY1+PY2+PY3)). Comparison Measure:	The percentage of students meeting or surpassing the current grade-level college readiness benchmarks on the SAT (grade 11) will surpass the school’s Composite Resident District percentage.	Portfolio Distribution (which will be in the form of $-x$ to $+x$): Exceeds $\geq 10.0\%$ Meets $\geq 5.0\%$ Approaching $\geq 0.0\%$ Does not meet $< 0.0\%$	5.0%

SECTION C

EDUCATIONAL PROGRAMS

EDUCATIONAL PROGRAMS

Pursuant to Applicable Law and the Terms and Conditions of this Contract, including Article VI, Section 6.3, the Academy shall implement, deliver and support the educational programs and curriculum as identified in Schedule 7c and 7d, respectively.

A. Mission, Vision and Values

The mission of Great Lakes Learning Academy (“Academy”) is to focus on empowering students to achieve academic success while creating a community of respect and responsibility through an adaptive learning program.

Great Lakes Learning Academy engages students where they are on their academic journey and prepares them to be globally competitive for college and careers.

The values of Great Lakes Learning Academy include safety, collaboration, communication, professionalism, academic success, high expectations, and a student centric approach.

Being true to the mission, vision and values of the Academy, students are poised for strong academic progress and success in careers and life-long learning pursuits be it through college, vocational training, or other continuing academic pursuits.

B. How the Educational Program Is Delivered

The Academy is a full-time, tuition-free virtual public school that serves students in grades 6-12 from across Michigan. With our virtual school, students learn from home under the instruction of state-certified teachers through online lessons and phone calls structured to fit a student’s individualized learning needs and schedule. A parent or other adult serves as the “Learning Coach” and plays a role in the education of a student, serving to monitor progress in the home. The program offers a standards-aligned curriculum and unique technology tools to help students succeed, while also encouraging social growth.

The Academy currently offers two pacing options for distinct groups of students through a year-round school program; students in grades 6-12 enrolled in a traditional school program, and students in grades 9-12 enrolled in an alternative school program.

In order to meet the needs of all our students, the Academy provides two different paths for students. Our traditional path, for students in grades 6-12, offers a traditional schooling experience for students focusing on college and career readiness skills. Our second option is our alternative path for students in grades 9-12. With this option, high school students who have experienced significant barriers to success in high school will have an option for a more flexible and focused approach to their schooling. Participation in the alternative path for students in grades 9-12 will be provided by request or assigned as appropriate for students who meet eligibility criteria, including:

- Student age outside typical grade level parameters by one or more years
- Student’s age will put the student at risk for completing graduation requirements before they exceed allowable age parameters for enrollment
- Student is off cohort for graduation by more than a semester

- Student has failed 3 or more core classes
- Student was retained in grades 5-8
- Student enrolled late by greater than 45 days into the school year
- Student has dropped out of school for at least 1 semester

It will be at the discretion of Academy administration to enroll a student into the alternative pathway dependent on if this pathway will appropriately meet a student's needs. Enrollment within the alternative pathway can only occur at the conclusion of a semester. The traditional and alternative pathways have very different requirements and expectations which are outlined in the school handbook.

The delivery of the Academy's Educational Program is through a comprehensive, innovative, fully online school model. This model combines the best in online education with real connections among students, families, teachers and the community to promote academic and emotional success for every learner. The Academy's online program supports a whole-school experience for students with academic, behavioral, emotional and career support, including access to nationally facilitated nonacademic and extracurricular clubs, activities, and electives.

The Academy offers the following unique core model elements to meet the needs of students and families through our turn-key school offering:

- **Tuition Free, High-Quality Program:** The Academy provides a tuition-free online program for all students. The Academy contracts with Pearson to provide award-winning curriculum is research-based, aligned to Michigan state standards and national standards, and integrates the best materials, texts and resources available to suit students' unique needs to prepare for a future of success.
- **Nationally Accredited Program:** Pearson's program was one of the first of its kind to be accredited by Cognia[®] (formerly AdvancED). Cognia offers accreditation and certification, assessment, professional learning, and supports providers in meeting goals and sustains commitments to better learner outcomes.
- **Individualized Learning:** Each student has unique abilities and performs better when receiving individualized attention in a nurturing learning environment. Teachers identify individual students' interests, learning preferences and skills and encourage personal development, giving each student the best opportunity to succeed. An individualized learning approach means that students can accelerate their pace on material they grasp easily and receive extra attention in areas of weakness.
- **Student-Centered Learning:** The Academy's instructional model focuses on student-centered learning and incorporates key facets of guidance and support, and teaching methods to foster student motivation. Teachers are trained to apply three engagement strategies to their instruction to create a motivational online learning environment: make instruction fun and engaging, provide a safe way to respond, and help students succeed.
- **Flexible:** Students develop their own schedule to fit their specific needs, both in how they structure each school day and their overall schedule, provided no state or local regulations are violated. Students attend school regularly, meet their specific attendance and/or instructional hour requirements, correspond with their teachers, and complete lessons and

assessments as expected. During school hours, students participate in phone conferences or LiveLesson sessions. Students can follow a traditional or accelerated path and can likewise take advantage of the two summer school sessions to keep on cohort, to get back on track, or accelerate their studies.

- **Career Readiness Opportunities:** Pearson’s program promotes college readiness and can provide opportunities to earn post-secondary credits, and career and technical education programs to ensure students seeking to join a high skilled trade career receive the knowledge and training needed to succeed in today's labor market.
- **Technology-Facilitated Curriculum:** The Academy uses a high-quality, proven-effective curriculum consisting of technology-delivered, but teacher-driven courses. This comprehensive program offers multiple levels of core academic coursework: Advanced Placement® (“AP”), Honors, and Gifted and Talented. In addition, foreign languages, technology and Career Technical electives, and engaging humanities courses are also integrated into the program. Throughout the flexible school day, students access the curriculum via the academy-provided computer, which allows students to work anywhere at any time and to produce learning data to guide instructional decisions.
- **Certified and Dedicated Teachers:** Each student has a staff of dedicated, exceptional and expert Michigan-certified teachers and staff working closely with families to create an individualized learning plan. Teachers are trained to excel in online teaching and learning. Additional professional development opportunities are provided and designed to support teachers and staff with the skills and strategies to better serve students. Teachers are drawn to the Academy by the opportunity to work with students individually and make a difference.
- **Learning Coach and Family Support:** Each student has a Learning Coach (a parent, family member, or trusted adult designated by the parent/guardian) who serves as their student’s online school Learning Coach, choosing to be closely involved in their child’s daily education and take on an active role in supporting and encouraging their child. The Learning Coach is supported with resources and training to encourage caregivers in the learning process. Typically, a Learning Coach keeps the student motivated, on track, and regularly communicates with the student’s teachers.
- **Personalized Performance Learning:** The centerpiece of instruction is the Personalized Learning Plan (“PLP”) process, which provides for individualized instruction tailored to the learning needs of each student. The PLP is an extensive process that starts at the beginning of the school year by a Michigan-credentialed teacher in consultation with the student and the student’s Learning Coach (usually the parent or guardian). The Education Management System (“EMS”) provides teachers with data to inform ongoing progress monitoring and instructional modifications. Teachers use student performance data to create lesson modifications, customize assignments, customize assessments to address students’ learning needs, or to provide students with additional practice opportunities.
- **Education Management System:** The EMS is the online learning platform for organizing and supporting the entire educational environment for the Academy. Students can access this collaborative learning experience anywhere they can connect to the Internet. The EMS is a user-friendly suite of web-based software that delivers assignments and

tracks activities (whether conducted online or offline) while monitoring the completion of individual lessons as well as mastery of skills and knowledge, all under the watchful eye of administrators, teachers, and Learning Coaches. The EMS operates within a secure, robust technology infrastructure protecting data from loss and intrusion while maintaining a safe environment. Students, teachers, administrators, and Learning Coaches access the EMS to view curriculum, review grades, schedule lessons, organize, document, and interact, ensuring an unprecedented level of engagement. The EMS is continually updated and improved upon for the success of schools and families. All new releases and updates of the EMS are automatically provided.

- **Personalized Learning Plan with Real-Time Performance Data:** This instructional process creates a unique learning experience for each student. The EMS provides teachers with data to inform ongoing progress monitoring and instructional modifications. Teachers use student performance data to create lesson modifications, customize assignments, customize assessments to address students' learning needs, or to provide students with additional practice opportunities.
- **Computing Resources:** Enrolled families can request a leased computer with preloaded software, necessary to fully access and support the Academy's curriculum. Computers are sent to the home, along with a Computer Setup Guide with instructions, contact information for technical support, and detailed information regarding the equipment.

C. Approaches to Engage Students in Learning

In addition to the design features listed above, one-to-one computing resources and technology-facilitated curriculum, the Academy integrates several key approaches to ensuring student engagement. Specifically:

- **Synchronous Contact/LiveLesson®:** In an online charter school setting, synchronous contact is defined as a live interaction occurring in real time between teachers and students. LiveLesson sessions allow students to meet regularly in an online setting and gives classmates the opportunity to share ideas, compare experiences, and have fun learning together. Students can also meet others with similar interests through online clubs and activities. LiveLesson sessions allow teachers to work synchronously and directly with students using voice-over IP, electronic whiteboard, and shared Internet use. These sessions are also recorded so students can watch on their own schedule. This live support is a direct reflection of formative assessment that indicates to the teacher where additional efforts are needed to help students master the content. Teachers document all synchronous contact with a student within the student's Log in the EMS.
- **Interactive Reviews:** As part of the educational program, interactive reviews are provided for additional practice opportunities. These opportunities are embedded in the curriculum and serve to give students targeted feedback on concepts and skills.
- **Field Trips and Activities:** The Academy may also offer in-person gatherings, activities, and field trips so that students have a chance to interact outside of the online classroom. Students can also meet others with similar interests through online clubs and activities.

D. Curriculum

The Academy provides an innovative, flexible and individualized school experience for its students in grades 6-12. The program builds on recent research and best practice about the most effective ways to serve middle and high school students and many years of experience with online education. The web-based curriculum is powered by a web-based management platform.

The Academy provides students with everything they need to thrive: a proven curriculum; specially trained, highly qualified teachers; a powerful digital education platform; flexible scheduling; essential technology tools; and real connections linking the Academy, family and community with a focus on the post-secondary education. Options for intervention and alternative education students are also available to address credit deficiencies and skill deficiencies maximizing opportunities for students to be successful at the highest levels of rigor.

The Academy's educational approach is centered on curriculum that is stimulating, balanced and fine-tuned to benefit students. Its heart is the core math, science, English and social studies courses. The curriculum also provides access to foreign languages, innovative technology electives, Career Technical Education ("CTE") and engaging arts courses. The curriculum is aligned to the Michigan Merit Curriculum ("MMC"). The Academy offers all courses required for high school graduation in Michigan.

The Academy's Michigan-certified teachers form strong, one-on-one relationships with students and provide personalized instruction. All students meet with a teacher to develop a plan that prepares the student for success on any path they choose: college, the military or a career. The program allows students the ability to vary their pace and work from any location, with parents directly involved in student learning.

Middle School Curriculum

Students in grades 6- 8 are enrolled as middle school students. The program of instruction for students in grades 6-8 has the ability to be individualized, personalized, and delivered in a non-traditional environment to give students the best pathways to success. Michigan-certified teachers create and deliver a personalized middle school curriculum which is tailored to best meet the needs of the students.

An overall description of the curriculum by Pearson Virtual Schools ("PVS") is provided; however, the exact courses offered vary each year (with the anticipation of expanding offerings) and depend on the number of students enrolled, the grade levels of enrolled students, the number of staff hired meeting educational, operational, and financial requirements and priorities. Although students in a full-time cyber school have flexibility in their daily schedules, middle school students take seven to nine courses per semester with a minimum of seven courses. The following lessons are scheduled on a weekly basis for students in grade levels 6-8. In addition to lessons, students have the opportunity to participate in nationally-facilitated nonacademic and extracurricular clubs and activities on a weekly basis.

Grades 6-8:

- Language Arts, 5 lessons per week
- Mathematics, 5 lessons per week

- Social Studies, 3 to 5 lessons per week
- Science, 4 to 5 lessons per week
- Educational Technology, 2 lessons per week
- Physical Education & Health, 1 lesson per week, with activities for daily physical activity
- Optional electives such as Career Exploration

The Academy uses the high-quality proprietary curriculum, integrated textbooks, instructional activities, and other content from a variety of leading publishers as well as technology-based content. The Academy uses a variety of multimedia and interactive practices to reinforce standards for language arts and math at each grade level. The proprietary and highly effective online animated tutorials, which introduce challenging topics and provide interactive practice, are also included along with proprietary interactive online tools and simulations, including a virtual rock and mineral kit, pan balance, geoboard, and interactive math practice activities. LiveLesson sessions, which provide real-time direct instruction with individual and small groups of students using voice-over IP, electronic whiteboard, and shared web surfing, allow teachers and students to interact with one another in real time in a virtual classroom. In addition, LiveLesson sessions may be recorded and saved for students to revisit later if they missed them or want to refresh themselves on the topics covered.

The Academy focuses on developing and nurturing a culture of math acceptance and empowerment. With a focus on student engagement, activities and practice work to create an awareness of and appreciation for math in students' everyday lives; make math more approachable for students, caretakers, and teachers; build pride and confidence in math effort and achievements; and make math connections with college and career planning.

Students in grades 6-8 can also use creative tools which provide fun and interactive ways for students and teachers to tell digital stories. The platform allows teachers to teach a concept using digital storytelling and create engaging movies through the use of music, voice narration, and a library of images all available within the program. Digital storytelling supports communication, creative thinking, reading, writing and comprehension.

Educational Development Plan (“EDP”)

Beginning in grade 6, students will work with homeroom teachers to develop an EDP with the support of the counseling staff. Students will review and continue development of the EDP throughout their enrollment at the Academy.

