## WELCOME

The Governor John Engler Center for Charter Schools at Central Michigan University continues to work diligently to streamline the regulatory reporting process for schools. Simplifying the reporting process means schools have more time to devote to living their mission and preparing students academically for success in college, work and life.

We are pleased to provide you with the 2019-20 Master Calendar of Reporting Requirements. The Calendar is designed to help schools anticipate and plan the work to complete reporting requirements as efficiently as possible. As in previous years, the Calendar includes document and submission details for state, federal and University submission requirements.

As your partner, we are committed to making the Calendar as helpful and user-friendly a tool as possible. We value any feedback you may have on how we can simplify the regulatory process. Please contact either your academy lead or Amy Van Atten-Densmore, the Center's director of school operations, for further clarification or assistance. Together, we can transform public education by preparing students academically for success in college, work and life.

Sincerely,

Corey Northrop  
Executive Director

The Calendar is color-coded into two categories: **State/Federal-Required or General Reminder** and **University-Required**.

In conjunction with the Calendar, the Center has developed Notes that provide additional information for specific submissions (see page 11). A form-numbering system is cross-referenced throughout the Calendar. The Center offers an expanded online version that includes more interactive details. Users will have access to direct links to all of the forms and sample templates referenced throughout the Calendar. The Calendar is also available for downloading directly into Microsoft Outlook through our website, [www.TheCenterForCharters.org](http://www.TheCenterForCharters.org). The changes below are additions to the 2019-20 Calendar due to legislative changes.

### **NEW Submission Items:**

- **Board-Approved School Safety Liaison Resolution** - Applicable Law (Public Act 548 of 2018 and MCL 28.681) requires the academy board to designate a liaison to work with the School Safety Commission and the Office of School Safety. The liaison shall be an individual employed or assigned to regularly and continuously work under contract in the school operated by the academy. The liaison shall work with the School Safety Commission and the Office of School Safety to identify model practices for determining school safety measures.
  - » **New requirement:** By October 15, 2019, the academy board will be required to approve a School Safety Liaison resolution identifying the board-designated individual that will fulfill this role. Beginning with 2020-21, the Center recommends that this become a component of the academy board's Annual Meeting whereby it identifies various individuals to fulfill positions (i.e. Title IX, FOIA, etc.).
- **Academy Emergency Operations Plan or Statewide Safety Information Policy** - The law states that by January 1, 2020, the academy shall either: (1) develop an emergency operations plan for each school building, including recreational structure or athletic field, operated by the academy with input from the public; or (2) adopt a statewide school safety information policy under section 1308 of the Code, MCL 380.1308.

The emergency operations plan or statewide school safety information policy shall comply with section 1308b(3) of the Code, [MCL 380.1308b\(3\)](#). Within 30 days, the academy shall provide to the Michigan Department of Education (MDE), in a form and manner determined by MDE, notice of the adoption of an emergency operations plan or the completion of an emergency operations plan review, as applicable.

If the academy develops an emergency operations plan, beginning in the 2019-20 school year, and at least biennially thereafter, the academy shall, in conjunction with at least one law enforcement agency having jurisdiction over the academy, conduct either a review of the academy's emergency operations plan, including a review of the vulnerability assessment; or a review of the academy's statewide school safety information policy, as applicable.

If the academy adopts the Statewide Safety Information Policy, the academy board is required to adopt and adhere to the statewide school safety information policy in accordance with the Revised School Code ([MCL 380.1308](#)). This policy may also address the academy's procedures for reporting incidents involving possession of a dangerous weapon as required by the Code ([MCL 380.1313](#)).

- » **New requirement:** By December 15, 2019, the Calendar will require the academy complete a certification box within Epicenter confirming that the academy board has either successfully provided "notice of the adoption of an emergency plan or the completion of an emergency operations plan review" to the MDE or approved the Statewide Safety Information Policy.
- **Annual Expulsion Report and Website Report on Criminal Incidents** - The law requires the academy board, on an annual basis, to:
  1. Prepare and submit to the State Superintendent, in a form and manner prescribed by the State Superintendent, a report stating the number of pupils expelled from the academy during the immediately preceding school year, with a brief description of the incident causing each expulsion;
  2. Post on the academy's website, in a form and manner prescribed by the State Superintendent, a report on the incidents of crime occurring at schools operated by the academy. Each school building shall collect and keep current on a weekly basis the information required for the website report, and must provide that information, within seven days upon request; and
  3. Make a copy of the report on the incidents of crime, disaggregated by school building, available to the parent or legal guardian of each pupil enrolled in the academy.
  - » **New requirement:** By June 30, 2020, the academy is required to certify within Epicenter that it has completed the above required tasks.

### **REMINDER:**

- Academies that receive a waiver from the MDE to begin school before Labor Day will have alternate Measures of Academic Progress® Growth™ (MAP® Growth™) testing windows and form submission due dates.
