

**Fall 2022 Coffee with Special Education Series
CMU / SVSU / GVSU**

Description of Fall Coffee with Special Education:

The 2022-23 school year Coffee with Special Education will kick-off with a three part series focused on student behavior. Each session is designed to build upon the prior session. Content will include high leverage behavioral practices that are effective for all students, and essential for students with disabilities; strategies for building social/emotional/behavioral (SEB) skills; and utilizing the science of behavior to increase the likelihood that the strategies we select to support student behavior are effective! Every session will wrap up with a “*Try It Out! Challenge*”.