High School Curriculum

The Academy provides a balanced, challenging high school experience focused on students pursuing paths that lead to success, whether via college or an immediate career choice. A student's personalized path is monitored along the way by the student, caretakers, teachers, and the school counselor. The Academy provides a comprehensive program with three levels of academic coursework aligned to the MMC: Standard, Honors, and AP. While all levels are designed to meet standards and provide students a rigorous curriculum, the three levels enable differentiation based on student needs and college and career goals. Students work with an academic placement advisor or the school counselor to determine appropriate course level placement. Michigan-certified

teachers create and deliver a personalized high school curriculum which is tailored to best meet the needs of the students.

The high school curriculum includes a wide variety of electives and intensive world language instruction in Spanish and French. Courses continue to be added to the catalog as they become available.

The high school model includes both teacher- and student-directed instruction, with feedback and support through asynchronous and synchronous e-learning tools. The high school curriculum integrates digital versions of textbooks from major publishers with enhanced multimedia, interactive materials and resources, discussions, and communication/conferencing tools. In addition, students have offline assignments, projects, novels and practice work.

High school courses include extensive use of tutorials to engage students with the concepts and ideas they need to complete the lessons. Courses incorporate graded asynchronous online discussions which are required for all students. They create opportunities for collaboration and interaction among students, increase problem solving skills, and provide opportunities for a "real-world" audience. The high school model also includes a host of services and procedures to address credits, transcripts, and counseling. It is important for students to start early planning for graduation and post-secondary education or employment. Without early planning, students run the risk of missing crucial courses and negatively impacting their plans or aspirations.

An Honors/ AP program is available for high school students. Students in grades 11 and 12 also have access to Post Secondary Enrollment Options ("PSEO"). By enrolling in these demanding courses, students demonstrate their commitment to college-prep- level education, which may give them a competitive advantage during the college application process.

E. Adaptation and Modification to Meet the Needs of All Learners

The Academy's curriculum is flexible and organized in such a manner to meet the needs of all learners, whether that is students with disabilities, students who are below grade level, EL students, or gifted and talented students. Honors courses are available at the middle and high school levels, gifted and talented courses are available to the middle grades and AP courses are reserved for the high school grades.

Students Who Qualify for Special Education Services

When making educational placement decisions for students with disabilities, the Academy will ensure that parents are contributing members of the Individualized Educational Program ("IEP") team and together the team will make decisions that are subject to requirements regarding provision of the least restrictive environment. When determining how services will be delivered to students with disabilities, the Academy will follow all applicable Special Education Rules as issued by the Michigan Department of Education ("MDE"). If a child with a current IEP enrolls in the Academy, the Academy will utilize a 30-day placement agreement to provide time to determine whether the existing IEP or a new IEP suits the students' needs best. IEPs will be developed, revised and implemented in accordance with the applicable provisions of the Individuals with Disabilities Education Act ("IDEA"), as may be amended from time to time, and applicable state law and regulations. Similarly, Section 504 Plans will be developed, revised and implemented in

accordance with Section 504 of the Rehabilitation Act (“Section 504”), and corresponding regulations, as may be amended from time to time.

The Academy will fully comply with federal laws and regulations governing children with disabilities as follows:

1. The Academy is responsible for providing a free, appropriate public education (“FAPE”) to children with disabilities enrolled in the Academy that have been determined through an IEP to require Special Education programs and services.
2. The Academy will ensure that children who are suspected of having disabilities are properly evaluated by a multidisciplinary team, as defined in the applicable Michigan Special Education Rules and that children who have already been identified are re-evaluated by the multidisciplinary team at least every three years.
3. When a multidisciplinary team determines that a special education student requires Special Education programs and services, the Academy will ensure that the IEP is fully implemented in accordance with IDEA and reviewed on an annual basis or more frequently as determined by the IEP team.

The Academy is dedicated to supporting special populations students, including special education, 504/IEP, English Learners (“ELs”), gifted and talented, and honors program students. The Academy will ensure compliance is maintained with the Individuals with Disabilities Education Act (IDEA), Section 504, and the Family Education Rights and Privacy (“FERPA”), and the Americans with Disabilities Act (“ADA”). The Academy provides a free and appropriate public education to children with disabilities, as identified under such Acts and policies. These supports include, but are not limited to, identifying, evaluating children with disabilities, and planning individualized education programs that meet each student’s unique needs, in accordance with state and federal requirements. The Academy works with special education leaders, intervention specialists, and general education curriculum teachers to ensure that every student receives accommodations, modifications, and all needed services to access and progress in the general education curriculum in the Least Restrictive Environment (“LRE”) according to each student’s IEP.

The Academy meets compliance with an open enrollment policy to ensure that any eligible student in Michigan can attend the school. Support services for students with disabilities (according to students' needs) include, but are not limited to:

- Direct special education intervention support for a student, as outlined within their IEP, which may be provided via small group or individual LiveLesson online classes, and/or one-on-one sessions over the telephone or as otherwise appropriate based upon each student’s needs as determined by the IEP team.
- Direct related service support (e.g., speech-language, occupational or physical therapy, etc.) provided online, face-to-face, home-based, at community sites, or therapist offices.
- Ongoing progress monitoring includes frequent and thorough review of student performance, attendance and participation data as reported to the student, parent and teacher through their respective home pages.

- Regular progress reporting to parents at least as frequently as general education progress reporting.
- Ongoing support and guidance from special education staff to the general education teachers to provide appropriate accommodations and modifications, as per a student’s IEP, to the general education curriculum.
- Careful logging in EMS of every conversation, contact (by phone, email message, LiveLesson session, or other means) and consultation with the student and/or parent as well as general education teachers.
- Specific tracking and reporting for providers of direct/related services, with scrutiny by the special education staff of any missed appointments or incomplete services.
- Conducting triennial evaluations, or every two years for students with Intellectual Disabilities, or more frequently as appropriate. Conducting IEP team meetings, including the parents, for all new students to adopt or amend the IEP, or conduct an Annual Review. Prior Written Notice detailing the decisions of the IEP team are provided to parents along with Parental Rights at least once annually and at appropriate instances when IEP revisions are made. The Academy will ensure it is compliant with the Individuals with Disabilities Education Act (IDEA), 20 U.S.C.A. §§ 1400 et. seq. and implementing regulations, including Section 300.209 of Title 34 of the Code of Federal Regulations, and Section 504 of the Rehabilitation Act of 1973, 29 U.S.C. 794 (“Section 504”) and the Americans with Disabilities Act.

The Academy ensures the delivery of special education and related services. The school’s Manager of Special Education will review the student’s documentation (IEP and Evaluation Report), if available during the enrollment process, and recommend course placement in collaboration with the School Counselor.

After enrollment, Academy staff and administrators convene an IEP team meeting, which will include the student’s parent(s) or guardian(s) and other appropriate IEP team participants, to adopt or amend the student’s IEP as necessary. Academy staff will provide special education and related services in conformity with the IEP, either by adopting the existing IEP or by developing a new IEP for the student in accordance with the requirements of IDEA. Qualified special education staff with appropriate licenses and training work closely with general education teachers, paraprofessionals, and related service providers to ensure that every student receives accommodations, modifications, and all needed services to access and progress in the general education curriculum in the LRE according to their IEPs or to be provided research-based interventional curriculum if the student’s IDEA disability(s) require the same.

Students Below Grade Level

Intervention Indicators are displayed in the EMS on the Teacher Homepage, to facilitate a teacher's identification of students who may need additional instruction or intervention in math, reading, or both.

These indicators are data-driven codes and are the first step of multi-tiered instruction. The indicators facilitate teachers' abilities to ensure that all students learn at high levels of achievement. Intervention indicator codes are used to identify students who may be at-risk of failure, assist

teachers in determining and implementing appropriate instructional interventions, and monitor the effectiveness of interventions.

In addition, at both the section and individual student levels, Student Performance Reports can be generated to identify the student score and the performance against each item. For some courses, objective level performance data is also provided. Teachers can use this data to determine which students need more help with a particular concept. They may then participate in individual or small group tutoring online with these students targeting specific skills.

Data can also be used to identify students who have mastered or have not mastered specific objectives. Teachers can run this report as frequently as needed to determine how students are progressing regarding each of the skills and standards for that subject and grade.

Students who are working below grade level based on performance on mandated assessments also benefit from intervention programs that focus on building proficiency in reading and math skills. Parents will be notified throughout the school year if their students qualify for these programs and their cooperation is secured for a series of intensive LiveLesson sessions with the student and his/her teacher focusing on areas needing improvement. The student will continue in the general education curriculum while receiving intervention as the LiveLesson sessions allow for focused remediation on topics likely to be problematic on the next mandated assessment.

The school counseling team has an established system for early identification of students who are behind in earning high school credits, or those who are off track for graduation. Once students are identified, School Counselors work with these students to create a graduation recovery plan to identify strategies to successfully earn credits and get back on track to graduate with his/her cohort. School Counselors work with students and families individually to identify and develop an effective plan to meet the needs of each student.

The Academy utilizes a multi-tiered system of support including the Response to Intervention (“RTI”) Framework, which ensures individual students receive the academic and behavioral support they need. Students who need support beyond the core curriculum with differentiation (Tier I) receive targeted intervention via the supplemental instructional programs in Tier II, and Tier III. Students’ responses to interventions are monitored, and adjustments to the type and intensity of support are made as needed. This RTI process is facilitated by data from the EMS to help identify students’ instructional needs that may require intervention. The process of identifying student intervention needs, assigning interventions, tracking their success, and communicating with parents, is ongoing. All efforts are made to meet each student's needs within the general education program.

English Learners (“EL”)

Once identified as an EL, a student receives support based on English proficiency via LiveLesson sessions by a certified EL teacher. Instruction is aligned to scientific research for English acquisition in reading, writing, listening and speaking.

The Academy follows state procedures and uses required criteria and procedures to identify ELs. Incoming families complete the State Board of Education Approved Home Language Survey (“HLS”).

The Academy utilizes reporting tools that enable the EL team to determine which students may potentially be identified as an English Learner, and to develop a plan on how to screen potential EL students, as well as assist with developing a plan to hold meetings and create a service delivery plan as required by the state of Michigan.

The Academy supports best practices for delivering instruction that is aligned to standards grounded on scientific research for English acquisition in reading, writing, listening and speaking. The EL Lead Teacher works with content teachers, Learning Coaches and students to ensure material is adapted and accessible for all EL students. The EL Lead Teacher also supports maintaining student files; effectively consults with Learning Coaches; utilizes best practices when providing direct instruction to EL students via LiveLesson sessions and telephone calls; issues reminders to conduct progress monitoring throughout the school year; and provides assistance with creating and implementing targeted interventions based on the data from progress monitoring, strategies for monitoring exited EL students for academic progress using state-specific criteria, and information on state and federal law pertaining to EL students.

The Academy crafted a plan to ensure all EL students participate in the state's annual language proficiency assessment, WIDA ACCESS for ELLs[®], or WIDA Alternate ACCESS for ELLs for those who have significant cognitive disabilities. The EL team developed a plan to coordinate in-person testing of EL students at various locations across the state within the established timeframe for Michigan as required by law.

Staff provides parent notifications both in English and in the parent's preferred language, upon request, to the extent feasible. The Academy continues to notify parents/guardians of the assessment results annually and continued participation in or exit from the EL program.

Gifted and Talented Students

Students that require accelerated and enriched learning opportunities are a diverse subsection of the general student body and thereby require additional educational opportunities for the fulfillment of their exceptional potentials. The Academy supports a comprehensive education program that recognizes students who require accelerated and enriched learning and their unique needs. The program will challenge the student, provide expanded learning opportunities, and support the student's affective needs.

Utilizing a multiple criteria approach, students are identified through both quantitative and qualitative measures of performance and follow the rules and regulations outlined by the Michigan Department of Education.

All teachers who work with the student requiring acceleration and enrichment are notified of the student's educational needs and goals and are provided guidance in reaching those goals. Students identified as requiring accelerated and enrichment learning opportunities are enrolled in curriculum that is attuned to the specific needs of the child. In grades 6-8, students have the opportunity to enroll in Gifted and Talented which allows students greater opportunities to interact with the teacher and other students, explore grade-level content, participate in extension projects, investigations, and activities that integrate skills and promote higher-level thinking, and to participate in individualized activities. Students are also able to choose from a wide variety of electives and club activities to supplement learning in core subjects.

Identified high school students requiring accelerated and enrichment learning opportunities also have access to rigorous college preparatory curriculum and can choose from Honors courses and 10 AP courses. Honors courses offer advanced students opportunities to participate in extension projects, investigations, and activities that require integrated skills application and higher-level thinking. Furthermore, AP courses allow students to engage in college-level investigation of subjects with the opportunity to earn college credit by achieving high scores on AP exams.

Along with the provision of advanced courses, the Academy offers a level of flexibility that makes it possible to provide each and every student a course load that is attuned to their particular strengths and interests. During the enrollment and placement process, students seeking enrichment and accelerated placements may be placed in different curriculum levels for different subjects. For example, a sixth grader with a high aptitude in math could be placed in an eighth-grade math course, while continuing to take sixth grade level courses in other subjects. This level of flexibility allows the school to provide an impressive level of personalization for the accelerated student.

F. Assessments

The Academy uses assessments to personalize a path to success for each student and monitor student progress.

Assessment efforts begin with a thorough placement process and progress assessment, offered online and offline. The placement process assists in customizing the student's academic program and formulating the PLP. Student progress on the curriculum is continually monitored and measured with ongoing assessments.

The Academy administers all applicable state assessments to gauge students' annual growth and help drive progress toward college and career readiness. The state assessments are administered in the spring by certificated Academy personnel at a secure location(s) that has been pre-approved by the MDE and The Governor John Engler Center for Charter Schools. The Academy works closely with officials from public schools and other public entities to arrange testing facilities and also make separate arrangements whenever needed. The Academy assigns a project manager who coordinates secure locations and logistics and ensures that students participate in all required assessments.

In addition, the Academy shall use the following assessments to measure pupil progress:

- **Curriculum-Based Assessments:** Teachers conduct curriculum-based assessments ("CBAs"), via telephone conversation or through one-on-one LiveLesson sessions, as a quick and effective way to gather information on students' understanding of concepts. CBAs are used to pinpoint strengths and weaknesses in student mastery of concepts and to validate a student's understanding of concepts against the collected formative data within the EMS. CBAs also assist teachers in verifying that students are doing their own work.
- **Summative Assessments:** Units of online instruction culminate with a summative unit test. Teachers review these results and make decisions to inform instruction and identify additional supports that may be needed to improve learning outcomes for each student.
- **Benchmark Assessments:** The Academy uses Northwest Evaluation Association™ ("NWEA™") Measures of Academic Progress ("MAP®") Growth™ formative benchmark

assessments to measure student proficiency in reading and math and to obtain a scaled score that can be used to measure academic growth. The NWEA MAP Growth assessment is computer adaptive, measures student performance, and tracks student growth over time. MAP Growth provides in-depth reporting and aggregates data by class and school/district. Individual reporting tracks student growth and identifies students' areas of strength and weakness. MAP Growth also identifies students who demonstrate poor growth. The computer- adaptive assessments identify areas of strength and need in the student's learning profile and measure student growth during the school year to help formulate learning goals and monitor student progress.

- **State Testing:** The Academy ensures students participate in required state testing, including state assessments.

Public schools are required by state and federal law to administer state standardized tests to students in specific grades or courses. All students enrolled in the Academy are required to participate in the state standardized testing program. Currently, this includes the Michigan Student Test of Educational Progress (“M-STEP”) for grades 6-8, PSAT™ in grades 8-10, and M-STEP, SAT® and ACT WorkKeys® in grade 11.

The Academy works closely with Caretakers, Learning Coaches, and students as they prepare for required testing. If a student is not able to participate in testing, the Caretaker will be required to document the reason(s) for nonparticipation, and the student may be required by the school to take a make-up test.

Graduation Requirements

The Academy requires students to at least meet the MMC minimum requirement of credits to graduate. The state of Michigan requires a minimum of 18 credits to graduate from high school, under what is known as the Michigan Merit Curriculum. These credits include English language arts, math, science, social studies, physical education, arts, and foreign languages, or allowed alternatives as approved by the Michigan Department of Education.

G. Evaluating Educational Program Effectiveness

The Academy is committed to continual improvement and accordingly, its systems and techniques are routinely updated to incorporate best practices and lessons learned. The Academy continually improves its offerings to ensure the needs of students and families are being met.

The EMS is continually updated and improved upon for the success of schools and families. All new releases and updates of the EMS are automatically provided. The curriculum is aligned to MAS and adheres to the National Standards for Quality Online Courses (3rd edition, 2019).

Pearson’s curriculum, used by the Academy, is updated regularly, based on a rigorous analysis of student performance on state standards as measured by state testing results and internal assessments. As the MMC is modified or changed in the future, the Academy will continue to modify or update the curriculum to meet them.

All courses are developed to ensure complete alignment to the MMC. The Academy does this by analyzing the standards to create an objective taxonomy for developing learning objectives. Objective taxonomy allows us to identify where objectives align with each other, support and build on each other, and are distinct from each other. The Academy then build standards aligned courses for Michigan with the learning objectives needed to ensure students' understanding and mastery of MDE's Academic Standards.

The curriculum is continuously assessed against multiple measures of effectiveness, with the resulting data used for improvement. Evaluation metrics include the following:

- Student Performance Results
 - Course Assessments – including performance assessments, portfolio activities, quizzes and tests
 - NWEA MAP pre- and post-tests
 - Standardized State Tests
- Parent/Student/Teacher Satisfaction Ratings
 - A comprehensive third-party survey is administered annually to gather detailed ratings from students, parents and teachers about the overall program; results are factored into bonus compensation for Academy and corporate staff.
- Course/Lesson Performance
- Assessment Analysis Reports
- Total Assessments
- Assessment Items
- Course Review
- Standards Alignment
- Graduation Requirements
- State and Authorizer Requirements

Based on this evaluation of effectiveness, the curriculum is updated on an ongoing, cyclical timeline that provides continuous improvements. Daily maintenance occurs throughout the six-year cycle, based on feedback from teachers, students and parents. Smaller but important revisions are made annually, based on Academy customer feedback, state standards and state assessments. Major revisions take place every three years and a complete re-write takes place every six years.

* The Academy updates course offerings each school year based on the needs and interests of students as well as teacher certification. As a result, some courses are rotated and are not offered each year. All core subjects are taught every year and high school students are required to meet the requirements of the Michigan Merit Curriculum.

**Typical course sequences indicate when a course is recommended to be taken at a specific grade level. For courses not necessarily recommended for a specific grade level, “any” is used for the grade indication. Course selections are subject to counselor review as placement is based on student performance, progress towards graduation and post-secondary plans.

SECTION E

METHODS OF PUPIL ASSESSMENT

METHODS OF PUPIL ASSESSMENT

Pursuant to Applicable Law and the Terms and Conditions of this Contract, including Article VI, Section 6.5, the Academy shall properly administer all state-mandated academic assessments identified in the Code, as applicable, and all academic assessments identified in the Public School Academy Chartering Policies adopted by the University Board, as applicable, in accordance with the requirements detailed in the Master Calendar annually issued by the Center.

The Academy shall authorize the Center to have access to the Academy's Student/School Data Applications through the Center for Educational Performance and Information and to the electronic reporting system administered by the Michigan Department of Education to access the Academy's state assessment results, as applicable. The Academy shall ensure that those involved with the administration of these assessments are properly trained and adhere to the ethical standards and testing procedures associated with these assessments.

Academic Assessments to Be Administered:

Assessments as identified in Schedule 7b of this Contract and all state-mandated assessments.

SECTION F

APPLICATION AND ENROLLMENT OF STUDENTS

APPLICATION AND ENROLLMENT OF STUDENTS

Pursuant to Applicable Law and the Terms and Conditions of this Contract, including Article VI, Sections 6.6 and 6.16 and Article XIII, the Academy shall comply with the application and enrollment requirements identified in this Schedule.

Enrollment Limits

The Academy will offer sixth through twelfth grade. The maximum enrollment shall be 1,300 students. The Academy Board will annually adopt maximum enrollment figures, which shall not exceed the maximum enrollment established by this Schedule, prior to its application and enrollment period. In addition, at no time shall the Academy's maximum enrollment exceed the maximum allowable enrollment established by the Code.

Requirements

Section 556 of the Code provides that schools of excellence that are cyber schools shall not charge tuition and shall not discriminate in its pupil admissions policies or practices on the basis of intellectual or athletic ability, measures of achievement or aptitude, status as a student with a disability, or any other basis that would be illegal if used by a Michigan school district. However, a school of excellence that is a cyber school may limit admission to pupils who are within a particular range of age or grade level or on any other basis that would be legal if used by a Michigan school district and may give enrollment priority as provided below.

- Academy enrollment shall be open to all individuals who reside in Michigan. Except for a foreign exchange student who is not a United States citizen, a school of excellence that is a cyber school shall not enroll a pupil who is not a Michigan resident.
- Academy admissions may be limited to pupils within a particular age range/grade level or on any other basis that would be legal if used by a Michigan school district.
- The Academy shall allow any pupil who was enrolled in the Academy in the immediately preceding school year to enroll in the Academy unless the appropriate grade is not offered.
- No student may be denied participation in the application process due to lack of student records.
- If there are more applications to enroll in the Academy than there are spaces available, pupils shall be selected to attend using a random selection process.
- The Academy must offer each pupil's family a computer and subsidize the cost of internet access.
- The Academy may not enroll any new pupils in a school year that begins after the Michigan Department of Education determines that the combined total statewide final audited membership for all pupils in membership in schools of excellence that are cyber schools for a state fiscal year that exceeds a number equal to 2% of the combined total statewide final audited membership for all pupils in membership in public schools for the 2011-2012 State Fiscal Year.

- The Academy Board shall ensure that every pupil that enrolls, along with his or her parent of legal guardian, are provided with a parent-student orientation. If the pupil is at least 18 or is an emancipated minor, the orientation may be provided to just the pupil.

The Academy may give enrollment priority to one (1) or more categories of students as provided by the Code.

Application Process

- The Academy shall make reasonable effort to advertise its enrollment openings.
- The Academy shall make the following additional efforts to recruit pupils who are eligible for special education programs and services or English as a second language services to apply for admission:
 - Reasonable efforts to advertise all enrollment openings to organizations and media that regularly serve and advocate for individuals with disabilities or children with limited English-speaking ability within the state-wide boundaries in which the school of excellence is located.
 - Inclusion in all pupil recruitment materials of a statement that appropriate special education services and English as a second language services will be made available to pupils attending the school as required by law.
- The Academy's open enrollment period shall be for a duration of at least 2 weeks and that the enrollment times include some evening and weekend times.
- The Academy shall accept applications all year. If openings occur during the academic year, students shall be enrolled. If openings do not exist, applicants shall be placed on the official waiting list. The waiting list shall cease to exist at the beginning of the Academy's next open enrollment period.
- In the event there are openings in the class for which students have applied, students shall be admitted according to the official waiting list. The position on the waiting list shall be determined by the random selection drawing. If there is no waiting list, students shall be admitted on a first-come, first-served basis.
- The Academy may neither close the application period nor hold a random selection drawing for unauthorized grades prior to receipt of written approval from The Center.

Legal Notice or Advertisement

- The Academy shall provide legal notice or advertisement of the application and enrollment process in a newspaper of general statewide circulation. A copy of the legal notice or advertisement shall be forwarded to The Center.
- At a minimum, the legal notice or advertisement must include:
 1. The process and/or location(s) for requesting and submitting applications.
 2. The beginning date and the ending date of the application period.

3. The date, time, and place the random selection drawing(s) will be held, if needed.
- The legal notice or advertisement of the application period shall be designed to inform individuals that are most likely to be interested in attending the Academy.
 - The Academy, being an equal opportunity educational institution, shall be committed to good-faith affirmative action efforts to seek out, create and serve a diverse student body.

Re-enrolling Students

- The Academy shall notify parents or guardians of all enrolled students of the deadline for notifying the Academy that they wish to re-enroll their child.
- If the Academy Board has a sibling preference policy, the re-enrollment notice must also request that the parent or guardian indicate whether a sibling(s) seeks to enroll for the upcoming academic year.
- An enrolled student who does not re-enroll by the specified date can only apply to the Academy during the application period for new students.
- An applicant on the waiting list at the time a new application period begins must reapply as a new student.
- After collecting the parent or guardian responses, the Academy must determine the following:
 1. The number of students who have re-enrolled per grade or grouping level.
 2. The number of siblings seeking admission for the upcoming academic year per grade.
 3. If space is unavailable, the Academy must develop a waiting list for siblings of re-enrolled students.
 4. The number of spaces remaining, per grade, after enrollment of current students and siblings.

Random Selection Drawing

A random selection drawing is required if the number of applications exceeds the number of available spaces. Prior to the application period, the Academy shall:

- Establish written procedures for conducting a random selection drawing.
- Establish the maximum number of spaces available per grade or age grouping level.
- Establish the date, time, place and person to conduct the random selection drawing.
- Notify The Center of both the application period and the date of the random selection drawing, if needed. The Center may have a representative on-site to monitor the random selection drawing process.

The Academy shall use a credible, impartial individual who is not employed by, under contract with, a member of the Board of, or otherwise affiliated with the Academy to conduct the random selection drawing. Further, the Academy shall:

- Conduct the random selection drawing in a manner that is open to parents, community members and members of the public who want to observe the process.
- Use numbers, letters, or another system that guarantees fairness and does not give an advantage to any applicant.

The Academy shall notify applicants not chosen in the random selection drawing that they were not selected and that their name has been placed on the Academy's official waiting list for openings that may occur during the academic year. Students shall appear on the official waiting list in the order they were selected in the random selection drawing.

Conditional Enrollment Status

Not later than July 1 of each year, the Michigan Department of Education ("Department") shall determine the percentage of the combined total statewide final audited membership for all pupils in membership in public schools that are pupils in membership in schools of excellence that are cyber schools for the state fiscal year that includes that July 1. If the department determines that the combined total statewide final audited membership for all pupils in membership in schools of excellence that are cyber schools for a state fiscal year exceeds a number equal to 2% of the combined total statewide final audited membership for all pupils in membership in public schools for the 2011-2012 state fiscal year (the "Condition Precedent"), then the Academy may not enroll any new pupils in the school of excellence that is a cyber school in a school year that begins after that determination is made. The Academy shall notify all potential pupil enrollees that the Academy is prohibited from continuing the application and enrollment process for any pupils in the Academy for the school year that begins after the determination is made. If the Department determines that the Condition Precedent is satisfied, then the pupil's enrollment status shall proceed as stated above.

All application and enrollment materials distributed by, or on behalf of, the Academy shall include language that notifies all potential enrollees that their enrollment in the Academy cannot be confirmed until after the Condition Precedent is satisfied.

GREAT LAKES LEARNING ACADEMY

In accordance with Article IX of the Terms and Conditions of the Contract (the "Contract"), dated July 1, 2023, issued by the CENTRAL MICHIGAN UNIVERSITY BOARD OF TRUSTEES (the "University Board") to GREAT LAKES LEARNING ACADEMY (the "Academy"), the parties agree to amend the Contract as follows:

- 1.) Amend Article XII, Section 12.9. Term of Contract, of the Terms and Conditions of Contract, by replacing the language contained therein with the following:

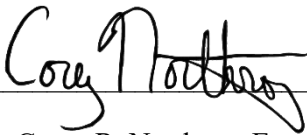

"Term of Contract. This Contract is for a fixed term and shall terminate at the end of the Contract term without any further action of either the University Board or the Academy. This Contract shall commence on the date first set forth above and shall remain in full force and effect until June 30, 2026, unless sooner revoked, terminated, or suspended pursuant to Article X of these Terms and Conditions. Pursuant to University Board policy, the standards by which the Academy may be considered for the issuance of a new contract will be guided by the following core questions:

EDUCATIONAL GOAL AND RELATED MEASURES

Pursuant to Applicable Law and the Terms and Conditions of this Contract, including Article VI, Section 6.2, the Academy shall achieve or demonstrate measurable progress for all groups of pupils toward the achievement of the educational goal identified in this schedule. Although an increase in academic achievement for all groups of pupils as measured by assessments and other objective criteria is the most important factor in determining the Academy’s progress toward the achievement of the educational goal, the Center also considers other factors. Upon request, the Academy shall provide the Center with a written report, along with supporting data, assessing the Academy’s progress toward achieving this goal. In addition, the University expects the Academy will meet the State of Michigan’s accreditation standards pursuant to state and federal law.

Educational Goal to be Achieved

Prepare students academically for success in college, work and life.

Measures to Assist In Determining Measurable Progress Toward Goal Achievement

To assist in determining whether the Academy is achieving measurable progress toward the achievement of this goal, the Center will annually assess the Academy’s performance using the following measures.

Measure 1: Student Achievement

The academic achievement of **all students who have been at the academy for one or more years¹** in grades 6-8 will be assessed using the following measures and targets:

Sub Indicator	Measure	Metric	Target
Against a Standard:	The percentage of students meeting or surpassing the current, spring, grade-level national norms ² on the NWEA Growth reading and math tests administered in the spring.	Distribution (which will be in the form of percentages): Exceeds $\geq 70.0\%$ Meets $\geq 50.0\%$ Approaching $\geq 30.0\%$ Does not meet $< 30.0\%$	50%
In the event that performance against the standard falls below these required expectations, “measurable progress towards the achievement of this goal” will be defined using the following measures and targets:			
Over Time:	The percentage of students meeting or surpassing spring grade-level national norms over time (CY-AVG(PY1+PY2+PY3)).	Trend score (which will be in the form of $-x$ to $+x$): Exceeds $\geq 6.0\%$ Meets $\geq 3.0\%$ Approaching $\geq 1.0\%$ Does not meet $< 1.0\%$	3.0%
Comparison Measure:	The percentage of students categorized as proficient or advanced on the most recent state assessment will surpass the school’s Composite Resident District (CRD) percentage.	Portfolio Distribution (which will be in the form of $-x$ to $+x$): Exceeds $\geq 10.0\%$ Meets $\geq 5.0\%$ Approaching $\geq 0.0\%$ Does not meet $< 0.0\%$	5.0%

¹ One or more years students (also called 1+ students) are students who are enrolled in the academy on or before count day and are still enrolled at the end of a given academic year.

² Grade level national norms are updated periodically by NWEA following comprehensive norming studies. The Center will use the most updated national norms published by NWEA and will inform the Academy when the norms are updated and how the updated norms may impact analysis and performance reporting.

Measure 2: Student Growth

The academic growth of all students in grades 6-8 at the Academy will be assessed using the following measures and targets:

Sub Indicator	Measure	Metric	Target
Against a Standard:	The median of student growth percentiles (MGP) reflecting fall-to-spring scaled score growth on the reading and math NWEA Growth tests.	MGP: Exceeds \geq 65th Meets \geq 50th Approaching \geq 45th Does not meet $<$ 45th	Reading: 50 Math: 50
In the event that performance against the standard falls below these required expectations, “measurable progress towards the achievement of this goal” will be defined using the following measures and targets:			
Over Time:	The percentage of students making at least one year’s growth over time (CY-AVG(PY1+PY2+PY3)).	Trend score (which will be in the form of $-x$ to $+x$): Exceeds \geq 6.0% Meets \geq 3.0% Approaching \geq 1.0% Does not meet $<$ 1.0%	3.0%
Comparison Measure:	The mean student growth percentile reflecting growth on the two most recent state assessments will surpass the school’s Composite Resident District.	Portfolio Distribution (which will be in the form of $-x$ to $+x$): Exceeds \geq 10.0% Meets \geq 5.0% Approaching \geq 0.0% Does not meet $<$ 0.0%	5.0%

Measure 3: Post-Secondary Readiness: Grades 9-11

The ‘on-track’ towards college readiness rates of all students in grades 9-11 will be assessed using the following measures and targets.

Indicator	Measure	Metric	Target
Career and College Readiness (CCR) Standard:	The percentage of full academic year students meeting or surpassing the current career and college readiness benchmarks on the SAT (grade 11) in Evidence-Based Reading and Writing (EBRW) and Math. Great Lakes Learning Academy

Contract Amendment No. 2

Tab 4

EDUCATIONAL PROGRAMS

Pursuant to Applicable Law and the Terms and Conditions of this Contract, including Article VI, Section 6.3, the Academy shall implement, deliver and support the educational programs and curriculum as identified in Schedule 7c and 7d, respectively.

A. Mission, Vision and Values

The mission of Great Lakes Learning Academy (“Academy”) is to focus on empowering students to achieve academic success while creating a community of respect and responsibility through an adaptive learning program.

Great Lakes Learning Academy engages students where they are on their academic journey and prepares them to be globally competitive for college and careers.

The values of Great Lakes Learning Academy include safety, collaboration, communication, professionalism, academic success, high expectations, and a student centric approach.

Being true to the mission, vision and values of the Academy, students are poised for strong academic progress and success in careers and life-long learning pursuits be it through college, vocational training, or other continuing academic pursuits.

B. How the Educational Program Is Delivered

The Academy is a full-time, tuition-free virtual public school that serves students in grades 6-12 from across Michigan. With our virtual school, students learn from home under the instruction of state-certified teachers through online lessons and phone calls structured to fit a student’s individualized learning needs and schedule. A parent or other adult serves as the “Learning Coach” and plays a role in the education of a student, serving to monitor progress in the home. The program offers a standards-aligned curriculum and unique technology tools to help students succeed, while also encouraging social growth.

The Academy currently offers two pacing options for distinct groups of students through a year-round school program; students in grades 6-12 enrolled in a traditional school program, and students in grades 9-12 enrolled in an alternative school program.

In order to meet the needs of all our students, the Academy provides two different paths for students. Our traditional path, for students in grades 6-12, offers a traditional schooling experience for students focusing on college and career readiness skills. Our second option is our alternative path for students in grades 9-12. With this option, high school students who have experienced significant barriers to success in high school will have an option for a more flexible and focused approach to their schooling. Participation in the alternative path for students in grades 9-12 will be provided by request or assigned as appropriate for students who meet eligibility criteria, including:

- Student age outside typical grade level parameters by one or more years
- Student’s age will put the student at risk for completing graduation requirements before they exceed allowable age parameters for enrollment
- Student is off cohort for graduation by more than a semester

- Student has failed 3 or more core classes
- Student was retained in grades 5-8
- Student enrolled late by greater than 45 days into the school year
- Student has dropped out of school for at least 1 semester

It will be at the discretion of Academy administration to enroll a student into the alternative pathway dependent on if this pathway will appropriately meet a student's needs. Enrollment within the alternative pathway can only occur at the conclusion of a semester. The traditional and alternative pathways have very different requirements and expectations which are outlined in the school handbook.

The delivery of the Academy's Educational Program is through a comprehensive, innovative, fully online school model. This model combines the best in online education with real connections among students, families, teachers and the community to promote academic and emotional success for every learner. The Academy's online program supports a whole-school experience for students with academic, behavioral, emotional and career support, including access to nationally facilitated nonacademic and extracurricular clubs, activities, and electives.

The Academy offers the following unique core model elements to meet the needs of students and families through our turn-key school offering:

- **Tuition Free, High-Quality Program:** The Academy provides a tuition-free online program for all students. The Academy contracts with Pearson to provide award-winning curriculum is research-based, aligned to Michigan state standards and national standards, and integrates the best materials, texts and resources available to suit students' unique needs to prepare for a future of success.
- **Nationally Accredited Program:** Pearson's program was one of the first of its kind to be accredited by Cognia® (formerly AdvancED). Cognia offers accreditation and certification, assessment, professional learning, and supports providers in meeting goals and sustains commitments to better learner outcomes.
- **Individualized Learning:** Each student has unique abilities and performs better when receiving individualized attention in a nurturing learning environment. Teachers identify individual students' interests, learning preferences and skills and encourage personal development, giving each student the best opportunity to succeed. An individualized learning approach means that students can accelerate their pace on material they grasp easily and receive extra attention in areas of weakness.
- **Student-Centered Learning:** The Academy's instructional model focuses on student-centered learning and incorporates key facets of guidance and support, and teaching methods to foster student motivation. Teachers are trained to apply three engagement strategies to their instruction to create a motivational online learning environment: make instruction fun and engaging, provide a safe way to respond, and help students succeed.
- **Flexible:** Students develop their own schedule to fit their specific needs, both in how they structure each school day and their overall schedule, provided no state or local regulations are violated. Students attend school regularly, meet their specific attendance

and/or instructional hour requirements, correspond with their teachers, and complete lessons and assessments as expected. During school hours, students participate in phone conferences or LiveLesson sessions. Students can follow a traditional or accelerated path and can likewise take advantage of the two summer school sessions to keep on cohort, to get back on track, or accelerate their studies.

- **Career Readiness Opportunities:** Pearson’s program promotes college readiness and can provide opportunities to earn post-secondary credits, and career and technical education programs to ensure students seeking to join a high skilled trade career receive the knowledge and training needed to succeed in today's labor market.
- **Technology-Facilitated Curriculum:** The Academy uses a high-quality, proven-effective curriculum consisting of technology-delivered, but teacher-driven courses. This comprehensive program offers multiple levels of core academic coursework: Advanced Placement® (“AP”), Honors, and Gifted and Talented. In addition, foreign languages, technology and Career Technical electives, and engaging humanities courses are also integrated into the program. Throughout the flexible school day, students access the curriculum via the academy-provided computer, which allows students to work anywhere at any time and to produce learning data to guide instructional decisions.
- **Certified and Dedicated Teachers:** Each student has a staff of dedicated, exceptional and expert Michigan-certified teachers and staff working closely with families to create an individualized learning plan. Teachers are trained to excel in online teaching and learning. Additional professional development opportunities are provided and designed to support teachers and staff with the skills and strategies to better serve students. Teachers are drawn to the Academy by the opportunity to work with students individually and make a difference.
- **Learning Coach and Family Support:** Each student has a Learning Coach (a parent, family member, or trusted adult designated by the parent/guardian) who serves as their student’s online school Learning Coach, choosing to be closely involved in their child’s daily education and take on an active role in supporting and encouraging their child. The Learning Coach is supported with resources and training to encourage caregivers in the learning process. Typically, a Learning Coach keeps the student motivated, on track, and regularly communicates with the student’s teachers.
- **Personalized Performance Learning:** The centerpiece of instruction is the Personalized Learning Plan (“PLP”) process, which provides for individualized instruction tailored to the learning needs of each student. The PLP is an extensive process that starts at the beginning of the school year by a Michigan-credentialed teacher in consultation with the student and the student’s Learning Coach (usually the parent or guardian). The Education Management System (“EMS”) provides teachers with data to inform ongoing progress monitoring and instructional modifications. Teachers use student performance data to create lesson modifications, customize assignments, customize assessments to address students’ learning needs, or to provide students with additional practice opportunities.
- **Education Management System:** The EMS is the online learning platform for organizing and supporting the entire educational environment for the Academy. Students can access this collaborative learning experience anywhere they can connect to the

Internet. The EMS is a user-friendly suite of web-based software that delivers assignments and tracks activities (whether conducted online or offline) while monitoring the completion of individual lessons as well as mastery of skills and knowledge, all under the watchful eye of administrators, teachers, and Learning Coaches. The EMS operates within a secure, robust technology infrastructure protecting data from loss and intrusion while maintaining a safe environment. Students, teachers, administrators, and Learning Coaches access the EMS to view curriculum, review grades, schedule lessons, organize, document, and interact, ensuring an unprecedented level of engagement. The EMS is continually updated and improved upon for the success of schools and families. All new releases and updates of the EMS are automatically provided.

- **Personalized Learning Plan with Real-Time Performance Data:** This instructional process creates a unique learning experience for each student. The EMS provides teachers with data to inform ongoing progress monitoring and instructional modifications. Teachers use student performance data to create lesson modifications, customize assignments, customize assessments to address students' learning needs, or to provide students with additional practice opportunities.
- **Computing Resources:** Enrolled families can request a leased computer with preloaded software, necessary to fully access and support the Academy's curriculum. Computers are sent to the home, along with a Computer Setup Guide with instructions, contact information for technical support, and detailed information regarding the equipment.

C. Approaches to Engage Students in Learning

In addition to the design features listed above, one-to-one computing resources and technology-facilitated curriculum, the Academy integrates several key approaches to ensuring student engagement. Specifically:

- **Synchronous Contact/LiveLesson®:** In an online charter school setting, synchronous contact is defined as a live interaction occurring in real time between teachers and students. LiveLesson sessions allow students to meet regularly in an online setting and gives classmates the opportunity to share ideas, compare experiences, and have fun learning together. Students can also meet others with similar interests through online clubs and activities. LiveLesson sessions allow teachers to work synchronously and directly with students using voice-over IP, electronic whiteboard, and shared Internet use. These sessions are also recorded so students can watch on their own schedule. This live support is a direct reflection of formative assessment that indicates to the teacher where additional efforts are needed to help students master the content. Teachers document all synchronous contact with a student within the student's Log in the EMS.
- **Interactive Reviews:** As part of the educational program, interactive reviews are provided for additional practice opportunities. These opportunities are embedded in the curriculum and serve to give students targeted feedback on concepts and skills.
- **Field Trips and Activities:** The Academy may also offer in-person gatherings, activities, and field trips so that students have a chance to interact outside of the online classroom. Students can also meet others with similar interests through online clubs and activities.

D. Curriculum

The Academy provides an innovative, flexible and individualized school experience for its students in grades 6-12. The program builds on recent research and best practice about the most effective ways to serve middle and high school students and many years of experience with online education. The web-based curriculum is powered by a web-based management platform.

The Academy provides students with everything they need to thrive: a proven curriculum; specially trained, highly qualified teachers; a powerful digital education platform; flexible scheduling; essential technology tools; and real connections linking the Academy, family and community with a focus on the post-secondary education. Options for intervention and alternative education students are also available to address credit deficiencies and skill deficiencies maximizing opportunities for students to be successful at the highest levels of rigor.

The Academy's educational approach is centered on curriculum that is stimulating, balanced and fine-tuned to benefit students. Its heart is the core math, science, English and social studies courses. The curriculum also provides access to foreign languages, innovative technology electives, Career Technical Education ("CTE") and engaging arts courses. The curriculum is aligned to the Michigan Merit Curriculum ("MMC"). The Academy offers all courses required for high school graduation in Michigan.

The Academy's Michigan-certified teachers form strong, one-on-one relationships with students and provide personalized instruction. All students meet with a teacher to develop a plan that prepares the student for success on any path they choose: college, the military or a career. The program allows students the ability to vary their pace and work from any location, with parents directly involved in student learning.

Middle School Curriculum

Students in grades 6- 8 are enrolled as middle school students. The program of instruction for students in grades 6-8 has the ability to be individualized, personalized, and delivered in a non-traditional environment to give students the best pathways to success. Michigan-certified teachers create and deliver a personalized middle school curriculum which is tailored to best meet the needs of the students.

An overall description of the curriculum by Pearson Virtual Schools ("PVS") is provided; however, the exact courses offered vary each year (with the anticipation of expanding offerings) and depend on the number of students enrolled, the grade levels of enrolled students, the number of staff hired meeting educational, operational, and financial requirements and priorities. Although students in a full-time cyber school have flexibility in their daily schedules, middle school students take six to nine courses per semester with a minimum of six courses. The following lessons are scheduled on a weekly basis for students in grade levels 6-8. In addition to lessons, students have the opportunity to participate in nationally-facilitated nonacademic and extracurricular clubs and activities on a weekly basis.

Grades 6-8:

- Language Arts, 5 lessons per week
- Mathematics, 5 lessons per week

- Social Studies, 3 to 5 lessons per week
- Science, 4 to 5 lessons per week
- Educational Technology, 2 lessons per week
- Physical Education & Health, 1 lesson per week, with activities for daily physical activity
- Optional electives such as Career Exploration

The Academy uses the high-quality proprietary curriculum, integrated textbooks, instructional activities, and other content from a variety of leading publishers as well as technology-based content. The Academy uses a variety of multimedia and interactive practices to reinforce standards for language arts and math at each grade level. The proprietary and highly effective online animated tutorials, which introduce challenging topics and provide interactive practice, are also included along with proprietary interactive online tools and simulations, including a virtual rock and mineral kit, pan balance, geoboard, and interactive math practice activities. LiveLesson sessions, which provide real-time direct instruction with individual and small groups of students using voice-over IP, electronic whiteboard, and shared web surfing, allow teachers and students to interact with one another in real time in a virtual classroom. In addition, LiveLesson sessions may be recorded and saved for students to revisit later if they missed them or want to refresh themselves on the topics covered.

The Academy focuses on developing and nurturing a culture of math acceptance and empowerment. With a focus on student engagement, activities and practice work to create an awareness of and appreciation for math in students' everyday lives; make math more approachable for students, caretakers, and teachers; build pride and confidence in math effort and achievements; and make math connections with college and career planning.

Students in grades 6-8 can also use creative tools which provide fun and interactive ways for students and teachers to tell digital stories. The platform allows teachers to teach a concept using digital storytelling and create engaging movies through the use of music, voice narration, and a library of images all available within the program. Digital storytelling supports communication, creative thinking, reading, writing and comprehension.

Educational Development Plan (“EDP”)

Beginning in grade 6, students will work with homeroom teachers to develop an EDP with the support of the counseling staff. Students will review and continue development of the EDP throughout their enrollment at the Academy.

High School Curriculum

The Academy provides a balanced, challenging high school experience focused on students pursuing paths that lead to success, whether via college or an immediate career choice. A student's personalized path is monitored along the way by the student, caretakers, teachers, and the school counselor. The Academy provides a comprehensive program with three levels of academic coursework aligned to the MMC: Standard, Honors, and AP. While all levels are designed to meet standards and provide students a rigorous curriculum, the three levels enable differentiation based on student needs and college and career goals. Students work with an academic placement advisor or the school counselor to determine appropriate course level placement. Michigan-certified

teachers create and deliver a personalized high school curriculum which is tailored to best meet the needs of the students.

The high school curriculum includes a wide variety of electives and intensive world language instruction in Spanish and French. Courses continue to be added to the catalog as they become available.

The high school model includes both teacher- and student-directed instruction, with feedback and support through asynchronous and synchronous e-learning tools. The high school curriculum integrates digital versions of textbooks from major publishers with enhanced multimedia, interactive materials and resources, discussions, and communication/conferencing tools. In addition, students have offline assignments, projects, novels and practice work.

High school courses include extensive use of tutorials to engage students with the concepts and ideas they need to complete the lessons. Courses incorporate graded asynchronous online discussions which are required for all students. They create opportunities for collaboration and interaction among students, increase problem solving skills, and provide opportunities for a "real-world" audience. The high school model also includes a host of services and procedures to address credits, transcripts, and counseling. It is important for students to start early planning for graduation and post-secondary education or employment. Without early planning, students run the risk of missing crucial courses and negatively impacting their plans or aspirations.

An Honors/ AP program is available for high school students. Students in grades 11 and 12 also have access to Post Secondary Enrollment Options ("PSEO"). By enrolling in these demanding courses, students demonstrate their commitment to college-prep- level education, which may give them a competitive advantage during the college application process.

E. Adaptation and Modification to Meet the Needs of All Learners

The Academy's curriculum is flexible and organized in such a manner to meet the needs of all learners, whether that is students with disabilities, students who are below grade level, EL students, or gifted and talented students. Honors courses are available at the middle and high school levels, gifted and talented courses are available to the middle grades and AP courses are reserved for the high school grades.

Students Who Qualify for Special Education Services

When making educational placement decisions for students with disabilities, the Academy will ensure that parents are contributing members of the Individualized Educational Program ("IEP") team and together the team will make decisions that are subject to requirements regarding provision of the least restrictive environment. When determining how services will be delivered to students with disabilities, the Academy will follow all applicable Special Education Rules as issued by the Michigan Department of Education ("MDE"). If a child with a current IEP enrolls in the Academy, the Academy will utilize a 30-day placement agreement to provide time to determine whether the existing IEP or a new IEP suits the students' needs best. IEPs will be developed, revised and implemented in accordance with the applicable provisions of the Individuals with Disabilities Education Act ("IDEA"), as may be amended from time to time, and applicable state law and regulations. Similarly, Section 504 Plans will be developed, revised and implemented in

accordance with Section 504 of the Rehabilitation Act (“Section 504”), and corresponding regulations, as may be amended from time to time.

The Academy will fully comply with federal laws and regulations governing children with disabilities as follows:

1. The Academy is responsible for providing a free, appropriate public education (“FAPE”) to children with disabilities enrolled in the Academy that have been determined through an IEP to require Special Education programs and services.
2. The Academy will ensure that children who are suspected of having disabilities are properly evaluated by a multidisciplinary team, as defined in the applicable Michigan Special Education Rules and that children who have already been identified are re-evaluated by the multidisciplinary team at least every three years.
3. When a multidisciplinary team determines that a special education student requires Special Education programs and services, the Academy will ensure that the IEP is fully implemented in accordance with IDEA and reviewed on an annual basis or more frequently as determined by the IEP team.

The Academy is dedicated to supporting special populations students, including special education, 504/IEP, English Learners (“ELs”), gifted and talented, and honors program students. The Academy will ensure compliance is maintained with the Individuals with Disabilities Education Act (IDEA), Section 504, and the Family Education Rights and Privacy (“FERPA”), and the Americans with Disabilities Act (“ADA”). The Academy provides a free and appropriate public education to children with disabilities, as identified under such Acts and policies. These supports include, but are not limited to, identifying, evaluating children with disabilities, and planning individualized education programs that meet each student’s unique needs, in accordance with state and federal requirements. The Academy works with special education leaders, intervention specialists, and general education curriculum teachers to ensure that every student receives accommodations, modifications, and all needed services to access and progress in the general education curriculum in the Least Restrictive Environment (“LRE”) according to each student’s IEP.

The Academy meets compliance with an open enrollment policy to ensure that any eligible student in Michigan can attend the school. Support services for students with disabilities (according to students' needs) include, but are not limited to:

- Direct special education intervention support for a student, as outlined within their IEP, which may be provided via small group or individual LiveLesson online classes, and/or one-on-one sessions over the telephone or as otherwise appropriate based upon each student’s needs as determined by the IEP team.
- Direct related service support (e.g., speech-language, occupational or physical therapy, etc.) provided online, face-to-face, home-based, at community sites, or therapist offices.
- Ongoing progress monitoring includes frequent and thorough review of student performance, attendance and participation data as reported to the student, parent and teacher through their respective home pages.

- Regular progress reporting to parents at least as frequently as general education progress reporting.
- Ongoing support and guidance from special education staff to the general education teachers to provide appropriate accommodations and modifications, as per a student's IEP, to the general education curriculum.
- Careful logging in EMS of every conversation, contact (by phone, email message, LiveLesson session, or other means) and consultation with the student and/or parent as well as general education teachers.
- Specific tracking and reporting for providers of direct/related services, with scrutiny by the special education staff of any missed appointments or incomplete services.
- Conducting triennial evaluations, or every two years for students with Intellectual Disabilities, or more frequently as appropriate. Conducting IEP team meetings, including the parents, for all new students to adopt or amend the IEP, or conduct an Annual Review. Prior Written Notice detailing the decisions of the IEP team are provided to parents along with Parental Rights at least once annually and at appropriate instances when IEP revisions are made. The Academy will ensure it is compliant with the Individuals with Disabilities Education Act (IDEA), 20 U.S.C.A. §§ 1400 et. seq. and implementing regulations, including Section 300.209 of Title 34 of the Code of Federal Regulations, and Section 504 of the Rehabilitation Act of 1973, 29 U.S.C. 794 ("Section 504") and the Americans with Disabilities Act.

The Academy ensures the delivery of special education and related services. The school's Manager of Special Education will review the student's documentation (IEP and Evaluation Report), if available during the enrollment process, and recommend course placement in collaboration with the School Counselor.

After enrollment, Academy staff and administrators convene an IEP team meeting, which will include the student's parent(s) or guardian(s) and other appropriate IEP team participants, to adopt or amend the student's IEP as necessary. Academy staff will provide special education and related services in conformity with the IEP, either by adopting the existing IEP or by developing a new IEP for the student in accordance with the requirements of IDEA. Qualified special education staff with appropriate licenses and training work closely with general education teachers, paraprofessionals, and related service providers to ensure that every student receives accommodations, modifications, and all needed services to access and progress in the general education curriculum in the LRE according to their IEPs or to be provided research-based interventional curriculum if the student's IDEA disability(s) require the same.

Students Below Grade Level

Intervention Indicators are displayed in the EMS on the Teacher Homepage, to facilitate a teacher's identification of students who may need additional instruction or intervention in math, reading, or both.

These indicators are data-driven codes and are the first step of multi-tiered instruction. The indicators facilitate teachers' abilities to ensure that all students learn at high levels of achievement.

Intervention indicator codes are used to identify students who may be at-risk of failure, assist teachers in determining and implementing appropriate instructional interventions, and monitor the effectiveness of interventions.

In addition, at both the section and individual student levels, Student Performance Reports can be generated to identify the student score and the performance against each item. For some courses, objective level performance data is also provided. Teachers can use this data to determine which students need more help with a particular concept. They may then participate in individual or small group tutoring online with these students targeting specific skills.

Data can also be used to identify students who have mastered or have not mastered specific objectives. Teachers can run this report as frequently as needed to determine how students are progressing regarding each of the skills and standards for that subject and grade.

Students who are working below grade level based on performance on mandated assessments also benefit from intervention programs that focus on building proficiency in reading and math skills. Parents will be notified throughout the school year if their students qualify for these programs and their cooperation is secured for a series of intensive LiveLesson sessions with the student and his/her teacher focusing on areas needing improvement. The student will continue in the general education curriculum while receiving intervention as the LiveLesson sessions allow for focused remediation on topics likely to be problematic on the next mandated assessment.

The school counseling team has an established system for early identification of students who are behind in earning high school credits, or those who are off track for graduation. Once students are identified, School Counselors work with these students to create a graduation recovery plan to identify strategies to successfully earn credits and get back on track to graduate with his/her cohort. School Counselors work with students and families individually to identify and develop an effective plan to meet the needs of each student.

The Academy utilizes a multi-tiered system of support including the Response to Intervention (“RTI”) Framework, which ensures individual students receive the academic and behavioral support they need. Students who need support beyond the core curriculum with differentiation (Tier I) receive targeted intervention via the supplemental instructional programs in Tier II, and Tier III. Students’ responses to interventions are monitored, and adjustments to the type and intensity of support are made as needed. This RTI process is facilitated by data from the EMS to help identify students’ instructional needs that may require intervention. The process of identifying student intervention needs, assigning interventions, tracking their success, and communicating with parents, is ongoing. All efforts are made to meet each student's needs within the general education program.

English Learners (“EL”)

Once identified as an EL, a student receives support based on English proficiency via LiveLesson sessions by a certified EL teacher. Instruction is aligned to scientific research for English acquisition in reading, writing, listening and speaking.

The Academy follows state procedures and uses required criteria and procedures to identify ELs. Incoming families complete the State Board of Education Approved Home Language Survey (“HLS”).

The Academy utilizes reporting tools that enable the EL team to determine which students may potentially be identified as an English Learner, and to develop a plan on how to screen potential EL students, as well as assist with developing a plan to hold meetings and create a service delivery plan as required by the state of Michigan.

The Academy supports best practices for delivering instruction that is aligned to standards grounded on scientific research for English acquisition in reading, writing, listening and speaking. The EL Lead Teacher works with content teachers, Learning Coaches and students to ensure material is adapted and accessible for all EL students. The EL Lead Teacher also supports maintaining student files; effectively consults with Learning Coaches; utilizes best practices when providing direct instruction to EL students via LiveLesson sessions and telephone calls; issues reminders to conduct progress monitoring throughout the school year; and provides assistance with creating and implementing targeted interventions based on the data from progress monitoring, strategies for monitoring exited EL students for academic progress using state-specific criteria, and information on state and federal law pertaining to EL students.

The Academy crafted a plan to ensure all EL students participate in the state's annual language proficiency assessment, WIDA ACCESS for ELLs[®], or WIDA Alternate ACCESS for ELLs for those who have significant cognitive disabilities. The EL team developed a plan to coordinate in-person testing of EL students at various locations across the state within the established timeframe for Michigan as required by law.

Staff provides parent notifications both in English and in the parent’s preferred language, upon request, to the extent feasible. The Academy continues to notify parents/guardians of the assessment results annually and continued participation in or exit from the EL program.

Gifted and Talented Students

Students that require accelerated and enriched learning opportunities are a diverse subsection of the general student body and thereby require additional educational opportunities for the fulfillment of their exceptional potentials. The Academy supports a comprehensive education program that recognizes students who require accelerated and enriched learning and their unique needs. The program will challenge the student, provide expanded learning opportunities, and support the student’s affective needs.

Utilizing a multiple criteria approach, students are identified through both quantitative and qualitative measures of performance and follow the rules and regulations outlined by the Michigan Department of Education.

All teachers who work with the student requiring acceleration and enrichment are notified of the student’s educational needs and goals and are provided guidance in reaching those goals. Students identified as requiring accelerated and enrichment learning opportunities are enrolled in curriculum that is attuned to the specific needs of the child. In grades 6-8, students have the opportunity to enroll in Gifted and Talented which allows students greater opportunities to interact

with the teacher and other students, explore grade-level content, participate in extension projects, investigations, and activities that integrate skills and promote higher-level thinking, and to participate in individualized activities. Students are also able to choose from a wide variety of electives and club activities to supplement learning in core subjects.

Identified high school students requiring accelerated and enrichment learning opportunities also have access to rigorous college preparatory curriculum and can choose from Honors courses and 10 AP courses. Honors courses offer advanced students opportunities to participate in extension projects, investigations, and activities that require integrated skills application and higher-level thinking. Furthermore, AP courses allow students to engage in college-level investigation of subjects with the opportunity to earn college credit by achieving high scores on AP exams.

Along with the provision of advanced courses, the Academy offers a level of flexibility that makes it possible to provide each and every student a course load that is attuned to their particular strengths and interests. During the enrollment and placement process, students seeking enrichment and accelerated placements may be placed in different curriculum levels for different subjects. For example, a sixth grader with a high aptitude in math could be placed in an eighth-grade math course, while continuing to take sixth grade level courses in other subjects. This level of flexibility allows the school to provide an impressive level of personalization for the accelerated student.

F. Assessments

The Academy uses assessments to personalize a path to success for each student and monitor student progress.

Assessment efforts begin with a thorough placement process and progress assessment, offered online and offline. The placement process assists in customizing the student's academic program and formulating the PLP. Student progress on the curriculum is continually monitored and measured with ongoing assessments.

The Academy administers all applicable state assessments to gauge students' annual growth and help drive progress toward college and career readiness. The state assessments are administered in the spring by certificated Academy personnel at a secure location(s) that has been pre-approved by the MDE and The Governor John Engler Center for Charter Schools. The Academy works closely with officials from public schools and other public entities to arrange testing facilities and also make separate arrangements whenever needed. The Academy assigns a project manager who coordinates secure locations and logistics and ensures that students participate in all required assessments.

In addition, the Academy shall use the following assessments to measure pupil progress:

- **Curriculum-Based Assessments:** Teachers conduct curriculum-based assessments ("CBAs"), via telephone conversation or through one-on-one LiveLesson sessions, as a quick and effective way to gather information on students' understanding of concepts. CBAs are used to pinpoint strengths and weaknesses in student mastery of concepts and to validate a student's understanding of concepts against the collected formative data within the EMS. CBAs also assist teachers in verifying that students are doing their own work.

- **Summative Assessments:** Units of online instruction culminate with a summative unit test. Teachers review these results and make decisions to inform instruction and identify additional supports that may be needed to improve learning outcomes for each student.
- **Benchmark Assessments:** The Academy uses Northwest Evaluation Association™ (“NWEA™”) Measures of Academic Progress (“MAP®”) Growth™ formative benchmark assessments to measure student proficiency in reading and math and to obtain a scaled score that can be used to measure academic growth. The NWEA MAP Growth assessment is computer adaptive, measures student performance, and tracks student growth over time. MAP Growth provides in-depth reporting and aggregates data by class and school/district. Individual reporting tracks student growth and identifies students' areas of strength and weakness. MAP Growth also identifies students who demonstrate poor growth. The computer- adaptive assessments identify areas of strength and need in the student's learning profile and measure student growth during the school year to help formulate learning goals and monitor student progress.
- **State Testing:** The Academy ensures students participate in required state testing, including state assessments.

Public schools are required by state and federal law to administer state standardized tests to students in specific grades or courses. All students enrolled in the Academy are required to participate in the state standardized testing program. Currently, this includes the Michigan Student Test of Educational Progress (“M-STEP”) for grades 6-8, PSAT™ in grades 8-10, and M-STEP, SAT® and ACT WorkKeys® in grade 11.

The Academy works closely with Caretakers, Learning Coaches, and students as they prepare for required testing. If a student is not able to participate in testing, the Caretaker will be required to document the reason(s) for nonparticipation, and the student may be required by the school to take a make-up test.

Graduation Requirements

The Academy requires students to at least meet the MMC minimum requirement of credits to graduate. The state of Michigan requires a minimum of 18 credits to graduate from high school, under what is known as the Michigan Merit Curriculum. These credits include English language arts, math, science, social studies, physical education, arts, and foreign languages, or allowed alternatives as approved by the Michigan Department of Education.

G. Evaluating Educational Program Effectiveness

The Academy is committed to continual improvement and accordingly, its systems and techniques are routinely updated to incorporate best practices and lessons learned. The Academy continually improves its offerings to ensure the needs of students and families are being met.

The EMS is continually updated and improved upon for the success of schools and families. All new releases and updates of the EMS are automatically provided. The curriculum is aligned to MAS and adheres to the National Standards for Quality Online Courses (3rd edition, 2019).

Pearson’s curriculum, used by the Academy, is updated regularly, based on a rigorous analysis of student performance on state standards as measured by state testing results and internal assessments. As the MMC is modified or changed in the future, the Academy will continue to modify or update the curriculum to meet them.

All courses are developed to ensure complete alignment to the MMC. The Academy does this by analyzing the standards to create an objective taxonomy for developing learning objectives. Objective taxonomy allows us to identify where objectives align with each other, support and build

on each other, and are distinct from each other. The Academy then build standards aligned courses for Michigan with the learning objectives needed to ensure students' understanding and mastery of MDE's Academic Standards.

The curriculum is continuously assessed against multiple measures of effectiveness, with the resulting data used for improvement. Evaluation metrics include the following:

- Student Performance Results
 - Course Assessments – including performance assessments, portfolio activities, quizzes and tests
 - NWEA MAP pre- and post-tests
 - Standardized State Tests
- Parent/Student/Teacher Satisfaction Ratings
 - A comprehensive third-party survey is administered annually to gather detailed ratings from students, parents and teachers about the overall program; results are factored into bonus compensation for Academy and corporate staff.
- Course/Lesson Performance
- Assessment Analysis Reports
- Total Assessments
- Assessment Items
- Course Review
- Standards Alignment
- Graduation Requirements
- State and Authorizer Requirements

Based on this evaluation of effectiveness, the curriculum is updated on an ongoing, cyclical timeline that provides continuous improvements. Daily maintenance occurs throughout the six-year cycle, based on feedback from teachers, students and parents. Smaller but important revisions are made annually, based on Academy customer feedback, state standards and state assessments. Major revisions take place every three years and a complete re-write takes place every six years.

* The Academy updates course offerings each school year based on the needs and interests of students as well as teacher certification. As a result, some courses are rotated and are not offered each year. 2.3 The term of any contiguous space shall be co-terminus with the Lease Term. Prior to execution of this Lease, Landlord shall provide Tenant with a list of any pre-existing rights of other tenants or third parties with respect to such contiguous space.

2.4 Notwithstanding anything herein to the contrary, Tenant's obligations under this Lease, including the obligation occupy the Premises and to pay Rent, shall be expressly conditioned on Landlord's ability to deliver to Tenant, prior to the Commencement Date, a Certificate of Occupancy for the leased Premises. In the event Landlord is unable to or delayed in its delivery of the Certificate of Occupancy to Tenant, Tenant's obligations hereunder shall not commence and shall be delayed until delivery of the same.

ARTICLE 3 TERM OF LEASE

3.1 The Tenant shall be granted exclusive possession of the Premises for the Lease Term provided in Article 1.1, commencing on the Commencement Date and terminating on the Termination Date as set forth herein unless sooner terminated for violations of the provisions and agreements of this Lease, or otherwise in accordance with this Lease. In the event Landlord fails to deliver the Premises on the Commencement Date because the Premises are not then ready for occupancy, or because the previous occupant of the Premises is holding over, or for any other cause beyond Landlord's control, Landlord shall not be liable to Tenant for any damages as a result of Landlord's delay in delivering the Premises, nor shall any such delay affect the validity of this Lease or the obligations of Tenant hereunder, and the Commencement Date of this Lease shall be postponed until such time as the Premises are ready for Tenant's occupancy and the Termination Date adjusted to reflect the correct number of months for the term. Tenant's obligation to pay rent shall not commence until and after the Commencement Date.

Tenant and Landlord's inability to agree upon the Fair Market Terms shall not invalidate Tenant's timely exercise of its renewal option(s). If Tenant and Landlord are unable to agree on the Fair Market Terms for any renewal term, Tenant and Landlord agree that the Lease shall provide for a mutually acceptable arbitration procedure (using a three-broker arbitration process) in order to determine the terms of the First Additional Lease Term which are mutually agreeable to Landlord and Tenant.

3.3 **Second Additional Lease Term:** If Tenant is not in default of the Lease beyond any cure period at the Expiration of the First Additional Lease Term, it shall have the right and option to extend the Lease term for the second of two (2) additional three (3) year terms ("Second Additional Lease Term") on conditions set forth herein and with the Minimum Rent of 95% of the then current Fair Market Terms (as defined herein). If Tenant and Landlord are unable to agree on the Fair Market Terms for any renewal term, Tenant and Landlord agree that the Lease shall provide for a mutually acceptable arbitration procedure (using a three-broker arbitration process) in order to determine the terms of the Second Additional Lease Term which are mutually agreeable to Landlord and Tenant.

In the event that the Tenant is required (i) to close an Academy site pursuant to a notice issued by the State School Reform/Redesign Officer under Section 507 of the Code, MCL 380.507; or (ii) to undergo a reconstitution pursuant to Section 507 of the Code, MCL 380.507, and Section 10.4 of the Contract Terms and

Conditions, and such closure of an Academy site or reconstitution causes an amendment to or termination of this Lease Agreement, the parties agree that this Lease Agreement shall be amended or terminated to implement the Academy site closure or reconstitution, with no cost or penalty to the Tenant, and the Landlord shall have no recourse against the Tenant or the Authorizer for implementing such site closure or reconstitution.

shall try to coordinate the timing of said discontinuance with Tenant so as to cause a minimal disruption to Tenant's business. The acceptance of Rent from any other person shall not be deemed to be a waiver of any of the provisions of this Lease or to be a consent to the assignment of this Lease or subletting of the Premises.

17.2 An assignment for the benefit of creditors or by operation of law, shall not be effective to transfer any rights to assignee without the written consent of Landlord first having been obtained and Landlord may terminate this Lease at any time in this event.

20.7 Among all the other remedies recited in this Article and Lease, those remedies are in addition to and without limitation of the Landlord's right to pursue any other "legal or equitable remedies otherwise available".

ARTICLE 21 ESTOPPEL CERTIFICATE

21.1 Within ten (10) days after written request by Landlord, Tenant shall deliver to Landlord a written statement certifying that Landlord has completed construction of the Premises, if any, that Tenant has accepted possession of the Premises, that this Lease is unmodified and in full force and effect (or if there have been modifications, that the same is in full force and effect as modified and stating the modifications), and the dates to which the basic Rent and other charges have been paid in advance, if any, it being intended that any such statement delivered pursuant to this Article may be relied upon by Landlord, and prospective purchaser or mortgagee of the Premises or the commercial development.

ARTICLE 22 NOTICES

22.1 Whenever under this Lease a provision is made for notice of any kind, it shall be deemed sufficient notice and service thereof if such notice to Tenant is in writing addressed to Tenant at his last known post office address or at the Premises, and deposited in the US mail, first class mail, certified or registered mail or by overnight carrier, with postage or service prepaid, and if such notice to Landlord is in writing addressed to the last known post office address of Landlord and deposited in the US mail, first class, certified or registered mail, or by overnight carrier, with postage or service prepaid. Notice need be sent to only one Tenant or Landlord where Tenant or Landlord is more than one person. Notice shall be deemed given upon delivery.

ARTICLE 23 REIMBURSEMENT

23.1 Except as otherwise stated herein, all terms, covenants and conditions herein contained to be performed by Tenant shall be performed at its sole expense and if, Landlord shall pay any sum of money to or do any act which requires the payment of money by reason of the failure, neglect or refusal of Tenant to perform such terms, covenant or condition as required by this Lease, the sum of money so paid by Landlord shall be payable by Tenant to Landlord with the next succeeding installment of Rent together with interest at the rate of five (5%) percent per annum or such interest rate as shall be permitted by law, if less. If Landlord shall perform any work that is an obligation of Tenant than Tenant shall pay to Landlord the cost of the work.

ARTICLE 24 HOLDING OVER

24.1 Upon the expiration or termination of the leasehold period as outlined herein, Tenant shall deliver up and surrender quiet and peaceable possession of said Premises to Landlord. It is further agreed that in the event of Tenant holding over after the termination of this Lease, thereafter the tenancy shall be from month to month, in absence of a written agreement to the contrary, on the same terms and conditions stated herein, except that Rent shall be increased to one hundred and twenty five percent (125%) of the last amount of Rent immediately prior to such termination.

ARTICLE 25 QUIET ENJOYMENT

25.1 Landlord represents and warrants that Tenant, upon paying the Rent as required herein, and in performing each and every covenant hereof, shall have exclusive possession and shall peacefully and quietly hold, occupy and enjoy the Premises throughout the term hereof, without molestation or hindrance by any person holding under or through Landlord except as to such portion of the Premises as shall be taken under power of eminent domain or shall have suffered casualty for repairs or restoration of which Landlord is responsible, in which event the time required for repairs or restoration is also excepted.

25.2 **Alteration of Facilities.** Anything herein to the contrary notwithstanding, Landlord expressly reserves the right to make changes, additions, deletions, alterations, or improvements in and to the Commercial Development and/or its facilities. In such event, Landlord shall not be subject to any liability therefor nor shall any such happenings constitute a default to Landlord's covenant of quiet enjoyment for which Tenant would be entitled to any compensation, Rent reduction, Lease amendment or termination or any other redress or remedy, except as otherwise provided herein, unless such additions, deletions, alterations, or improvements cause the Premises to be unsuitable, in Tenant's reasonable opinion, for Tenant's intended purposes.

ARTICLE 26 MAINTENANCE AND REPAIRS

26.1 Landlord shall keep and maintain in good order, condition and repair, in keeping with the usual standard for office buildings, the common areas of the building, (including painting), snow removal and landscaping surrounding the Building, foundation, exterior walls, and roof of the building in which the Premises are located and the structural portions of the Premises in good repair except that Landlord shall not be called upon to make any such repairs occasioned by the willful misconduct or gross negligence of Tenant, its agents, employees, invitees, licensees, or contractors, except to the extent that Landlord is reimbursed therefor under any policy of insurance permitting waiver of subrogation in advance of loss. Tenant shall give Landlord written notice of the necessity for repairs coming to the attention of Tenant following which Landlord shall promptly undertake and complete such repairs. Weather is considered a reasonable factor which may delay Landlord's repairs. Landlord shall not be called upon to make any other improvements or repairs of any kind upon said Premises. Landlord shall keep and maintain the Building and all Common Areas in a clean, sanitary and safe condition in accordance with applicable law.

26.2 Except as provided in this section of the Lease, Tenant shall keep and maintain in good order, condition, and repair (including replacement of parts and equipment, if necessary) the leased Premises and every part thereof and the interior portion of all doors, door checks, windows, window frames, plate glass, store front, and all fixtures, walls, floors, and ceilings. Tenant shall be given twenty-four (24) hour, seven (7) day a week access to areas that may be outside the Premises for maintenance as may be necessary.

26.3 Tenant shall keep and maintain the Premises in a clean, sanitary and safe condition in accordance with the laws of the State of Michigan and in accordance with all directions, rules, and regulations of the health officer, fire marshal, building inspector, or other proper officials of the governmental agencies having jurisdiction, at the sole cost and expense of Tenant, and Tenant shall comply with all requirements of law, ordinance and otherwise, affecting said Premises. If Tenant refuses or neglects to commence and to complete repairs promptly and adequately, Landlord may, but shall not be required to do so, make and complete said repairs, and Tenant shall pay the cost thereof to Landlord upon demand. At the time of the expiration of the tenancy created herein, Tenant shall surrender the Premises in good condition, reasonable and ordinary wear and tear excepted, loss by fire or other unavoidable casualty excepted. Any damage or injury sustained by any person because of mechanical, electrical, plumbing, or any other equipment or installations whose maintenance and repair shall be the responsibility of Tenant shall be paid for by Tenant, and to the extent permitted by law, Tenant shall indemnify and hold Landlord harmless from and against all claims, actions, damages, and liability in connection therewith, including but not limited to reasonable attorneys' and other professional fees and any other costs which Landlord might reasonably incur.

26.4 If Tenant shall fail, refuse, or neglect to make repairs in accordance with the terms and provisions of this Lease, the same shall constitute a material breach of this Lease, and Landlord shall have the right, at its option and without prejudice to any remedies it may have hereunder or otherwise, upon fifteen (15) days' written notice to Tenant (provided, however, that if such failure is not reasonably susceptible to cure within fifteen (15) days, Tenant shall have a reasonable period to cure such failure so long as Tenant commences the cure within such fifteen (15) day period and thereafter diligently pursues such cure to completion), to enter the Premises and make such repairs without liability to Tenant for any loss or damage that may accrue to Tenant's merchandise, fixtures, or property or to Tenant's business by reason thereof, except loss or damage arising out of the negligent acts of Landlord, and upon completion there, Tenant shall pay Landlord's reasonable costs for making such repairs upon presentation of a bill therefor, as Additional Rent. If Landlord shall fail, refuse, or neglect to make repairs in accordance with the terms and provisions of this Lease, the same shall constitute a material breach of this Lease, and Tenant shall have the right, at its option and without prejudice to any remedies it may have hereunder or otherwise, upon fifteen (15) days' written notice to Landlord (provided, however, that if such failure is not reasonably susceptible to cure within fifteen (15) days, Landlord shall have a reasonable period to cure such failure so long as Landlord commences the cure within such fifteen (15) day period and thereafter diligently pursues such cure to completion), to make such repairs without liability to Landlord for any loss or damage that may accrue, and upon completion thereof, Landlord shall pay Tenant's costs for making such repairs upon presentation of a bill therefor direct to Tenant, or shall allow for an abatement of Rent in such amount.

26.5 Tenant shall keep the Premises and all other parts of the Premises free from any and all liens arising out of any work performed, materials furnished, or obligations incurred by or for Tenant and agrees to bond against or discharge any mechanic's or materialmen's lien within ten (10) days after written request therefor by Landlord. To the extent permitted by law, Tenant shall reimburse Landlord for any and all costs and expenses which may be incurred by Landlord by reason of the filing of any such liens and/or the removal of same, such reimbursement to be made within then (10) days after receipt by Tenant from Landlord of a statement setting forth the amount of such costs and expenses. The failure of Tenant to pay any such amount to Landlord within said ten (10) day period shall carry with it the same consequences as failure to pay any installment of Rent.

26.6 Tenant, at its own expense, shall install and maintain fire extinguishers and other fire protection devices as may be required from time to time by any agency having jurisdiction thereof and the insurance underwriters insuring the building in which the Premises are located. Landlord, at its own expense, shall install and maintain fire extinguishers and other fire protection devices as may be required from time to time by any agency having jurisdiction thereof in the Common Areas, Building and Commercial Development.

26.7 The first installation of electric light lamps in the Premises will be made by the Landlord in the manner and of the style and voltage customary in the Building. Thereafter the Tenant shall replace and maintain such installation of electric light lamps and shall be liable for any damage from overloading of any of the lighting circuits in the Premises.

26.8 Landlord shall promptly provide maintenance and repair to HVAC and plumbing systems throughout the Building and the Premises provided Tenant does not make unreasonable demands on the systems.

26.9 Landlord shall maintain common bathrooms, provide supplies and pay for water & sewer use therein.

ARTICLE 27 NON-WAIVER

27.1 One or more waivers of any covenant or condition by Landlord or Tenant shall not be construed as a waiver of a subsequent breach of the same covenant or condition, and the consent or approval by Landlord or by Tenant to or of any act by the other party requiring such party's consent or approval shall not be deemed to waive or render unnecessary consent or approval of any subsequent similar act by the other party or be construed as a waiver or relinquishment of the consenting party's right thereafter to enforce any such term, covenant, agreement or condition, but the same shall continue in full force and effect.

27.2 **Oral Waivers Ineffective.** Any waiver by either party must be in writing and specify said covenant to be waived and the duration of said waiver.

ARTICLE 28 SIGNS

28.1 Landlord shall provide, at Landlord's sole cost, including installation, Tenant's first (1st) "Building standard" sign at the Building for Tenant's suite, which design and format shall be acceptable to Tenant. Any other sign placed on the Premises or in or about the building and grounds must have the written approval of the Landlord. Approval, when given, will be in writing and only after Tenant submits scale drawings to Landlord.

28.2 Tenant shall be provided identity signage at Landlord's sole cost (consistent with Building standard signage) which shall include appropriate signage on entrance doors to all space under lease by Tenant, which design and format shall be acceptable to Tenant. In addition, Tenant shall have the right, pending appropriate county approvals, to install signage on the exterior surface of the Building (including any available pylon signage) in a mutually agreeable location by Tenant and Landlord. Tenant shall also have the right to hang a temporary "grand opening banner" on the exterior for the months of February through September.

28.3 Landlord shall provide Tenant with additional information regarding any remaining available signage at the Building or property and the size and location of such additional signage. To the extent practicable, Landlord shall provide a mock-up, rendering or depiction of such remaining signage for Tenant's review.

ARTICLE 29 CHANGES TO DEVELOPMENT & CONTINUING CONSTRUCTION

29.1 Landlord hereby reserves the absolute right at any time and from time to time to: (a) make changes or revisions on the Property including but not limited to additions to, subtractions from, or rearrangements of the Building areas and/or Common Areas, interior and exterior; and (b) construct additional or other building or improvements in or on the commercial development and to make alterations thereof or additions thereto and to build additional stores on any such building or buildings and to build adjoining same, as long as such development does not materially interfere with Tenant's use and enjoyment of the Premises.

29.2 Tenant acknowledges that the Premises are a part of an overall development, portions of which may still be under construction. In consideration of Landlord granting Tenant permission to occupy said Premises at this time, Tenant agrees not to hold Landlord responsible for any inconvenience caused by the continuing construction, as long as such construction does not materially interfere with Tenant's use and enjoyment of the Premises. Tenant further agrees that such inconvenience caused by the continuing construction will not in any way, be cause for Tenant to violate the terms of this agreement nor to be granted reduction of Rent, as long as such construction does not materially interfere with Tenant's use and enjoyment of the Premises.

ARTICLE 30 RE-RENTING

30.1 The Tenant hereby agrees that for a period commencing one (1) calendar month per Lease year prior to the termination of this Lease, the Landlord may show the Premises to prospective Tenants and may display in and about said Premises signs advertising the Premises for lease or re-lease.

ARTICLE 31 NOTICE FORCE MAJEURE

31.1 Landlord shall be excused for the period of any delay in the performance of any obligations hereunder or non-performance of any such obligations or of this Lease, when prevented from so doing by causes outside of Landlord's control which shall include, without limitation, all labor disputes, civil commotion, war, warlike

operations, changed governmental regulations or controls, administrative hearings or judicial litigation including any adverse findings, orders, verdicts or judgments therein, fire or other casualty, inability to obtain any material, services or through acts of God or through any other causes outside Landlord's control whatsoever. This shall also apply to any construction that Landlord has agreed to do for Tenant's benefit.

ARTICLE 32 DEFINITION OF TERMS

32.1 "**Lease year**" shall mean each successive twelve (12) month period following the first Lease year (which shall consist of fourteen (14) months) beginning with the first day of this Lease, and each yearly anniversary thereafter, provided the beginning date of this Lease is on the first day of the month. If the term of this Lease begins on any day other than the first day of the month, then the Lease year shall begin on the first day of the month following the end of the month during which the term of this Lease begins, and Rent shall be prorated over the partial month.

32.2 "**Rentable square feet**" shall be measured from center wall where walls are common walls (adjacent to another Tenant), from the glass line on exterior wall where said wall has glass or from the interior of the outside wall where wall has no glass and from the hallway side of the common area hallway (no deductions shall be taken for indented doorways) and multiplied by the building loss factor (rentable/usable). The Premises, if newly constructed, may be field measured within thirty (30) days of completion of construction and square footage figures for usable and rentable and the monthly Rent shall be adjusted accordingly to reflect the corrected size of the Premises.

ARTICLE 33 SECURITY DEPOSIT

33.1 The Landlord shall retain the Security Deposit as set forth in Article 1.1 as security for the faithful performance of all of the covenants, conditions and agreements of this Lease, but in no event shall the Landlord be obliged to apply the same upon Rent or other charges in arrears or upon damages for the Tenant's failure to perform the said covenants, conditions and agreements; the Landlord may so apply the security at his option; and the Landlord's right to the possession of the Premises for non-payment of Rent or for any other reason shall not in any event be affected by reason of the fact that the Landlord holds this security. The said sum, if not applied toward the payment of Rent in arrears or toward the payment of damages suffered by the Landlord by reason of the Tenant's breach of covenants, conditions, and agreements of this Lease, is to be returned to Tenant according to these terms, and in no event is said security to be returned until the Tenant has vacated the Premises and delivered possession to the Landlord, and the keys returned to the Landlord, and damages, if any, to the Premises ascertained.

33.2 In the event that the Landlord repossess himself of the Premises because of the Tenant's failure to carry out the covenants, conditions and agreements of the Lease, the Landlord may apply the said security upon all damages suffered to the date of said repossession and retain the said security to apply upon such damages as may be suffered or shall occur thereafter by reason of the Tenant's default or breach. The Landlord shall not be obligated to keep the said security as a separate fund but may mix said security with his own funds. Tenant covenants that it will not assign or encumber or attempt to assign or encumber the monies deposited herein as security and that neither Landlord nor its successors or assigns shall be bound by any such assignment, encumbrance, attempted assignment or attempted encumbrance.

ARTICLE 34 LIMITED LIABILITY

34.1 Anything herein to the contrary notwithstanding, the covenants contained in this Lease to be performed by Landlord, or its agents or representatives, or Landlord's respective successors, assigns, personal representatives, heirs or legatees, shall be deemed the contractual obligations of Landlord only and no deficiency judgment or other action for personal liability shall be brought or maintained against Landlord or any of the aforementioned parties, it being expressly understood and agreed that execution or any other legal enforcement for collection on any verdict or judgment against Landlord and/or the aforesaid parties shall be expressly limited and exculpated to the real estate constituting the Premises and Landlord's improvements thereon so that Tenant shall look solely to the equity of Landlord in the Premises for the satisfaction of Tenant's remedies in the event of any Landlord's alleged default hereunder. The parties mutually agree that this Article is and shall be considered an integral part of this Lease, and shall not be waived or modified in any manner except as provided by the terms of this Lease. Nothing contained herein shall be construed as waiving, modifying or limiting any defenses, counterclaims or assertions contesting any alleged liability hereunder, as Landlord may be entitled to assert, in law or in equity.

ARTICLE 35 SALE OF PREMISES

35.1 In the event of sale of the building which the Premises are a part, the Landlord shall have the right to transfer the security deposited by Tenant to the purchaser for the benefit of the Tenant. In the event of such transfer of security and/or of ownership, the Landlord shall be considered released by the Tenant from all liability for the return of such security or of any obligations of this Lease agreement. Landlord has the absolute right to assign, transfer, sell, pledge as collateral the Lease and/or real property.

ARTICLE 36 RIGHT TO MORTGAGE

36.1 Landlord reserves the right to subject and subordinate this Lease at all times to the lien of any mortgage(s) or ground or underlying lease(s) now or hereafter placed upon Landlord's interest in the Premises or on the land and building of which the Premises are a part, or upon any buildings hereafter placed upon the land parcel of which the Premises are a part and Tenant agrees upon request to execute and agreement subordinating this Lease and/or attornment agreement to such mortgagees and Landlords and appoints Landlord its attorney-in-fact to execute and deliver any such instruments for and in the name of Tenant, such appointment being irrevocable, in a form approved by Tenant.

36.2 Tenant will require, in a form reasonably acceptable to Tenant, a non-disturbance subordination and attornment agreement from the Landlord and any current lender on the project. In addition, Tenant will require a non-disturbance agreement from any future mortgagee or lienholder, in a form reasonably acceptable to Tenant.

ARTICLE 37 INTENTIONALLY OMITTED

ARTICLE 38 RELOCATION

38.1 Landlord shall not have the right to relocate Tenant during the term of the lease or any renewal options, without Tenant's prior written consent, which shall be solely within Tenant's discretion.

ARTICLE 39 WAIVER OF SUBROGATION

39.1 Each party does hereby remise, release, and discharge the other party, and any officer, agent, employee or representative of such party, of and from any liability whatsoever, hereinafter arising from loss, damage or injury caused by fire or other casualty for which insurance (permitting waiver of liability and containing waiver of subrogation) is carried by the injured party at the time of such loss, damage or injury to the extent of any recovery by the insured party under such insurance.

ARTICLE 40 HAZARDOUS MATERIAL/WASTE

40.1 Landlord represents and warrants to Tenant that as of the Commencement Date of this Lease, the Premises is free of hazardous materials, and to Landlord's knowledge that Premises is in compliance with all applicable federal, state and local laws and regulations regarding the environment and hazardous substances. Landlord and Tenant shall keep or cause the Premises to be kept free of hazardous materials except to the extent that such hazardous materials are stored and/or used in compliance with all applicable federal, state and local laws and regulations; and, without limiting the foregoing, Landlord and Tenant shall not cause or permit the Premises to be used to generate, manufacture, refine, transport, treat, store, handle, dispose of, transfer, produce or process hazardous materials, except in compliance with all applicable federal, state and local laws and regulations, nor shall Landlord or Tenant cause or permit, as a result of any intentional or unintentional act or omission on the part of Landlord or Tenant or any tenant, agent, employee, invitee or guest, a release of hazardous materials on or into the Premises or onto any other contiguous Premises or any other area of the parcel of land or building the Premises are a part of.

40.2 If Hazardous Materials are used, stored, generated or disposed of on or in the Premises or if the Premises become contaminated in any manner by Tenant, to the extent permitted by law, Tenant shall indemnify and hold harmless the Landlord from any and all claims, damages, fines, judgments, penalties, costs, liabilities, or losses (including, without limitation, a decrease in value of the Premises, damages caused by loss or restriction of rentable or usable space, or any damages caused by adverse impact on marketing of the space, and any and all sums paid for settlement of claims, attorneys' fees, consultant and expert fees) arising during or after the Lease Term and arising as a result of that contamination caused directly by Tenant. This indemnification includes, without limitation, any and

all costs incurred because of any investigation of the site or any cleanup, removal or restoration mandated by a federal, state, or local agency or political subdivision. Without limitation of the foregoing, if Tenant causes the presence of any Hazardous Substance on the Premises and that results in contamination, Tenant shall promptly, at its sole expense, take any and all necessary actions to return the Premises to the condition existing prior to the presence of any such Hazardous Materials of the Premises. Tenant shall first obtain Landlord's approval for any such remedial action, which consent shall not be unreasonably withheld, conditioned or delayed.

40.3 For purposes of this Lease, "Hazardous Materials" includes, without limitation, any flammable explosives, radioactive materials, hazardous materials, hazardous wastes, hazardous or toxic substances or related materials defined in the Comprehensive Environment Response, Compensation and Liability Act of 1980, as amended (42 U.S.C. Section 9601, et seq.), the Hazardous Materials Transportation Act, as amended (49 U.S.C. Section 1801, et seq.), the Resource Conservation and Recovery Act, as amended (42 U.S.C. Section 6901, et seq.) and in the regulations adopted and publications promulgated pursuant to those Acts, or any other federal, state or local governmental law, ordinance, rule, or regulation.

40.4 Landlord shall ensure that the Building and Premises shall be in compliance with all applicable laws, codes and ordinances, including the Americans with Disabilities Act (ADA). Landlord represents that, as of the Lease Commencement Date (or upon Substantial Completion of Landlord's Work and the Rent Commencement Date), the Premises, including any tenant improvements made by Landlord and any common areas under the Lease, shall be in compliance with all laws and regulations, including the ADA, shall be built in a good and workmanlike manner with good materials in accordance with the plans therefore, and the equipment and building systems serving the Premises are in good working order. Landlord shall maintain compliance in the Building and in all common areas with all laws, and regulations, including the ADA, throughout the term of the lease and any renewals.

40.5 Landlord shall guarantee to Tenant that the Building is free from latent defects throughout the Lease Term. Notwithstanding any items constructed by Tenant, or any Building items affected by Tenant's construction, throughout the Lease Term, Landlord shall repair, maintain and replace all structural and capital items of the Building, including the roof, the mechanical systems therein, and any all items related to the Common Areas.

40.6 Landlord represents and warrants to Tenant that, to its knowledge, there are no hazardous substances, asbestos, or mold located in, on or under the building, the property or premises and there has been no violation thereon of any law governing hazardous substances. If hazardous substances are discovered at some later date on or about the Building or Premises, which were not caused by Tenant, the Landlord will be liable for all costs and expenses associated with regulatory requirements to eliminate such problems. Any asbestos or other hazardous materials in the Premises shall be removed in compliance with applicable laws. If such materials cannot be removed, all such materials will be abated in compliance with all applicable laws. In the event such materials are found at the Building or Premises after the Commencement Date herein, and after written notice and a period of thirty (30) days to cure given by Tenant to Landlord, and Landlord thereafter failing such cure, Tenant shall have the right to terminate this Lease upon ten (10) days written notice to Landlord, and thereafter shall be free from all further obligations and liability hereunder.

40.7 Landlord shall provide Tenant with a record and history of any testing or studies regarding, or abatement of, hazardous substances, asbestos or mold in, on or under the building, the property or Premises upon execution hereof. Landlord shall indemnify, defend and hold harmless Tenant, Tenant's assignees, agents and invitees from all fines, suits, procedures, claims, and actions of every kind, and all costs associated therewith arising out of or in connection with any deposit, spill, discharge or other release of Hazardous Materials, or any violation of Environmental Law that is not caused by Tenant, Tenant's assignees, agents or invitees.

ARTICLE 41 MISCELLANEOUS

41.1 **Lease Validity:** The submission of this Lease for examination and/or execution by Tenant does not constitute a reservation of or option for the Premises described herein for the benefit of Tenant and this Lease shall have no force or validity as a Lease unless and until duly executed by Landlord.

41.2 **Law:** This Lease shall be construed, governed and enforced in accordance with the laws of the State of Michigan. If any provision of this Lease shall be invalid or unenforceable in whole or in part, it shall be enforced to the extent of its validity and the balance shall be deemed stricken from the Lease, but shall not invalidate the Lease and the remaining provisions of this Lease shall in no way be affected or impaired and such remaining provisions shall continue in full force and effect.

41.3 **Waiver of Jury Trial:** Tenant hereby waives trial by jury in any action, proceeding or counterclaim brought by Landlord against the Tenant on any matter whatsoever arising out of or in any way connected with this

41.5 Successors: Except as otherwise provided in this Lease, the respective rights and obligations provided in this Lease shall bind and shall inure to the benefit of the parties hereto, their legal representatives, heirs, successors and assigns; provided, however, that no rights shall inure to the benefit of any successor of Tenant unless Landlord's written consent for the transfer to such successor or has first been obtained as provided in this Lease.

41.6 Brokers: Landlord acknowledges that CBRE|Martin as a subagent of CBRE, Inc. represents Tenant. Pursuant to a separate agreement, Landlord agrees to pay CBRE|Martin a commission and shall indemnify and hold Tenant harmless against any cost, expense or fee arising out of such commission.

41.7 Recording: Tenant shall not record this Lease without the prior written consent of Landlord. Either party shall, upon request of the other party, execute and acknowledge a "short form" memorandum of this Lease for recording purposes.

41.8 Joint and Several Liability: In the event that this instrument shall be executed on behalf of the Tenant by more than one person, then the liability of the persons so signing shall be joint and several, and a judgment entered against one shall be no bar to an action against the others.

41.9 Captions: Captions, titles of articles or sections, titles of Exhibits and Riders, if any, and the Index of Lease, are for convenience and reference only, and are in no way to be construed as defining, limiting or modifying the scope or intent of the various provisions of this Lease.

41.10 Facsimile and Electronic Copies: The parties hereby agree that the exchange of copies of this Lease and of signature pages by facsimile transmission (whether directly from one facsimile device to another by means of a dial-up connection or whether mediated by the worldwide web), by electronic mail in "portable document format" ("pdf") form, or by any other electronic means intended to preserve the original graphic and pictorial appearance of a document, or by combination of such means, shall constitute effective execution and delivery of this Lease as to the Parties and may be used in lieu of the original Lease for all purposes. LESSOR/LESSEE AGENCY WITH SUB AGENT DISCLOSURE

2875 Eyde Parkway, East Lansing, MI 48823

When you enter into a discussion with a real estate agent regarding a real estate transaction, you should, from the outset, understand who the real estate agent is representing in the transaction. More importantly, you should understand how that agency relationship impacts your business relationship with the real estate agent and the Lessor or Lessee.

Duties of Lessor's Agent

A real estate agent who has listed a Lessor's property for lease acts as the agent for the Lessor only and has a fiduciary duty of loyalty to the Lessor. In practical terms, the agent has hired the agent to lease their property and that agent should attempt to obtain for the Lessor the most favorable lease price and terms. Although the Lessor's agent has the fiduciary duty to the Lessor, that agent is, by law, responsible to all prospective Lessees to treat them with honesty, fair dealing, and with good faith. A Lessor's agent under a listing agreement with Lessor acts as the agent for the Lessor only. A Lessor's agent or a subagent of that agent has the following affirmative obligations: (To the Lessor) A fiduciary duty of utmost care, integrity, honesty and loyalty in dealings with the Lessor; (To the Lessee and the Lessor) (a) A duty to exercise reasonable care, skills and diligence in performance of the agent's duties; (b) A duty of honesty and fair dealing with good faith; (c) A duty to disclose all facts known to the agent which materially affect the property that are not known to, or within the diligent attention and observation of, the parties.

Duties of Lessee's Agent

A real estate agent can, with a Lessee's written consent, defining how the agent will be paid, agree to act as agent for the Lessee only. As agent working on behalf of the Lessee, the agent has a fiduciary duty of loyalty to the Lessee. In practical terms, that means the Lessee's agent is concerned with the Lessee's best interests in the transaction, including attempting to obtain for the Buyer the most favorable lease price and terms. A real estate agent can, with a Lessee's consent, agree to act as agent for the Lessee only. In these situations, the agent is not the Lessor's agent, even if by agreement the agent may receive a commission from the Lessor. An agent acting only for the Lessee has the following affirmative obligations: (To the Lessee) A fiduciary duty of utmost care, integrity, honesty and loyalty in dealings with the Lessor; (To the Lessee and the Lessor) (a) A duty to exercise reasonable care, skills and diligence in performance of the agent's duties; (b) A duty of honesty and fair dealing with good faith; (c) A duty to disclose all facts known to the agent which materially affect the value of property that are not known to or within the diligent attention and observation of the parties.

Duties of Agent Representing Both Lessor and Lessee

A real estate agent, either acting directly or through one or more associate licensees, may legally be the agent of both the Lessor and the Lessee in a transaction, but only with the knowledge and consent of both the Lessor and the Lessee. In a dual agency situation, the agent has the following affirmative obligations to both the Lessor and the Lessee: (a) A fiduciary duty of utmost care, integrity, honesty and loyalty in dealings with the Lessor and the Lessee; (b) Other duties to the Lessor and the Lessee as stated above in their respective sections. In representing both Lessor and Lessee, the agent may not, without the express permission of the respective party, disclose to the other party that the Lessor will accept a price less than the listing price or that the Lessee will pay a price greater than the price offered.

Duties of Lessor and Lessee

The above duties of real estate agents in a real estate transaction do not relieve a Lessor or a Lessee from the responsibility to exercise good business judgment in protecting their respective interests. You should carefully read all agreements to assure that they adequately express your understanding of the transaction. If legal or tax advice is desired, consult a competent professional attorney or accountant.

Confirmation of Agency Disclosure

At the signing of this agreement, the following agency relationship is hereby confirmed for the transaction. Martin Commercial Properties, Inc., a Michigan Corporation, d/b/a CBRE|Martin is the agent of the Lessee (as sub agent of CBRE, Inc.). In the event Agent has previously entered into a relationship with regard to any property, tenant or property owner that would pose a conflict of interest, then Agent reserves the right to cancel this Agreement, unless the express written consent from both parties is received.
